(j) where the insured article is seized by the customs on account of false declaration of its contents.

(6) In the following cases, namely:—

(b) when an insured parcel is lost or destroyed or its contents are wholly abstracted;

(c) when, by reason of damage attributable to the postal service, the addressee refuses to take delivery of an insured parcel; the sender of such letter, box or parcel, shall be further entitled to a refund of the expenses of transmission, and, when an error on the part of the Post Office gives rise to enquiry as to the disposal of such letter, box or parcel, to a refund of any fee paid on account of such enquiry; but the sender of such letter, box or parcel shall in no case be entitled to a refund of the fee paid for insurance.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 955L. — 2nd November, 1935. — His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

**THE COURT-FEES (BENGAL THIRD AMENDMENT)
BILL, 1935.**

BILL

to amend the Court-fees (Bengal Amendment) Act, 1935.

WHEREAS it is expedient to amend the Court-fees (Bengal Amendment) Act, 1935, in the manner hereinafter appearing ;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act ;

It is hereby enacted as follows :—

Ben. Act
VII of
1935.

5 & 6 Geo.
V. c. 61 ;
6 & 7 Geo.
V. c. 37 ;
9 & 10
Geo. V,
c. 101.

Short title.

1. This Act may be called the Court-fees (Bengal Third Amendment) Act, 1935.

Amendment of
section 6 of
Bengal Act VII
of 1935.

2. In sub-section (2) of section 6 of the Court-fees (Bengal Amendment) Act, 1935 (hereinafter referred to as the said Act), in new sub-section (2), for the words beginning with "subject to the following conditions" and ending with "fixed by the Court" the following shall be substituted, namely :—

"subject to the condition that the plaint or memorandum of appeal shall be rejected unless the plaintiff or appellant as the case may be, pays to the Court within a time to be fixed by the Court such reasonable sum on account of court-fees as the Court may direct."

Amendment of
section 8.

3. In section 8 of the said Act, in sub-section (1) of new section 8B, for the words "as soon as may be after the registration of the plaint or memorandum of appeal" the following shall be substituted, namely :—

"on the date fixed for the appearance of the opposite party or as soon as may be thereafter."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to correct an error in section 6 of the Court-fees (Bengal Amendment) Act, 1935. It has been pointed out that a plaint is registered as soon as it is received, irrespective of the fact that it may be subsequently rejected. No penalty is involved therefore in providing in section 6 that the plaint shall not be registered if the reasonable sum referred to therein is not paid ; on the other hand the present provision introduces complication in the settled procedure as to registration. The present requirement as to registration has no practical significance, and it is therefore proposed to delete it. A consequential amendment is made in section 8B. The changes proposed are practically purely verbal, the structure of the Act is not in any way affected.

No. 3767Edn.—1st November 1935.—In exercise of the powers conferred by clause (r) of sub-section (2) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules:—

Rules under section 66 (2) (r) of the Bengal (Rural) Primary Education Act, 1930, regarding the conditions relating to pensions, gratuities and provident or annuity funds of the establishment of the District School Board and teachers in primary schools referred to in clause (n) of sub-section (1) of section 23 and in clause Fifthly of section 38.

Definitions.

1. In these rules:—

(a) “Board” means District School Board formed under the Bengal (Rural) Primary Education Act, 1930;

(b) “salary” shall comprise monthly substantive salary or any allowance drawn during leave of any kind and includes acting, charge, personal or deputation allowance, if any, but shall not include local or travelling allowances;

(c) “servant” includes every non-pensionable employee holding a substantive appointment under the Board, but for the purpose of participation in the provident fund scheme laid down in rules 2 to 25, excludes the following employees:—

- (i) teachers in primary schools,
- (ii) menials and inferior servants of all sorts,
- (iii) employees below 20 or over 55 years of age:

Note.—Persons once admitted may remain in the scheme till the age of 60.

Provided that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, may, if they are confirmed without interruption, be allowed to join the provident fund with retrospective effect from the date of their joining the service and that the monthly subscription to the fund shall not, in the case of such a servant of the Board, be less than 10 per cent. of his salary till all arrear subscriptions are paid up;

(d) “depositor” means a servant on whose behalf a deposit is made under these rules;

(e) “interest” means the interest which is paid on a deposit at a post office savings bank under the rules in force for such institution, and includes that allowed on Government and other securities; and

(f) “dependant” means any of the following relatives of the deceased depositor to the provident fund, namely, wife, parent, child, minor brother, unmarried sister, and a deceased son’s widow and child, and, where no parent of the subscriber is alive, a paternal grand-parent.

Rate and realisation of subscriptions.

2. Every servant shall be required to subscribe at the rate of 6½ per cent. or one anna in the rupee on his salary to a provident fund of which an account will be opened at the post office savings bank. This deduction shall be made by the Board upon every salary bill presented and the net salary shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. A servant who desires to subscribe during leave must notify his intention beforehand in order to allow his deductions from leave allowances being noted in his leave and pay certificate. In such a case he will not be permitted to discontinue subscribing during leave. A servant who fails to notify his intention to continue to subscribe when proceeding on leave can subsequently pay his subscription in cash.

Prohibition of voluntary deposits.

3. No voluntary deposits from any servant in excess of the amount of subscription permissible under these rules shall be credited to his provident fund.

Subscriptions during leave and suspension.

4. (a) Subscriptions during leave of any kind will be optional. They will be calculated on the allowance admissible during leave.

(b) A servant on reinstatement after a period of suspension may be allowed the option of subscribing for that period.

(c) In the case of a servant who exercises the option of subscribing to the fund during leave without allowances or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Board to determine in each case the amount on which subscription should be paid, the general principle to be observed being that subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

Contribution by the Board to deposit account of each servant.

5. (a) It shall be competent to the Board to make contributions to the deposit allowances of each servant, equal to but not exceeding the deduction made from his salary under rule 2, provided that if the total of the contributions shown in the bill on which a remittance is made to the savings bank contains a fraction of an anna, it shall be increased to the next highest anna by an addition to the bill of the difference between this fraction and unity. These provisional increases in the contribution will be shown in the abstract of balances until adjusted at the close of the year (see rules 20 and 21), but they will not appear in the depositor's ledger account.

(b) No contribution shall be made by the Board on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

(c) It will be optional with the Board to contribute for an employee while on temporary transfer to service under some other local fund or Government.

Investment.

6. (1) The deductions under rule 2 and the contributions under rule 5 (a) shall be paid to the post master for credit to the account of the provident fund in the savings bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous," sub-head "Provident Fund Contribution."

(2) The remittances to the savings bank shall, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of the deposit.

(3) Deposits on account of the provident fund of the Board employees may be made under rule 44 (c) of the Savings Bank Rules. The usual limitations of the total amount at credit of each account do not apply to such deposits.

(4) (i) When the investment of any portion of the amount of the balance at the credit of the account is found desirable, the amount shall, on application by the Board, be withdrawn, and the investment shall be made either through the postal authorities or through other agencies as may be deemed convenient by the Board in Government loans, municipal debentures or port trust bonds of Calcutta, Rangoon, Bombay, Madras, or Karachi, or in fixed deposit in the Imperial Bank of India or Reserve Bank of India or in a co-operative bank specially approved for the purpose by the Registrar of Co-operative Societies, provided that in the case of investment in a co-operative bank, at least three-fourths of the subscribers are in favour of such investment.

(ii) The interest will be drawn by the post office in the case of investment through postal authorities, or by the Board in the case of investment through other agencies, and credited in the savings bank account.

(iii) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the savings bank to obtain the total balance of the provident fund ledger. When such securities are sold or any loss of such fixed deposits is caused by the failure of the bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21 (i)] before apportioning such interest among the depositors as set forth in that rule.

Advances for special purposes.

7. (1) No final withdrawal will be allowed until the depositor quits the service or retires from the service of the Board on completion of the age of 55, or dies. But a portion of the total deposit not exceeding three months' pay of a subscriber may, with the sanction of the Board, be allowed to be withdrawn in cases of urgent necessity when the deposit in his ledger account has reached a sum of not less than six months' pay and the pecuniary circumstances of the depositor are such that the indulgence is necessary. The following are cited as examples of occasions on which the grant of advance may be considered:—

(a) To pay expenses incurred in connection with the illness of the depositor or of a member of his family.

- (b) To pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances though not confined rigidly to the objects laid down in clauses (a) and (b) above, will be made with due regard to the principle expressed in clause (1) of this rule as illustrated by the foregoing examples.

(2) In determining the advance to be sanctioned, regard should be paid to the amount lying at the credit of the depositor. The amount of the advance should be a sum expressed in whole rupees and should be so fixed as to allow of the monthly instalments fixed under rule 8 being also in whole rupees, the advance applied for being raised or reduced, if necessary, to enable the instalments to be so fixed.

(3) When an advance has already been granted to a depositor, a subsequent advance shall not be granted to him except for strong reasons to be recorded in writing by the Board until at least twelve months have elapsed since the complete repayment of the last advance taken.

(4) Application for any advance shall be signed by the depositor. The Board shall after withdrawing money from the post office savings bank, disburse it to the depositor concerned on acquittance rolls.

(5) The Board shall maintain a register in the form prescribed in Appendix B of advances sanctioned by the Board.

(6) If in order to pay the advance, it is necessary to sell a portion of the investment either in Government promissory notes, war bonds, or postal cash certificates, etc., the loss, if any, by this sale, should be recovered from the depositor taking the advance.

Recovery of advances.

8. The following procedure for recovery of advances shall be observed:—

(a) An advance shall be recovered from a depositor at the discretion of the Board, in not less than twelve instalments or more than twenty-four. A depositor may, however, at his option make repayments subsequently in less than twelve instalments or repay two or more instalments at the same time.

(b) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a depositor while he is on leave of any kind, except leave on full pay.

(c) The instalments shall be paid by compulsory deductions from salary and shall be in addition to the usual subscription.

(d) When an advance is repayable in twelve instalments, an additional instalment representing interest, and equivalent to 4 per cent. of the total amount of advance shall be paid in the month following that in which the last instalment is paid. Similarly, two additional instalments representing interest, each equivalent to the 4 per cent. of the total amount of the advance shall be paid when the advance is repayable in more than twelve instalments.

In either case, the instalment of interest, when realised, shall be credited to the account of the depositor himself.

Withdrawal on retirement.

9. (1) When a depositor ceases to be a servant of the Board by resignation or retirement or reduction of establishment, the Board shall cause the amount standing at his credit (*i.e.*, deposits and contributions with interest thereon) to be withdrawn and, subject to rule 17, to be handed over to him.

(2) If in the opinion of the Board, the withdrawal of interest from the savings bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the provident fund, but be temporarily advanced from the funds of the Board. The advance shall be adjusted when the difference between the total of the ledger balances and the balance of the provident fund in the pass-book may be withdrawn from the savings bank under rule 21.

Disposal on depositor's death.

10. Each depositor shall as soon after he joins the fund as possible, be called upon by the Board to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found as Appendix A to these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Board will take the opinion of the Legal Remembrancer through the District Magistrate and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. (1) A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

(2) If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid should be stated in the Form of Declaration.

(3) Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall subject to rule 13 be operative only on being received by the Board. On a depositor's marriage or re-marriage, any declaration already submitted by him will forthwith become null and void and unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a

depositor's dependant, the Board shall call upon the depositor to state whether he has a dependant and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balance at credit of deceased depositor is regulated by section 4 (I) of the Provident Fund Act, 1925.

15. The Board will not be bound by, or shall not recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a depositor who dies before retirement.

16. A deposit in the provident fund shall not be liable to attachment under any decree or order of any Civil, Revenue or Criminal Court in respect of any debt or liability incurred by the depositor, and neither the Official Assignee nor any Receiver appointed under the Provincial Insolvency Act, 1920, shall be entitled to or for any claim on, any such deposit.

Withdrawal of contribution and deduction from deposit.

17. If a servant is dismissed or removed or called upon to resign, on account of misconduct or inefficiency, or resigns without due notice, or is made liable for any losses, damages, costs and expenses, which the Board may at any time pay, sustain, or be put to, by reason of any act of embezzlement or default of or by such servant, the Board may, with the sanction of the Director of Public Instruction, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit, without such contribution and the interest thereon.

Note.—In this rule the expression “due notice” means—

(i) in the case of servants drawing Rs. 80 a month and over, three months; and

(ii) in the case of other servants, one month.

18. If a servant is permitted to resign under circumstances other than those mentioned in rule 17 before he has rendered five years' complete service, the Board may, with the sanction of the Director of Public Instruction, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

19. Any contribution and interest thereon withheld from a servant shall be credited to the District Primary Education Fund as an amount coming under section 37 (I) (x) of the Bengal (Rural) Primary Education Act, 1930.

purchased out of the balance in the savings bank, the proportionate share of each depositor shall be fixed and the amount shall be deducted from the amount against his name in column 9 and entered in column 14 of the ledger, until the cash certificate matures or is cashed. The total of column 9 of the ledger will be proved with the total balance of the pass-book monthly by means of an abstract of balances in the following form:—

[illegible]

21. (1) Calculation of the interest due on each account shall be made at the rate of $2\frac{1}{2}$ per cent. per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon after the 30th of April as the interest for the previous year is added by the post office to the principal of the fund and the interest on investment through other agencies is drawn by the Board and credited in the savings bank account [see rule 6 (d) (ii)], the total yearly interest calculated at the aforesaid rate of $2\frac{1}{2}$ per cent. and entered in the depositor's accounts, as shown in column 16 of the said abstract of balances, shall be deducted from the total interest actually received for the year, and this excess interest, together with the gain or loss by the sale of Government securities, if any, during the year [see rule 6 (d) (iii)] shall be shared by those depositors whose credits in the provident fund exceed Rs. 100 in proportion to their balances on the 31st March; provided that for the purpose of calculating, and crediting to each depositor's account, his share of the excess interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see form in rule 20).

(2) In the case of the post office five-year cash certificates, the total amount received from the post office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of the purchase.

(3) If any payment has to be made during the year on a depositor's account the interest calculated monthly at $2\frac{1}{2}$ per cent. on that account shall be added to the principal in column 9 (see form in rule 20) and for his proportionate share in the post office cash certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(4) The provisional increase to contributions under rule 5 shall be withdrawn from the savings bank and credited to the Board as a miscellaneous receipt. If, however, the provisional increase contains a fraction of an anna or if the total provisional increase be less than four annas this fraction or sum shall be left in the savings bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of the ledger account signed by the President of the Board shall be given to each depositor after the annual comparison and adjustment of balances. Depositors must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Board within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

Dead accounts.

23. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz., for balances of Rs. 10 and under, one year, and for balances over Rs. 10 three years, it shall be written off as a dead account, and

repaid only under the orders of the Director of Public Instruction. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, i.e., the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir or under rule 24, will be added to the deposit.

24. When accounts become "Dead" they must be removed from the provident fund ledger and be credited in the cash book as a miscellaneous receipt, the money being drawn out of the savings bank. On an amount being thus written off, it would be entered in a dead account register, in which subsequent repayment shall be noted in order to avoid a double payment.

Procedure.

25. The Board will endeavour to secure from all depositors on their first joining the fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Form of Declaration, he should apply to the Board for the necessary form. Every declaration which is in force shall be carefully recorded in the personal custody of a responsible officer.

Rules regarding payment of gratuities.

26. No pension or annuity shall be granted to any servant of the Board. But teachers of primary schools managed by the Board and servants of the Board including menials and inferior servants whose salary is below Rs. 40 per month, and who have served the Board for at least ten years may, on the termination of their services owing to retirement or discharge with due notice, be granted a gratuity regulated as follows:—

(a) After a service under the Board of not less than ten years and not more than twenty years a gratuity not exceeding half month's salary for each completed year of service.

(b) After a service under the Board of not less than twenty years up to thirty years, a gratuity not exceeding one month's salary for each completed year of service. The salary for the purpose shall be the average salary calculated upon the last three years of service.

(c) The gratuity shall in no case exceed Rs. 900.

(d) In calculating the amount of gratuity each completed year of service under the Board shall only be taken into consideration. Period or periods of service under district boards or municipalities shall not be taken into consideration for the purpose of operation of the rules regarding payment of gratuities to servants of the Board.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. - (d) the grant of pay and leave to such officers and servants; and
- (e) any other matter in respect of which bye-laws may be made under this Act or rules made thereunder.

STATEMENT OF OBJECTS AND REASONS.

For some time past the coffee growing interests in South India have been pressing upon the Government of India the desirability of imposing a cess on exports of coffee with a view to providing funds for the improvement and development of the Indian coffee industry. A canvass throughout the coffee growing areas has shown that a preponderating majority of the growers are in favour of this proposal, which also carries with it the support of the Governments of Madras, Coorg, Mysore, Travancore and Cochin. In these circumstances the Government of India have accepted the proposal and have introduced this Bill which seeks to impose on coffee exported from British India a cess at a rate not exceeding Re. 1 per cwt. The proceeds of the cess will constitute a fund which will be administered in the interests of the coffee growing industry by a thoroughly representative committee.

2. In view of the approaching separation of Burma from India, the Government of Burma desire that Burma should be excluded from the scope of the proposed legislation. The Government of India have accepted the views of the Local Government and have excluded that province from the scope of the Bill.

The object of this Bill is to bring about a desirable change in the present constitution of the Committee of the Durgah Khawaja Sahib, Ajmer (formed under Notification No. 1811-A., dated the 1st June, 1867, of the Honourable the Lieutenant-Governor of the North-Western Provinces under section 7 of Act XX of 1863 and printed at page 786 of the Ajmer Regulations, Volume M to P), by reducing the term of office of the members from life to five years and increasing the number of independent Muslim members in the Committee so as to provide for popular and effective control over the Durgah Hazrat Khwaja Moinud-din Chishti and the Endowments attached thereto, which have hitherto remained almost exclusively in the hands of persons themselves financially interested in the institution as attendants, servants or representatives of the office-holders of the shrine, and further to ensure the proper collection of income, disbursement of expenditure, maintenance and publication of the accounts and observance of discipline in the Durgah.

These changes cannot be brought about except by express legislation.

RESOLUTION.

No. 673.—The Governor-General in Council hereby makes the following rules for the regulation of admission by examination in India to the Royal Air Force College, Cranwell, which will be held in March/April 1936.

RULES.

1. (i) A candidate who desires to be examined in India shall apply to be admitted to the examination before such date and in such form as the Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only, for a like period.

(ii) In the case of Calcutta applications shall be submitted through the Commissioner of Police.

(iii) Cadets of the Prince of Wales's Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(iv) A candidate resident in an Indian State shall submit his application through the Durbar, who will forward it to the Political Officer or Agent.

(v) No candidate shall make more than one application in respect of this examination.

(vi) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either:—

(a) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(b) a Ruler or a subject of a State in India.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India cannot be appointed unless he has obtained the declaration required under section 96-A of the Government of India Act.

3. The guarantors of a candidate selected for admission to the R. A. F. College will be required to covenant with the Secretary of State in Council that the parent or guardian of the cadet will discharge from his own personal resources all the financial obligations attaching to the training of his son or ward at the Royal Air Force College, Cranwell, and that in the event of failure to comply with certain contingencies set forth in an Indenture relating to the completion of the course at the

Royal Air Force College, Cranwell, and thereafter, the acceptance of a commission in the Indian Air Force and the period he is required to hold such a commission, he will pay the full cost which the Government of India shall have expended on the education of the cadet at the Royal Air Force College. Should it be found that the declaration in regard to discharge of financial obligations at the Royal Air Force College is false in any respect, the cadet will be liable to immediate removal from the College.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor General in Council, be limited to such number as the Governor General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers, in the Indian Army and/or Indian Air Force.

5. A candidate for this examination must attain the age of 18, and must not attain the age of 20, on the first day of May 1936.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Indian Air Force. A candidate who, after examination by a Medical Board (including a special Medical Examination which will include a practical test in flying as a passenger) is found not to satisfy these requirements will not be accepted for admission to the College.*

7. A candidate must satisfy the Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Indian Air Force.

8. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his application by other means may disqualify him for admission.

11. Candidates must pay the following fees:—

(i) Rs. 7-8-0 with the application form,

(ii) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

(Only Treasury Receipts for these amounts will be accepted by the Public Service Commission.)

No claim for a refund of these fees will be entertained.

PUBLIC SERVICE COMMISSION (INDIA).

NOTICE.

Delhi, the 6th November 1935.

A competitive examination will be held in Delhi on the 30th March 1936, and subsequent days, for entry to the Indian Military Academy, Dehra Dun, and the Royal Air Force College, Cranwell, in the terms beginning on or about the 20th August and in September 1936, respectively.

2. The examination will be a combined examination for the purpose of filling vacancies in the two Institutions mentioned above. A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he

should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to either.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. One vacancy will be filled by competition for entry to the Royal Air Force College, Cranwell.

4. The examination will be the same for all arms of the Indian Army, i.e., Cavalry, Artillery, Signals, Engineers and Infantry. Those cadets who wish to elect for the Artillery, Engineers and Signals will be permitted to do so during their course at the Academy, at the discretion of the Commandant, provided they obtained 40 per cent. of the maximum marks in each of the subjects, Lower Mathematics and Physics, at the examination.

5. Candidates must have been born not earlier than the 2nd May, 1916, and not later than the 1st May 1918, and must be unmarried and domiciled in India. These age limits can in no case be relaxed. A candidate who

desires to appear at the examination is required to submit his application in the prescribed form with the necessary documents on or before the 20th December 1935, in accordance with the instructions given on that form. Copies of the Rules and the Application Form, etc., may be obtained from the Local Government or Administration or Durbar concerned.

The fact that an application form has been supplied, on whatever date, will not be accepted as an excuse for the late submission of an application. Candidates who delay their requests for forms until a late date will do so at their own risk.

6. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate desires an acknowledgment, he should also send his application "registered, acknowledgment due".

NOTE.—If any candidate has appeared at the examination held in October 1935, and, in the event of his not being successful thereat, wishes to appear at the examination to be held in March/April 1936, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the March/April examination will be cancelled.

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

A. F. Frye. The Child and Nature.

N.B.—I. Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

- (1) A measuring tape and metre scale and foot-rule.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6" = 1 mile.
- (7) A map of the district in which the school is situated, 1" = 1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the world on Mollweide's equal-area projection and a map of Asia.
- (13) A practical Atlas of Modern Geography (George Gill & Sons).

It is essential that the student should be provided with atlases, or with the necessary hand-map, and with a drawing instrument box. Maps for school work should not contain too much detail or crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography :—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks, in particular, those of the Province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures.
- (8) Magic lantern and slides.

III. (1) The attention of teachers is invited to the raised maps of Bengal, and Eastern Bengal and Assam made of paper pulp prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip & Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand-globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" Series of large wall maps of the continents published by George Phillip & Son is good and up-to-date; as also are the geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, name on one side, and the same map without names on the reverse, published by Arman Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps coloured to indicate relief published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river system and a few towns published by the same Company, are excellent for class use.

The autograph hand maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand-maps. The 15" map of the world of Mollweid's equal-area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachett of Paris, Messrs. Holzcl of Vienna, and Messrs. Longmans, Green & Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Sain of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

PART IV

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.**

NOTIFICATION.

No. 4220L.C.—14th November, 1935.—The following report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935, with the Bill embodying amendments recommended by them, annexed, is hereby published for general information.

Report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Relief of Indebtedness Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 28th August, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in an *Extraordinary* issue of the *Calcutta Gazette* of the 12th August, 1935.

3. We do not consider that the Bill has been so altered by our recommendations as to require republication.

4. The Committee met for the first time in Calcutta on the 29th August, 1935, continued its sittings in Darjeeling on the 16th October, 1935, and concluded them on the 28th October, 1935.

5. The changes made in the Bill are as follows:—

In the first paragraph of the Preamble we have considered it desirable to specify clearly that the Bill is intended to provide for the relief of indebtedness of agricultural debtors.

Clause 1.—We have also for similar reasons changed the Short Title.

Clause 2, sub-clause (1).—We have included in this definition dairy farming as we consider this to be a well-recognised branch of agriculture.

Sub-clause (2).—The alteration has been made in view of the insertion of clause 9A regarding joint debts.

Sub-clause (5).—The alteration made here is consequential upon the new proviso to clause 4.

Sub-clause (8).—We have considered it desirable to omit items (i) and (ii) as we do not see any special reason for excluding these debts from the definition. We have, however, excluded from definition of debt contingent liabilities and share of produce of land payable under the system known as *adhi*, *barga* or *bhag*.

Item (iv) has been revised from a drafting point of view to make the intention clearer.

Items (vi) and (vii) have been replaced by new item (va) at the suggestion of the Government of India to which we have agreed.

Sub-clause (9).—We have recast the first portion of the definition of debtor to include a *raiyat*, under-*raiyat* or person who cultivates land by himself or by members of his own family or by hired labourers or by *adhiaras*, *bargadars* or *bhagdars*.

We have considered it desirable to include in this definition groups of persons who join in making an application under clause 9A (1).

We have omitted the second portion of the existing sub-clause (9) in regard to the finality of the decision of the Board and have reproduced it as a new clause 19A as being more suitable.

Sub-clause (15).—The change made here is purely verbal.

Sub-clause (16).—The additions to the expressions "*raiyat*" and "under-*raiyat*" are necessitated by the use of these expressions in the revised definition of debtor in sub-clause (9) referred to above.

Clause 3(2).—The omission suggested here is purely consequential to the omission of clause 8.

Clause 4.—We have modified the proviso to clause 4 so as to ensure that when a Board is dissolved, and it is not possible for the Local Government for any reason to appoint another Board, any work in connection with work already undertaken by the defunct Board, other than the making of the award, may be carried out by the Collector. The award, however, shall be made by an officer of judicial experience to be especially appointed in this behalf by the Local Government.

Clause 7.—We have considered it desirable to provide that the Local Government and not the Commissioner should be the authority to invest Boards with special powers. The other change in this clause is purely consequential.

Clause 8.—We have considered it desirable to omit this provision as, in our opinion, if a Board is given power to withdraw applications from other Boards it may lead to undesirable complications. We have, however, inserted a new clause 33A providing for the transfer of applications under clause 9 from one Board to another. We have also considered it desirable to give the Appellate Officer power to transfer applications if he considers it expedient to do so—*vide* new clause 34A.

Clause 9.—We have recast sub-clause (1) in order to restrict applications being made to Boards established for the area in which a debtor ordinarily resides.

Sub-clause (2).—We have omitted this sub-clause as being inappropriate. We have, however, inserted two new sub-clauses (6) and (7) in this clause providing for a further application being entertained by a Board for good and sufficient reasons.

In sub-clause (7) we have considered it desirable to make a specific provision to the effect that a Board is not to entertain a further application under sub-clause (1) or sub-clause (3) in respect of a debt which has been incurred by a debtor after the date of the first application.

This important change will ensure that the Bill should be an emergency measure only.

New clause 9A.—We have considered it desirable to include this new provision relating to settlement of debts by joint debtors.

In sub-clause (2) power is given to the Board to entertain an application by a debtor if he is jointly liable in respect of any debt and if the other joint debtors refuse to join in his application.

Clause 11.—We have revised this clause by including in it provisions for the furnishing of some more particulars in the statement of debt than were included in the original clause.

Clause 12.—We have slightly modified sub-clause (2) to provide that notice of the Board's order shall be given to all persons whose names and addresses are given in the application.

A new sub-clause (3) has been added providing that the applicant shall be examined on oath or affirmation and that the substance of such examination shall be recorded in writing by the Board. We consider that such a memorandum will be found useful in case of a revision or appeal against the order or decision of the Board.

Clause 13.—We have recast the first paragraph of sub-clause (1) to make the intention clearer. We have also altered the period during which the debtor and creditors shall submit a statement of debt under the sub-clause from two months to one month as we think the latter period adequate.

In sub-clause (2) we have omitted the proviso and reproduced it as part of the new proviso to sub-clause (3).

Sub-clause (3).—We have considered it desirable to include provisions for variation or revision of an order of the Board by review or on appeal. We have added a further proviso to cover the case where a Board has ceased to exist. The order under sub-clause (2) or sub-clause (3) may be varied or reversed by the Appellate Officer on application. In this sub-clause we have also provided for costs being allowed against the debtor if, and to such an extent as, the Board considers reasonable.

Clause 14.—In sub-clause (3) we have included the successor in interest of a debtor and have considered it desirable to include in it a provision that documents not submitted previously may be admitted as evidence later if it is proved to the satisfaction of the Civil Court that there were sufficient reasons for their non-production before the Board in the first instance.

Clause 17.—We have considered it desirable to omit the proviso to clause (b) in sub-clause (1).

We have inserted a general provision in clause 1(c) for the dismissal of applications when the Board is satisfied that the debtor is attempting to use the provisions of the Act with a view to defraud any creditor.

We have recast sub-clause (2) providing for dismissal of an application in case of transfer of any property by any debtor within two years previous to the date of such application with a view to defraud any creditor.

Clause 18.—The changes made in sub-clause (1) are with a view to make the intention clearer.

We have recast the proviso to provide that the decree of the Civil Court shall be conclusive evidence only as between the parties to the decree.

In sub-clause (2) we have included a provision that the Board before passing an order will hear the parties and consider the evidence produced.

In sub-clause (3) we have omitted the proviso as being undesirable.

The change in sub-clause (4) is merely verbal.

Clause 19.—We have omitted from clause (1) (a) the words “and may dismiss the application in respect of the remaining debts of the debtor” and from (1) (b) the words “and may dismiss the application in respect of the remaining debts” as being unnecessary.

We have modified sub-clauses (1) (b) and (1) (c) in such a manner that the provisions are to apply only when creditors, to whom is owing not less than forty *per cent.* or sixty *per cent.* of the total secured and unsecured debts, have agreed.

In the proviso to clause (1) (c) we have considered it desirable to add a provision that the terms are fair terms in the opinion of the Board.

Sub-clause (2).—We have omitted this sub-clause and reproduced it as new clause 21A which bars the application of clauses 19, 20 and 21 to debts due in respect of arrears of rent.

We have added an Explanation to this clause as to the meaning of the expressions “secured debt” and “unsecured debt.”

Clause 20.—The change in paragraph 2 is to make the intention clearer.

Clause 21.—We have considered it desirable to revise clauses (1) (a) and (1) (b) giving power to the Board to reduce the debts of a debtor to such amount as may be paid within a period not exceeding twenty years and fixing the principle upon which each instalment is to be fixed. In case the Board considers it undesirable or impracticable to reduce the debt as above the Board shall specify what portion of the immovable property of the debtor (including not more than one-third or less than one acre of his land to be left as provision towards his maintenance) shall be excluded from the sale and what of the remainder shall be sold for the payment of the debt.

We have considered it desirable to include a new sub-clause (1a) authorising the Certificate-officer to sell the property of the debtor in the manner provided in the Bengal Public Demands Recovery Act, 1913.

Sub-clause (2).—In the proviso we have considered it desirable to include properties which are declared by a civil court or are discovered to belong to the insolvent debtor. The other alterations are verbal.

Clause 22.—The changes in sub-clauses (2) and (3) are consequential. We have omitted sub-clause (4) as unnecessary.

Clause 23.—We have inserted a new sub-clause (1) (a1) to provide for the inclusion of a list of the movable properties of the debtor on which there is a mortgage, lien or charge.

In sub-clause (1)(d) we have included a proviso regarding the payment of the amount according to the order specified in the proviso.

New clause 23A.—We have considered it desirable to make a special provision regarding the inclusion of arrears of rent (included in an award) in a suit instituted by the landlord for the recovery of the arrears of rent accruing during the continuance of the award.

We have also considered it desirable to give power to any creditor to whom any amount is due under the award to pay to the court arrears of rent to prevent the sale of the debtor's land in execution of rent decrees.

Clause 24.—The alteration in this clause is purely consequential upon the inclusion of new clause 24A.

Clause 24A.—We have considered it desirable to provide by this clause that the provisions of Chapter XIV of the Bengal Tenancy Act, 1885, shall apply to lands sold by a Certificate-officer under this Act.

Clause 25.—The change in sub-clause (1) is intended to provide for the case of joint-creditors. We have recast sub-clause (2) in order to give power to the Certificate-officer, in a case where he allows time to the debtor within which to pay any amount due under the award, to direct that a similar period of time shall be given to the debtor after the time fixed in the award for payment of any other amount payable thereunder.

Sub-clause (2a) repeats certain provisions of original sub-clause (2) of clause 25 as in the Bill as introduced.

We have recast sub-clause (3) to enable the Certificate-officer to sell only such portion of the property of the debtor as will be sufficient to pay all amounts payable under the award.

The changes in sub-clause (4) are consequential.

Clause 26.—The changes in sub-clause (1) are consequential. We have inserted a new sub-clause (1a) requiring the Certificate Officer to pay out of the distribution of sale-proceeds first any amount payable as costs of sale in execution of the Certificate. We have also revised sub-clause (1) (c) in view of the insertion of clause 24A.

In sub-clause (1) (b) the reference to a decree passed by a Civil Court has been omitted as being undesirable.

We have recast sub-clause (3) to make the intention clearer.

In sub-clause (4), we have omitted the opening reference to clause 21(2) as being unnecessary.

We have considered it desirable to add a proviso that in case the sale-proceeds are insufficient to meet the payment of the amounts payable under the award the Board may pass an order declaring the debtor to be an insolvent.

New clause 27A.—By this clause we have given an opportunity to the debtor to apply to the civil court to set aside an *ex parte* decree referred to in the proviso to sub-clause (1) of clause 18.

Clause 28.—The alteration made in this clause is to make the intention clearer.

Clause 29.—We have recast the proviso in view of the proviso added to clause 26(4). *The other changes in this clause are purely verbal.*

Clause 30.—In sub-clause (ii) we have considered it desirable to alter the period of six months to three months.

In sub-clause (iii) we have for similar reasons changed the "date of the signing of an award made" to "the date of an application under clause 9."

Clause 31.—The alterations are to make the intention clearer.

Clause 32.—The alterations are purely verbal.

Clause 33.—The alteration here is consequential upon the change made in sub-clause (1) (a) of clause 34.

Clause 34.—The change in sub-clause (1) (a) is to make the intention clearer. We have omitted sub-clause (1) (d) as being unnecessary.

In the proviso we have altered "an officer" to "a person" in order to enable the Local Government to appoint any person it considers suitable. The other changes are of a consequential character.

We have inserted a new sub-clause (1a) to provide that an appeal shall lie if made within thirty days.

In sub-clause (3), the addition is intended to provide that the appellant shall be given an opportunity of being heard.

A new sub-clause (7) has been added to prevent an appeal against a decision passed by the Board with the consent of the debtor and the creditor.

Clause 34A.—See the remarks under clause 8.

Clause 34AA. This new clause will give power to the Appellate Officer to give his opinion, advice or direction to a Board seeking the same.

Clause 36.—The small emendation in this clause follows the change made in clauses 33 and 34.

New clause 36A.—We have considered it desirable to bar the application of the Indian Evidence Act and the Code of Civil Procedure to proceedings before a Board. The procedure is to be laid down by rules to be made under the Act.

Clause 37.—We have recast this clause by omitting the reference to persons who are proclaimed touts as being unnecessary in view of the provision that the Board's permission is required before any agent can appear.

We have added a proviso authorising a son or husband of a party to appear before a Board even if he is a legal practitioner.

Clause 44.—We have considered it desirable to alter this clause to provide that an award shall be assignable in the manner prescribed by rules under this Act and not as a decree of a civil court.

Clause 45.—The alterations in sub-clauses 1(a) (b) and (2) are with the desire to guard against abuse and to make the intention clearer.

We have reduced the maximum penalty under this clause from seven years to three years.

Clause 46.—In sub-clause (c) we have included the Appellate Officer in order to enable his allowance to be fixed by rules. The other alterations in this clause are purely consequential, except that by the insertion of a new sub-clause (3), the power of making rules is subject to the condition that the rules are to be made after previous publication.

We recommend that the Bill, as reported on by us, be passed.

The official members of the Committee desire to make it clear that as the changes made in clauses 9, 14(3), 23A (b), 24A and 36A require the previous sanction of the Governor General, they are unable to accept responsibility for them in the absence of such sanction.

NOTE.—The signature of Dr. Naresh Chandra Sen Gupta, Mr. H. S. Suhrawardy, Khan Bahadur A. F. M. Abdur-Rahman, Khan Sahib Maulvi Mohammad Bashiruddin and Babu Hem Chandra Roy Choudhuri had not been received up to the time of publishing the Report.

Joint minute of dissent (by way of reservation) by the Hon'ble Khwaja Sir Nazimuddin, Mr. F. A. Sachse and Mr. H. P. V. Townend.

Government reserve the right to move any amendments to the changes proposed in the following clauses, after further consideration, *viz*:—

Clauses 2(a), 2(9), 9(7), 9A, 18(3), 19(1) (b) and proviso, 21, 23(1) (d), 23A, 24A, 25(2), 26(1) (a) and 34AA.

Minute of dissent by Mr. Narendra Kumar Basu, M.L.C.

I dissent from several of the provisions of the Bill as settled by the Committee.

When at the start of the proceedings, I asked the Hon'ble Member-in-charge if he could give us time or when the Bill came before the Council an idea as to the policy of Government in carrying out the measure, whether they were willing to find some money for the purposes of the Bill the Hon'ble Member declared that Government would not *advance any money* and was not prepared to give any financial help. That in my judgment is enough for the Council to throw the Bill out altogether. To provide for compulsion and not to provide any funds would in my opinion be tantamount to wrecking the whole system of agrarian and rural credit and to head straight for an economic revolution.

The official viewpoint was stated to be that creditors might be compelled but debtors not. If the debtor does not think it advantageous to come in for a settlement of the debts, he must not be compelled.

It is from this point of view that the provisions of clauses 9 (3) and 13 (3) have been framed.

I shall only mention here that the principal provisions to which I object are—

- (1) Clauses 3 (2) and 34—regarding the qualifications of the Chairmen of Boards having the compulsory powers and of the Appellate officers.
- (2) Clause 13 (3) and if that is retained the inadvisability and inconsistency of retaining clause 9 (3).
- (3) The retention of clause 20 and more specially the last sentence thereof postponing execution of a decree for ten years *even where there is no award*.
- (4) Clause 37 prohibiting the employment of lawyers before Boards which would exercise such wide powers as are contemplated.

I may mention that the opposition to my proposal for fixing the court-fees for applications by *debtors* under clause 9 at a nominal figure throws the intentions of the Government and its supporters into strong and lurid relief. One wonders if leaving everything to the executive even in fiscal matters would be tolerated in any other atmosphere. I am sorry that for personal reasons I am unable to make this note as full as I had intended but I reserve liberty to move amendments to the clauses not mentioned herein, in Council.

Minute of dissent by Mr. S. M. Bose, M.L.C.

In this note of dissent I shall only deal with certain general questions of principle, matters of detail being left to be dealt with by amendments at the proper time.

2. **Clause 3(2).**—In the case of Boards exercising powers under clause 7, it is very necessary that the Chairman, at any rate, should be an experienced judicial officer of at least ten years' standing. The Board may have to deal with difficult questions of civil law, and the Chair should have a thorough knowledge of such law. Under the Central Provinces Debt Conciliation Act, as appears from a report in the *Statesman* (Dak Edition, dated 24th October last) a Conciliation Board has been established at Sohagpur under the Chairmanship of a Sub-Judge. It is to be remembered that under the Central Provinces Act, debt conciliation is on an entirely voluntary basis, and even then, a judicial officer has been appointed Chairman. The argument that there are not enough judicial officers for the purpose is unsound, as the work of the civil courts will be very greatly diminished when this Act comes into operation. It is also possible as in the Central Provinces, for the Government to establish two Boards with a common Chairman. In any event, the qualifications of the Chairman should be laid down in the Act itself, and not left to be regulated by rules. Further, the services of retired judicial officers may be availed of.

3. **Clause 13(3).**—This clause says that if on the application of a creditor, notice is issued on a debtor calling upon him to submit a statement of his debts within one month, and if he fails to do so, the creditor's application is to be dismissed. This is against all principles of justice and equity, and the clause should be deleted. Under clause 9, either the debtor or the creditor may apply to the Board for debt-conciliation.

If the debtor applies, and the creditor fails, after notice, to submit a statement of debt, then under clause 13(2) the amount stated in the debtor's application is to be taken as correct, and no debt of which the creditor has failed to submit a statement (unless admitted by the debtor) is to be payable. But in the case of the creditor's application, if the debtor defaults, the application is to be dismissed. In all fairness, in such a case, the amount stated in the creditor's application should be taken as correct, on the analogy of clause 13(2). There are only two alternatives on principle. Either the creditor should not be allowed to apply at all under clause 9; or if he is allowed, then the same rule should prevail as in the case of the debtor's application.

The principle embodied in this sub-clause is reminiscent of archaic law where the plaintiff had to drag the defendant to the court before the court would assume jurisdiction in the matter.

4. **Clause 20.**—This, to my mind, is the most objectionable clause in the whole Bill and should be entirely omitted or radically modified. It negatives the principle underlying clause 19, namely, that where a large proportion of the creditors agree (40 per cent. or 60 per cent. as the case may be), and the offer seems fair to the Board, then the composition may be put through and gentle compulsion applied to the other creditors. It is understood that it is not the intention of the Government to enforce absolute compulsion, but clause 20 in effect compels the creditors to accept whatever terms are considered fair to the Board (even though not a single creditor accepts them) for otherwise their claims cannot be enforced for many years (the period of postponement may extend upto 20 years) which means practically that their claims cannot be enforced at all. If the object of the Government be to enforce naked compulsion then clause 19 is superfluous, and the Bill might then consist of a single clause 20. Attention is invited to section 20 of the Punjab Act of 1934, which provides for a certificate being given by the Board to a debtor in respect of a debt where the terms offered are (1) considered fair by the Board, and (2) are accepted by creditors holding 40 per cent. or more of the total debts. Attention is also invited to the Report of the Commission appointed to consider the question of agricultural indebtedness in the Protectorate of Zanzibar which was presided over by the Chief Justice of the Protectorate. The main step suggested in the Report was the adjustment of debts by amicable settlement through Conciliation Boards similar to those established under the Central Provinces Act and the Punjab Act. The Zanzibar Commission recommended that a Conciliation Board should consist of a Resident Magistrate, an Indian and an Arab, and should have the power to impose on the parties any adjustment which is acceptable to the debtor and to 60 per cent. in value of his creditors. In any event, the provision at the end of the clause that even if there is no award, the creditor's claim may be postponed upto ten years, is inequitable, and against all principles. Arbitrary power is given to the Board, which may instead of making an award, penalise a particular creditor by imposing an offer on him at its entire discretion, without any reference to the views of the creditors, be they secured or unsecured, and if he does not agree, his claim is postponed for a period upto ten years. There is no justification for this.

5. **Clause 27.**—Joint-stock Banks and Co-operative Societies should be placed exactly on the same footing, as both lend out money received from depositors. There is no exemption under the Punjab Act or under the Central Provinces Act of co-operative societies from the scope of these Acts; in fact, Central Provinces Act expressly includes such societies within the definition of a creditor. The rate of interest to be allowed may be prescribed as originally proposed in clause 2(3) (vi) of the Bill when introduced in the Council.

6. **Clause 34(1)—Appellate Officer.**—The qualifications of this officer should be laid down in the Act itself. It is very necessary that he should be an experienced civil judicial officer of several years' standing, and not below the rank of a Subordinate Judge. Retired judicial officers with this qualification should be eligible. Reference is invited to the remarks made in paragraph 2 above.

7. **Clause 37.**—There is no reason why legal practitioners should not be allowed to appear at any rate before Boards having power under clause 7 of the Bill, and before the Officer appointed under the proviso to clause 4. Intricate questions affecting the rights of various parties will have to be considered by them and lawyers will be of great assistance.

Minute of dissent by Babu Khetter Mohan Ray, M.L.C.

1 still adhere to my view that the rent should not be included within the purview of this Bill. Rent is payable by instalments and generally rents are not sued for till the arrears are about to be barred, i.e., on the eve of expiry of the 4th year, thus the tenants have sufficient opportunities to pay by instalment. If further instalments are allowed for payment of arrears of rents and rent decrees, it will be very difficult for the landlords to pay revenue and rents to the superior landlords.

2. Joint-stock Banks should not be included in the Bill. These Banks are public Banks registered under the Company's Act. Several crores of rupees have been invested in these Banks by the public by way of share capital and deposits,

If these Banks are included, it will hit hard the general credit and trade and commerce of the country. Most of these Banks are financing trade and industry as well as agriculture.

3. In the Bill itself no provision has been made as to personnel of the Board. These Boards will be called upon to decide important questions of facts and sometimes of law. Village people such as we generally find in the Union Boards should not be appointed members of the Boards. From our experience of the Union Boards, we are of opinion that the constitution of the Boards should avoid this class of persons who are very often amenable to the influence of village factions and other undesirable influences. These Boards should be presided over by persons having judicial experience, who should be paid by fees, if non-official. The Board should sit at the headquarters of a subdivision. Lawyers should be allowed to appear. I do not see any reason for excluding lawyers from the Board. Appearance of lawyers will check many irregularities, illegalities and even corrupt practices.

4. There are stringent provisions in various forms to compel the creditors to appear before the Board on the application of the debtor and after his appearance, if he refused to accept terms offered by the debtor which in the opinion of the Board are fair, harsh and inequitable provisions are made in the Bill for punishing the creditor for his refusal. But there is no provision to compel the debtor to appear before the Board on the application of the creditor and have the debt settled. This is one-sided arrangement. I am of opinion that similar provisions should be made to compel the debtor to appear before the Board. The question of losing revenue on account of court-fees should not enter into consideration in providing compulsory measures for appearance of the debtor on the application of the creditor. For, the effect of the passing of the present Bill will have the effect of decreasing revenue on court-fees.

To my mind, legislation should proceed on the voluntary basis as in the Central Provinces. In order to make the debt conciliation successful without injuring rural credit, compulsory provisions should be omitted.

The Appellate Officer should in all cases be the District Judges or his Subordinate Officers to whom he may delegate his powers. Executive officers should not be appointed Appellate Officer.

Clause 20.—Provision for granting certificate should be omitted. At least in cases decided under clause 19 (1) (a) clause 20 should not be made applicable.

When the debt can be settled at any amount, it is not necessary to retain provisions for insolvency. These provisions do not exist in similar Acts, passed in other provinces. I am of opinion, clauses 21 and 22 should be deleted. Other objections will be preferred by way of amendments to the Bill.

Minute of dissent by Mr. Saileswar Singh Roy, M.L.C.

I beg to submit the following note of dissent on the report of the Select Committee on the Bengal Relief of Indebtedness Bill, 1935:—

1. **Clause 3(2).**—In the case of Boards exercising powers under clause 7, the Chairman should be an officer of judicial experience of not less than 10 years, and not below the rank of a senior Munsif. The Chairman's qualifications should be provided in the Act itself, and not left to rules.

2. **Clause 13(3).**—This clause should be deleted. Under clause 9, either the debtor, or the creditor may apply under this Act to the Board. If the debtor applies and the creditor fails to comply with the notice to supply a statement of debt, then the amount stated in the debtor's application is to be deemed correct, and no debt excluded from the creditor's statement is to be payable. But in the case of the creditor's application, it is to be dismissed if the debtor defaults. This is against all principles of equity. In such a case, the amount stated in the creditor's application should be taken to be correct, on the lines of clause 13(2).

Either the creditor should not be allowed to apply at all, or if he is so allowed, the same rule should prevail as in the case of the debtor's application.

3. The provisions of clause 14(3) and clause 31(b) seem to be rather contradictory. Clause 31 should be re-drafted in the light of clause 14(3) to remove any further controversy on the point.

4. **Clause 20** should be entirely omitted or radically altered. This clause negatives the principle underlying clause 19, namely, where a large proportion of the creditors agree (40 per cent. or 60 per cent., as the case may be), and the offer to the Board seems fair, then the composition may be put through, and gentle compulsion may be applied to the other creditors. It is understood that it is not the intention of Government to enforce absolute compulsion but clause 20 is in effect intended to compel the creditors to accept whatever terms are considered fair by the Board, for otherwise their claims cannot be enforced for many years (the period of postponement may extent up to 20 years). If the policy of Government is to enforce out and out compulsion, clause 19 is meaningless. In any event, the provision at the end of clause 20 that even

if there be no award, the creditor is to be postponed for a period up to ten years is inequitable and is opposed to all principles of law. This is the most objectionable clause in the whole Bill.

5. **Clause 34(1)—The Appellate Officer.**—His qualifications should be prescribed in the Bill. It is very necessary that he should be one with considerable judicial experience and not below the rank of a Subordinate Judge either in service or retired.

6. **Clause 37.**—There is no reason why legal practitioners should not be allowed to appear at any rate before the Appellate Officer. Intricate questions affecting the rights of parties have to be settled by such tribunals, and lawyers will be of considerable help to them. The bar should therefore be removed.

Constituted Attorneys of parties irrespective of the fact whether they are lawyers or not, should be allowed to appear before the Board having powers under clause 7 of the Bill and also before the Appellate Officer.

Minute of dissent by Maulvi Abdul Hamid Shah, M.L.C.

I signed my name with the note of dissent on the clauses 27 and 37, which I shall put forward as amendments in the discussion in the Council.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhuri, M.L.C.

Owing to my illness I could not attend the Select Committee meeting. I reserve my right to place amendments at the time of reconsideration of the Report.

Minute of dissent by Maulvi Syed Majid Baksh, M.L.C.

I sign the Report of the Select Committee of the Bengal Relief of Indebtedness Bill, 1935, subject to the following note of dissent.

The provision to make the sureties jointly liable to the fullest amount of debt although the share of debt of a debtor is reduced is unjust because it may be in many cases the sureties out of a disinterested motive and merely to help a debtor lent his name to the joint debt. In such a case it would be too harsh to penalise a surety. Hence to clause 9A (1) a further sub-clause (c) should be added for the protection of such sureties as mentioned above. Moreover, if the share of debt of an agriculturist is reduced, the others should not be saddled with more than their share. Clause 2 (3) (iv) (b) is ambiguous. It is not clear what sort of arrears of rent is meant. It should be cleared up by an amendment.

Clause 17 (2) (b) is unnecessarily harsh on the debtor because there may be such cases where the debtor not knowing that the Bengal Agricultural Debtors Act is coming to existence may have made a transfer of the property for self-protection. Such cases should be provided for.

In clause 19A there should be provision that the decision of the Board shall be final.

The exclusion of three *bighas* of land for the maintenance of an insolvent debtor should be in addition to his homestead.

Minute of dissent by Raja Bahadur Bhupendra Narayan Sinha, of Nashipur, M.L.C.

So far as the object of the Bill is concerned it is laudable. We appreciate the motive which has inspired the Government to introduce the Bill and to take up this vital question of the province. We cannot but be thankful to the authorities for recognising the necessity of tackling this problem of Rural Indebtedness.

But the methods that have been adopted are likely to be of doubtful utility. The Hon'ble Member has cited the case of Bhawnagore State. Amongst other measures adopted to relieve the debt-oppressed *khedu* (agriculturist), the Bhawnagore Durbar sanctioned a debt redemption scheme depending for its application on the voluntary co-operation of the *sowcars* (money-lenders) and the indebted *khedu*. But the Durbar was not satisfied by merely passing a new law, but as a measure of practical relief, the Durbar had sanctioned some money to pay off the debts. The nominal outstanding arrears shown as owing by *khedus* in *sowcars*' books amounted to Rs. 86,38,000, and the same have been compounded and compromised under the scheme by the Durbar, paying on behalf of the indebted *khedus* Rs. 20,59,000. This is the practical way of solving this great problem of problems. If the Government want to give the full benefit of the Bill to the indebted agriculturists they must provide a loan from the Government of India at the usual interest of 3 per cent. and then they can lend the money to the agriculturists by way of settling their debts, at a higher rate of interest. If the loan from the Government of India cannot be secured, the next course would be to organise

rural banks in each subdivision which can advance money on the security of the landed property. But mere passing of the Bill will not achieve the object fully and successfully.

It is further admitted that the Chandpur Boards had success. But there is much difference between the method adopted at Chandpur, and the one provided in the Bill. Three types of Boards are proposed to be set up under this Bill. But only the first type resembles the Boards as set up at Chandpur subdivision whose duty had been to amicably settle debts on the lines of the Central Provinces and the Punjab Boards. The power of compulsion given to the other Boards is admittedly wider than what was recommended by the Board of Enquiry. Secondly, the Chandpur Board has selected a few cases, whereas the Bill would apply to all without exception. So these factors should be considered seriously before we launch the Bill.

I would like to make a few observations with regard to some of the clauses.

Rent should not be included within the purview of the Bill. Ever since the permanent settlement and the passing of the Bengal Tenancy Act of 1885, rent has been enjoying a special form of sanctity, and the civil courts are not empowered to allow instalments in decree for arrears of rent. The inclusion of arrears of rent can only be considered as a measure of temporary emergency and not as a permanent one. In the Central Provinces and the Punjab Acts arrears of land revenue are excluded. If the analogy of the Central Provinces and the Punjab Acts are strictly followed in all their implications, the claim for arrears of rent to be excluded from the category of debt becomes irresistible.

In the award some provision should be made for the payment of current rent. From the standpoint of debtor this should be done. If no provision be made, naturally the debtor will make default and his holding is liable to be sold and the object of the Bill will be frustrated.

A certificate as to the satisfaction of the arrears of rent due by a debtor should be a condition precedent to the granting of an award at the instance of the debtor or creditor as recommended by the Enquiry Committee.

Under clause 13, if any creditor fails to comply with a notice under sub-clause (1), the Board will declare that "the amount of any debt due to him from a creditor on the date of such order shall, for the purposes of this Act, be deemed to be the amount stated in the statement of debt submitted by the debtor, and that no debt of which the creditor has failed to submit a statement, other than a debt which the debtor has included in his statement of debt, shall be payable;"

"and such order shall not be questioned in any civil court or in any manner."

"If any debtor fails to comply with a notice under sub-section (1), the Board shall dismiss the application."

There should not be an invidious distinction between a debtor and a creditor.

Clause 2(8)(III) brings rent accruing after the filing of the application till the date of determination within the definition of debt. This will directly interfere with the collection of rent, as the time between the application and the date of determination will necessarily be a long one and the debtor will naturally withhold payment of such rent on the ground that it will form part of the award. So some provision should be made to realise rent which has not been mentioned in the application during the pendency of the application.

In clause 2(8)(III) after the word "when" the following words be added, namely, "An application is made under section 9 or 9A" and the words "A Board determines the amount of debts under section 18" be deleted.

In clause 9(6) in the last line the words "Sub-section (2) of" be deleted.

In clause 13(3) substitute the word "Shall" for the word "May."

In clause 18, the following proviso be added after sub-clause (4):—

"Provided that if a debtor does not pursue the application after such determination, the Board shall, upon the application by a creditor, make an award for the entire amount so determined or else such determination of debts will cease to subsist and the parties will be relegated to the original position."

At the end of clause 20 the word "Two years" be substituted for "Ten years."

At the end of clause 22 the following explanation be added:—

"The words 'unsecured debt' in this clause have the same meaning as in the explanation under clause 19."

Clause 28.—At the beginning of the clause add the following words:—

"Except as provided for in section 23A."

At the end of the clause 31(b) add the following:—

"Unless it is proved to the satisfaction of the civil court that there were sufficient reasons for non-production of the documents before the Board."

Minute of dissent by Mr. Ananda Mohan Poddar, M.L.C.

I send my note of dissent on some of the provisions of the Bill as settled by the Select Committee. I reserve the right to deal with the other provisions at proper time.

Public opinion as we find in the circulated papers is strongly against the various provisions of the Bill. Before introducing a measure comprising so many important changes in the existing civil law, it would have been proper if the opinion of the Hon'ble High Court, the highest Judiciary in the land, as well as of the District Judicial Officers, had been ascertained. This should be done even at this stage and before the Bill is put on the Legislative anvil.

The Government would have done better if it had examined the recommendations of the Central Banking Enquiry Committee regarding debt conciliation and ascertained how far the Government are in a position to act in accordance with these recommendations. I would quote a few observations made by the said Committee in this connection:—"The general experience recorded in all these provinces has been that any scheme of debt conciliation could not succeed until adequate organisation for carrying out debt clearance has been built up, and unless some agency like the Government or the co-operative credit societies or land mortgage banks where they exist is forthcoming to make cash advance to the debtors, in order to enable them to pay the compound debt, at least in part, to the creditor. The Central Provinces Committee are satisfied that many creditors would readily agree to accept in full satisfaction of their dues considerably less sums if paid down in cash. They also express the hope that the District Development Boards and those assisting in the campaign of rural reconstruction would be able to help in evolving a scheme of debt redemption. The Punjab Committee report that their evidence leads them to believe that in many cases the money-lender is finding recovery increasingly difficult and is more disposed than ever before to compound his claims. It is thought, they say, that he would agree to substantial reductions if he were given an assurance that the amount finally settled would be repaid by a fixed date without further effort on his part; and it is suggested that the best way of giving him this assurance would be to allow him to transfer his debt, or such part of it as could not be paid at once, to the co-operative society as a deposit which would be repayable *pari passu* with the instalment fixed for the debtor, subject to a maximum period of, say, ten years." (Paragraph 90 of the Report.) It is the duty of the Government to give effect as far as possible to the recommendations of the Committee set up by the Government for the purpose. So far as we have been able to ascertain from the Hon'ble Member in charge of the Bill, the Government of Bengal are not prepared to shoulder any financial responsibility for the successful working of the proposed Act. This makes me very diffident as to the success of debt conciliation measures in Bengal.

The Government of Bengal in asking the creditors to make sacrifice in order to give relief to the debtors are themselves keeping aloof and refuse to find out money for the purpose. This is simply to rob Peter to pay Paul. I am sorry to have to observe that this attitude of the Government will kill the rural credit of Bengal.

Clause 1, sub-clause (3).—The Bill being an emergency measure, the duration of its application should be restricted accordingly. It should be provided that the Act shall remain in force in a notified area for a limited period only.

Clause 2, sub-clause (8).—I object to the inclusion of a decree or order of a Civil Court to the definition of debt except for the purpose of Clause 19 (1) (a), i.e., for amicable settlement.

Clause 2, sub-clause (8) (ii).—Debt incurred by an agriculturist for the purpose of trade should not be included in the definition of debt. I want to retain the original sub-clause (8) (i).

Clause 3.—The Boards should be established in district towns and at the subdivisions and not in the interior. In these days of easy communication there would be little or no difficulty for the parties to attend such Boards in towns. This will prevent the parties from falling into the clutches of the village touts. If the Boards are situate in the towns away from the rural areas they will be free from any local influence that may be exercised upon them for either party, whereas on the other hand, if they require, they may avail of legal help or of the help from the intelligentsia of the town.

Clause 3, sub-clause (2).—It is nowhere suggested in the Bill that the Chairman or the members of the Board will be men of judicial or legal experience. Many intricate questions of law arise in rent suits and mortgage suits as well as on suits on promissory notes. The Bill as a whole proposes to oust the civil courts of their jurisdiction in these days when people cry hoarse for the separation of executive and judicial functions. It is certainly undesirable to divest the civil courts of their jurisdiction and to place civil matters in the hands of laymen or executive or revenue officers who are generally devoid of legal training. The contemplated Boards that will be vested with arbitrary powers may not be immune from abuses that are rampant in union courts in rural areas. For these reasons, the Chairman at least should be a person with some judicial experience, and the qualifications of the Chairman should be laid down in the Act itself, and not left to be regulated by rules.

Clause 12.—The manner of serving the notice should be embodied in the Act itself and should not be left for rules. The notice must be by registered post under this clause as well as under clauses 13 and 23.

Clause 13, sub-clause (3).—Under clause 9 either the debtor or the creditor may apply to the Board; in the case of the creditor's application if the debtor defaults, the application is to be dismissed; but in the case of the debtor's application, if the creditor defaults, the latter will be made to suffer inasmuch as under clause 13(2) the amount stated in the debtor's application is to be taken as correct.

This is against all principles of equity or justice. If you allow the creditor to apply, then in all fairness, the same rule should be allowed to prevail and if the debtor defaults, the amount stated in the creditor's application should be taken as correct on the analogy of clause 13(2).

I strongly object to this sort of discrimination.

Clause 19.—This clause provides for the settlement of debts either amicably or otherwise. So far as the settlement is amicable or agreed there is nothing to object to. But this clause contemplates compulsion inasmuch as the non-agreeing creditors can be made bound by the terms offered by the debtor under certain conditions. The compulsion introduced under sub-clauses (b) and (c) of this clause should be made milder by providing the percentage referred to in clause (b) to be at least fifty per cent. and in clause (c) seventy-five per cent. instead of forty per cent. and sixty per cent. respectively.

Clause 20.—The grant of certificate under this clause is intended to penalise the recalcitrant creditor. It negatives the principle of the milder form of compulsion provided under clause 19(7) (b) and (c) inasmuch as it gives the Board most arbitrary powers by which an offer may be imposed upon the creditor at its discretion without any reference to the views of the creditor and if he does not accept that offer his claim is postponed up to ten years. It means that under the threat of the infliction of clause 20 the creditor will be made to agree to the terms offered by the debtor or by the Board, as the case may be. This is out and out compulsion without any restriction and is a most objectionable clause in the whole Bill and with this retained, the colour of conciliation is gone.

It should be deleted.

Clause 21.—Not only the dwelling house of the insolvent debtor will be exempted from sale but immovable property to the extent of not more than one-third or less than one acre of land shall be exempted for his maintenance.

Provision of this nature is not justifiable. There is no such provision under the ordinary law of insolvency. Its inclusion will only defeat the object of insolvency procedure and with this safeguard the debtor will readily welcome insolvency.

Even if this is to be retained, it should not be more than one-third which in no case would exceed one acre of land.

Clause 27.—Joint stock banks and co-operative credit societies should be placed exactly on the same footing, as both lend out money received from the depositors.

Clause 34 (1).—The qualification of Appellate Officer should be laid down in the Act itself. It is necessary that he should be an experienced judicial officer not below the rank of a Subordinate Judge.

Clause 37.—The legal practitioners will be debarred from appearing before the Board and the Appellate Officers. Intricate questions affecting the rights of various parties will have to be considered by the Board and the Appellate Officers and the lawyers will be of great assistance to them. Without the help of the lawyers, the parties will not be properly represented and the door will be wide open to village touts.

Clause 46.—The Bill leaves many things with the Local Government under the rule-making clause. The functions of the Legislature should not be usurped in this way. This is undoubtedly very drastic as placing the rights of the creditors and debtors at the discretion of a few executive officers of the Local Government.

Minute of dissent by Haji Badi Ahmed Chowdhury, M.L.C.

Clause 1 (2).—It should extend to the whole of Bengal; if Calcutta is to be excluded, I suggest that other municipalities should also be excluded.

Clause 3 (1).—The Local Government may by notification establish at least one or more Debt Settlement Boards in each of the thanas.

(2) Of the four members to be appointed two must be non-official—one district board or local board member who is elected by the agriculturists, creditors, debtors and others.

Clause 21(1) (b).—Before passing orders for sale of two-thirds of immovable properties the consent of the debtor should be obtained; if no consent be given, Board should order for repayment of his debts by sale of half of the produce of his properties.

Minute of dissent by Maulvi Abul Quasem, M.L.C.

I do not agree with all the provisions contained in clause 9A (2), particularly the proviso. An agricultural debtor is being granted relief all right but the person, a non-agriculturist, who by standing surety for him helped him to get a loan and tide over his difficulty, is being left to shift for himself. The creditor will proceed against him and realize all his dues from him but he (the surety) will never be able to reimburse himself for what he will have to pay on account of the principal debtor. The curious and unfortunate result will be that the man who befriended the agricultural debtor when he was in dire need of money will be penalised. This is, to say the least, most unfair. The Bill is designed to help the agricultural debtor, not to punish his friends in need. I am strongly of opinion that the relief which is being granted to the debtor should be extended to his surety also.

The other points on which I differ from the recommendations of the Select Committee I will bring up in the Council in the shape of amendments.

2. After section 43 of the Bengal Wakf Act, 1934 (hereinafter referred to as the said Act) the following section shall be inserted, namely :—

Commissioner to decide if a property is wakf property or a wakf is wakf-al-aulad.

“43A. Any question whether a particular property is wakf property or not or whether a wakf is wakf-al-aulad or not shall be decided by the Commissioner whose decision, unless revoked or modified by a competent Court, shall be final.”

Amendment of section 93.

3. In section 93 of the said Act, for the words “ twelve months ” the words “ two years ” shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Before the Bengal Wakf Act, 1934 (Ben. Act XIII of 1934) is brought into force in whole, certain amendments appear to be necessary.

The Act does not state who shall decide, in the event of dispute or doubt, whether a particular property is a wakf or not, or whether a wakf is wakf-al-al-aulad or not. It is desirable that this defect should be remedied.

Section 93 of the Act empowers the Local Government to remove unforeseen difficulties within twelve months from the date on which this Act in whole or in part first came into force. The Act came into force in part in December, 1934, only for the purposes of the survey contemplated in section 2. The twelve months will expire in December, 1935. As unforeseen difficulties may arise when the whole Act is enforced, it is expedient to extend the period from twelve months to two years.

GOVERNMENT OF BENGAL.**Legislative Department.****NOTIFICATION.**

No. 1002L.—16th November, 1935.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

**THE BENGAL LAND REGISTRATION (AMENDMENT)
BILL, 1935.**

BILL

further to amend the Land Registration Act, 1876.

WHEREAS it is expedient further to amend the Land Registration Act, 1876, in the manner hereinafter appearing ;

Ben. Act
VII of
1876.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Land Registration (Amendment) Act, 1935.

Amendment of
section 28 of
Bengal Act
VII of 1876.

2. For the proviso to section 28 of the Land Registration Act, 1876 (hereinafter referred to as the said Act), the following proviso shall be substituted, namely :—

“ Provided that, except when changes are made in the general register of revenue-paying lands or in the *mauzawar* register in order to bring the entries in these registers into accordance with a record-of-rights finally published under the provisions of the Bengal Tenancy Act, 1885, notice shall be given to the recorded proprietors and managers of any estate or revenue-free property before any change is made in any way affecting such estate or property, and to every person whose name the Collector is about to register as proprietor or manager of any estate or revenue-free property, before such registration is effected ; and any objections which may be made to the proposed change or registration shall be duly considered by the Collector before he orders such change or registration to be made.”

VIII of
1885.

Amendment of
section 78.

3. The second paragraph of section 78 of the said Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

1. When records-of-rights were prepared for whole districts, many changes were made in the unit of survey of *mauza*. These units which generally dated from the Revenue Survey in some cases consisted of a number of disconnected blocks or *chaks*, and in others were too small or too large for administrative convenience: many also had names which were not even known to the majority of the residents. The rules for the determination of the new units are given in Appendix Rp 217 of the Survey and Settlement Manual, 1917, and rule 225 of that Manual prescribes that proceedings will be drawn up in each case of a proposed change. No changes were therefore made without issuing notices to the landlords and tenants and disposing of objections and the publication of a notification in the *Calcutta Gazette* under section 3(19)(b) of the Bengal Tenancy Act, 1885. After the records-of-rights had been finally published, revised jurisdiction lists were drawn up to act as an index to the village maps and new registers in the forms proscribed in the Land Registration Manual for the Collector's Registers A and C were prepared in the Settlement Offices. It has been found convenient to use these registers in the collectorates instead of the out-of-date registers prepared years ago but this, as the law now stands, cannot be done without issuing notices to every co-sharer in a revenue-paying or revenue-free estate. Hence it is proposed to amend section 28 of the Land Registration Act, 1876, so as to avoid the expense of issuing notices to every landlord about changes in the register which have no effect on his interest in the estate as recorded in Register D.

2. The second paragraph of section 78 of the Land Registration Act, 1876, exempts *ijmali* tenants from paying rent to the different co-sharer landlords except in proportion to the shares of those landlords as recorded in Register D.

This paragraph is universally ignored in practice, because there are a large number of cases where co-sharer landlords by mutual arrangement or for some other reason collect rents disproportionate to their real shares. There is no advantage in leaving this unpracticable provision in the Act and it is accordingly proposed to delete it.

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.****NOTIFICATION.**

No. 4240L.C.—18th November, 1935.—The following minute of dissent on the Bengal Relief of Indebtedness Bill, 1935, is hereby published for general information:—

Minute of dissent by Babu Hem Chandra Roy Choudhuri, M.L.C., on the Bengal Relief of Indebtedness Bill, 1935.

Sub-clause (1) (a) of clause 9A.—As the ancestral assets only, not the personal properties of the heirs are liable for the debt, there is no cogent reason for extending relief under the provisions of the Bill to the heirs of the ancestors, who were not debtors as defined in the Bill, simply because one of them happens to be an agriculturist. To grant any relief to somebody who is not a debtor within the meaning of this Bill is against the principle of the Bill. I therefore cannot subscribe to this provision of the Bill.

Clause 26 (1) (a).—The word “or” should be substituted by “and” for payment of the amounts is not alternative. One will follow the other in order of priority.

Proviso of clause 26 (2) (b).—The meaning of the proviso is not clear. I am not in favour of giving priority to any instalment of an unsecured creditor when sale proceeds are insufficient to meet the whole dues of all of them. They should rank equally among themselves for purposes of payment.

Clause 29.—The Board is authorised under the clause to stay a suit or other proceeding pending before a Civil or Revenue Court and it has also been provided that the suit or proceeding shall abate so far as its claim is covered by the decision of the Board. But there is no clause in the Bill entitling the deserving creditor to the costs of the suit or proceeding and prescribing the procedure to be followed for its realisation. Before a decree is passed for the costs, it will not be a debt, and in that case it will be outside the jurisdiction of the Board: even if it be a debt, the amount, incurred after the date of the application under clause 9, will not be taken cognisance of by the Board. The Civil or Revenue Court cannot give a decree for costs as the suit or proceeding will abate. I would, therefore, suggest to empower the Board to take the amount of cost into consideration in giving the award.

Clause 34.—I do not want to have two sets of appellate officers with two sets of qualifications. All appellate officers must have qualification of civil judicial experience.

Sub-clause (6) refers to revision, but there is no provision in the Bill for applying for revision.

Clause 36.—Provision for review of the decision or order of the appellate officer should also be made.

Clause 37.—One should not be debarred from appearing before a Board simply because he happens to be a legal practitioner. It may so happen that a brother may be in charge of the money-lending business of his widow-sister or of some brother serving at a distant place or that a father or a cousin brother may be guardian of his minor son or brother as the case may be for the management of the properties of the minor and if they are not allowed to appear before the Board simply because they are legal practitioners, interest of the widow or the minor may suffer. It should, therefore, be provided that for good and sufficient reason legal practitioners may be permitted by the Board to represent a party before it.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

Report of the Select Committee on the Bill further to amend the Cantonments Act, 1924, for certain purposes.

We, the undersigned, members of the Select Committee to which the Bill further to amend the Cantonments Act, 1924, for certain purposes was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. Having examined the provisions of the Bill, we have come to the conclusion that radical alterations in its structure are necessary before we can recommend its acceptance by the Legislative Assembly.

3. Apart from a number of minor changes which are briefly explained in notes on individual clauses, there are four questions of major importance which we propose to discuss at greater length.

(1) Constitutional position of Local Governments.

4. While accepting the necessity for making it clear that with the inception of Provincial Autonomy, the authority of the Central Government must remain paramount as regards military administration, we consider that the present allocation of duties to Local Governments under the Cantonments Act is suitable, and will remain so, from the point of view of practical convenience.

5. The existing powers of superintendence, direction and control vested in the Governor General in Council depend on section 45(1) of the present Government of India Act, and we feel that we could not do better than to reproduce the wording in that section so that it will operate under the new constitution in respect of cantonment matters. The practical result will be to maintain the present relation between the Central and Local Governments under the new constitution in respect of cantonment matters only. We have, therefore, in place of old clause 75 of the Bill inserted a new clause 66 which introduces into the Act a new section 285A on the lines of section 45(1) of the present Government of India Act. At the same time we have

removed from the Bill the following old clauses, which were designed to transfer specific functions of the Local Government to the Governor General in Council:—

Clauses 3, 4, 5, 8(b), 8(c), 9(b), 10, 11, 12, 13(a), 13(b), 14, 15(a)(i), 15(b)(ii), 15(c), 16(b)(ii), 17, 23, 24(b), 27 (second amendment), 29, 30(a), 30(c), 31, 32, 34, 42, 44(a), 44(b) [second amendment], 45, 47, 49(b), 52, 63, 64(c), 66 and 73.

(2) Cantonment Boards.

6. While agreeing that military interests in cantonments must predominate, if the area of each cantonment is taken as a whole, and that therefore the local bodies responsible for the administration of cantonments must continue to contain an official majority, we consider—

- (a) that statutory provision should be made for some representation of non-official interests in all cantonments, instead of only in a limited number as at present—in other words, that there should be a Board containing an elected element in every cantonment; and
- (b) that statutory provision should also be made whereby the detailed administration of bazaar areas (other than small regimental bazaars) should be left as far as possible to the elected representatives of the civil population, thereby relieving the official members of the Board of much work in which they are not directly interested.

7. We have given effect to these conclusions in clauses 4 and 16 of the Bill. Clause 4 substitutes five new sections for sections 10 to 14 of the Act. In proposed section 10, we have laid down the general principle that in every cantonment there should be a Board incorporated under proposed section 11. Proposed section 13 provides that in cantonments with a civil population of 2,500 upwards the membership of the Board, while retaining the official majority of one, should vary from 9 to 15 in proportion to the civil population. In smaller cantonments the section provides, in place of the "corporation sole" now prevailing, for a Board of three members, one of whom is to be elected.

We recognise that, in the case of—

- (a) military operations; or
- (b) serious administrative troubles,

it may be difficult to continue the administration of cantonments under the normal system of Boards proposed by us, and we, therefore, have made provision in proposed section 14 that, in the former case, the Governor General in Council on his own initiative, and, in the latter case, the Governor General in Council after consultation with the Local Government, may replace the Board in any cantonment by a Board consisting of 2 official members and one non-official nominated member. This arrangement, however, is limited to a normal term of one year, subject to extension by periods of not more than one year at a time after review by the Governor General in Council, and subject also to the condition that the Governor General in Council shall be bound forthwith to restore the normal regime if the extraordinary reasons necessitating its abrogation cease to exist.

8. These changes necessitate certain amendments throughout the Act and the Bill. Some are purely formal. Thus, the word "Board" has been substituted for "Cantonment Authority" throughout the Bill and the Act (*vide* new clause 68). Similar purely consequential changes are embodied in the following clauses of the Bill as re-drafted:—

Clauses 2(b), 3, 6, 7, 8, 9, 13, 17(a)(i), 17(a)(ii)(2), 17(a)(ii)(3), 17(b), 24, 30, 34, 37, 38, 39, 52, 54 and 58.

Of the above-mentioned new clauses, some are not entirely consequential:—

9. *Clause 3.*—The special power in section 9 of the Act of modifying the Act in its application in certain instances is now confined to cases where a Board is superseded under section 54 (when it is obviously essential) and to cantonments in Presidency-towns, which were previously regulated by the provisions of section 10(2)—now repealed—the interpretation of which was open to some doubt.

10. *Clause 6.*—It is obvious that the provision for a Vice-President in section 20(2) of the Act cannot apply to the new Boards of three members only.

11. *Clause 9.*—Provision has been made for an authority to prepare the electoral roll where the first Board has not as yet come into being.

12. *Clause 13.*—Clearly a special quorum is required for Boards of three members only.

Other amendments, not entirely consequential seem to us necessarily involved in the existence of a Board in every cantonment. They are:—

13. *New clause 11(b)(i).*—It is not clear that the mere substitution of “Board” for “Cantonment Authority” by clause 68 of the Bill as re-drafted would perpetuate the disability at present contained in section 28(2)(a) of the Act, which is a penal clause. Hence the amendment.

14. *New clause 14.*—Section 40, which relates to the appointment of a presiding officer in emergencies, is clearly inapplicable in its present form to a Board of three members only and we have suggested an appropriate modification.

15. *New clause 62.*—This is consequential on the omission by clause 4 of the Bill as re-drafted of existing section 10(2) of the Act.

16. *New clause 16* of the Bill, as already stated, is designed to secure that the administration of bazaar areas should, as far as possible, be left to the elected members of Boards. We recognise that it is inappropriate to attempt to divest a statutory body like a Board of any of its responsibilities. We have however, made mandatory provision for the constitution of Bazaar Committees consisting of elected members only, trusting that their decisions will, in practice, be respected and upheld by the official majority. We also desire to express our hope that the Board as a whole, operating with an official majority, will delegate the widest possible duties and powers to these Committees. We have added a provision that such Committees may co-opt such *ex-officio* members as the Health Officer and Executive Engineer, if they desire their expert advice.

(3) *Sanction to erection of buildings.*

17. On the understanding that the intention of Government is not to assert its rights to cantonment lands in bazaar areas, we consider it reasonable that a service of Military Estates Officers should be maintained to manage other Government lands in cantonments and to protect the rights of Government therein. We are not, however, prepared to accept the provisions of clause 56 of the Bill as introduced. Proposed sub-sections (3) and (5) of section 181 of the Act, as inserted by that clause, are open to the criticism that the Military Estates Officer, by lodging an objection, can preclude the Cantonment Authority from granting sanction to build. We consider that it would suffice if proposed sub-section (3) is replaced by a provision, on the lines of section 193 (2) of the Punjab Municipal, Act, 1911, that the Cantonment Authority *may* refuse such sanction where the site concerned belongs to Government and the consent of Government is not available, or where Government disputes the title to the site; and if proposed sub-section (5) is modified so as to provide that the Board should, in cases where the site is not under its management, make a previous reference to the Military Estates Officer in order to ascertain whether Government has any claim to urge. The Military Estates Officer, in our opinion, should be required to submit his reply within 15 days, and we have made provision to that effect (*vide* new clause 45).

(4) *Bulk water-supply by Government.*

18. We accept the general principle that, where Government supplies water through the Military Engineer Services or the Public Works Department, such supply should be in bulk. We consider, however, that it should be optional for the Board to provide its own supply, whereas clause 67 of the Bill as introduced enabled the officer of Government to require the Cantonment Authority to take a bulk supply of water from Government. We have, therefore, in new clause 57 secured this option, with the proviso that such a supply, if taken, shall be in bulk. Whilst securing an option to the Board as a whole, we desire to express the hope that in practice the official majority will not overrule the wishes of the elected members.

19. We think, also, that some limitation should be placed on the cost to the consumer of water so supplied and have provided that it shall not exceed the corresponding cost in the nearest municipality, the rate paid for the water by the Board to Government being scaled down to admit of this. Proposed sub-section (2A) provides the necessary machinery for adjusting disputes which are likely to arise in connection with a technical subject of this nature.

20. Other changes made by us in the Bill are discussed clause by clause:—

New clause 2(a).—We consider it desirable to qualify the word “structure” by the word “roofed”. Otherwise its application would be altogether too comprehensive.

New clause 2(c).—We are satisfied that the redraft of the definition of “entitled consumer” is more workable from the administrative point of view than that in the Bill as introduced.

New clause 2(g).—We do not accept the principle of constructive occupation of premises through domestic servants, and have omitted references thereto.

Old clause 2(h).—The definition of “tax” in the Bill as introduced is likely to lead to complications in respect of the power to impose rates, and we have deleted it, replacing it by an amendment of section 102 of the Act (*vide* new clause 32).

New clause 4 (proposed section 12).—We accept the proposal that Executive Officers should in future be appointed from a Service of Executive Officers to be constituted and controlled by Government. We consider, however, that Government should share equally with the Boards the expense of the salaries of these officers; especially as, even if this recommendation is accepted, there will still be a substantial saving to Government as against the existing system.

We desire also to express the hope that Government, in framing rules for this new service under proposed section 280 (2) (cc)—new clause 64 of the Bill—will provide that, so far as possible, disciplinary effect will be given to the expressed wishes of a Board as regards its Executive Officer.

New clause 5.—We understand that the intention was to prolong the term of office of the elected members of a Board all together, not individually. We also consider that such extension should be limited to a period of one year. We have provided accordingly.

Old clauses 13 (c), 15 (a) (ii), 18, 19, 20, 35 and 55.—We understand that Government do not attach importance to these provisions of the Bill, and recommend their deletion.

New clause 10.—We see no reason why the electoral qualification laid down in section 27 (1) (b) (iii) should not be extended to persons who have passed the Matriculation or equivalent examination of any University. We have also shortened the period of disqualification under the proposed second proviso to section 27 (2) from five to three years.

New clause 21.—We consider that a decision of a Board should not be cancelled or modified without opportunity being given to the Board for showing cause against such cancellation or modification.

New clause 22.—In our opinion the initiating authority for taxation in cantonments should, as in most municipalities, be the Board with the previous sanction of the Local Government, and not the Local Government.

New clause 32.—See note on old clause 2(h)

New clause 53(c).—We have provided that the fee for a licence should not exceed the actual cost of issuing the licence.

New clause 56.—This supplies an omission in the Bill to provide an amendment to section 234 of the Act consequential on the proposals contained in new clause 57 of the Bill.

21. The Bill was published in the Gazette of India, dated the 6th April, 1935.

22. We consider that the alterations made by us in the Bill necessitate its republication and circulation for public opinion. We recognise that, in view of the radical revision of the Bill in Select Committee, modifications thereof may be required in the light of opinions obtained in the process of circulation.

Whenever under these rules a duty is imposed but the designation of the officer or servant who is to perform that duty is not specified in the rule, the duty shall be performed by that officer or servant, who is in charge under the orders of the Chairman, or Vice-Chairman or the Executive Officer or of the Commissioners at a meeting, as the case may be, of the work to which such duty relates.

7. In all matters not expressly provided for by these rules, the rules, forms, registers and returns prescribed in the Civil Account Code, or in force for the time being under the orders of the Government or other competent authority, shall, in so far as they are consistent with these rules and with the Act, apply to the accounts of the municipality, and shall be observed, used, kept, and submitted by the officer appointed under section 54 of the Act.

Receipt and Crediting of money.

8. All money transactions to which any Commissioner, or any officer or servant of the Commissioners in his official capacity is a party, shall without any reservation be immediately brought to account and all the money received shall be lodged in full in the Treasury to be credited to the appropriate account.

9. Moneys pertaining to the Municipal Fund, with the exception of authorized advances, shall not be kept apart from the general balance at the credit of the Commissioners but shall at once be credited to the appropriate head of account.

Note.—Persons connected with the Treasury are forbidden to assist in any way in collecting municipal revenue or in posting the municipal books.

Payment of Money.

10. Claims against the Commissioners shall ordinarily be discharged by cheques drawn upon the treasury but amounts not exceeding Rs. 20 may be paid in cash from the permanent advance.

Note.—See rule 138.

11. No expenditure shall be incurred unless such expenditure has been sanctioned by the competent authority and unless provision has been made for the same in the original and revised budget estimate of the year or by the variation or alteration of the budget under section 112(3) of the Bengal Municipal Act.

12. Whenever it is proposed to incur expenditure not provided for in the original budget or the revised budget estimates for the year, necessary funds to meet this expenditure shall simultaneously be provided under the proper head by necessary reappropriation sanctioned by the Commissioners at a meeting under sub-section (3) of section 112 of the Act. If the total expenditure under any head is found at the close of the year to exceed the budget allotment the fact shall be reported to the Commissioner of the Division through the District Magistrate with reasons for the excess and action will be taken as decided by him.

Loans, Endowments and Provident Funds.

13. Funds held by the Commissioners as Provident Fund deposits and endowments, as well as those raised by loans or contributions for special purposes and grants-in-aid received for specific purposes shall on no account be used by any municipal officer or servant for the general purposes of the municipality.

Note.—See rule 202.

Cash and Account Branches.

14. The cash and account branches of the municipal office shall be kept distinct from each other and under distinct officers, who, for the purpose of these rules, will be termed respectively tax-collector or cashier and accountant.

In no case shall the same person compile the municipal accounts and superintend the collections of the rates and other municipal income.

In small municipalities the tax-collector or cashier shall be in charge of the collection and cash branches, but in larger municipalities where it is found necessary the two branches may be placed under different officers to be styled tax-collector and cashier respectively.

15. The municipal cash-book and all other accounts and registers as far as possible shall always be kept in English, and vernacular headings may be used in the collection books, receipts, etc., if so required.

All books of account and registers shall be substantially bound and paged before being brought into use, and no accounts shall be prepared on loose sheets or in loosely bound volumes.

16. All corrections and alterations in accounts shall be made by neatly scoring through in red ink and writing the correct figures or words above, and shall be attested by the initials of the Chairman or Vice-Chairman.

Similarly all alterations and corrections in a voucher shall be duly authenticated by the payee.

Erasures shall on no account be permitted in registers, statements, vouchers or accounts of any description.

17. A sufficient supply of all forms, registers, guard files and stationery required shall always be kept and a fresh supply ordered at least three months before the stock of any forms, etc., is exhausted, and care shall be taken that the issue of tax bills is not delayed through want of forms. All such forms, registers and stationery shall be entered in a Stock and Store Register (Form 62) by the accountant, the yearly estimated consumption being noted in the remarks column.

The stock of bill receipt and license forms shall be kept in the custody of the Vice-Chairman or the Executive Officer or Secretary.

Classification of Transactions.

18. No change shall be made in the prescribed list of major and minor account headings without the consent of Government, and the same headings shall, except as provided in the rules, be used in all accounts prepared or issued by the Commissioners.

Facsimile Stamp and Common Seal.

19. The facsimile stamp shall always be kept in the personal custody of the officer whose signature it represents and shall never be used except in his presence and actually in his sight. The common seal of the Commissioners shall also be kept in the personal custody of the Chairman, Vice-Chairman, Executive Officer or Secretary and shall be used only in their presence.

Audit.

20. The accounts of the Municipal Fund will be examined and audited by the Examiner of Local Accounts in Bengal as far as possible not less often than once a year.

In auditing the accounts the Examiner or Local Auditor will see that they have been kept and are presented in proper form, that the particular items of receipts and expenditure are stated in sufficient detail, that the payments are supported by adequate vouchers and authority, that all sums received or which ought to have been received are brought into account, and also that the receipt and expenditure are in all cases such as are authorized by law. He will also ascertain the total unpaid liabilities of the Commissioners, and also whether these can be met out of the Municipal Fund when falling due.

The reports of such examination will be forwarded by the Accountant-General, Bengal, to the Chairman, and copies to the Commissioner of the Division and the Magistrate of the district.

21. The Chairman, Vice-Chairman, Executive Officer, or Secretary shall, at the time of audit, cause to be produced all accounts, registers, documents and subsidiary papers which may be called for by the Examiner or Local Auditor to assist him in his investigation. He shall also produce the cash balance and the balance of imprest before the Examiner or the Local Auditor for verification.

22. The Chairman shall, as soon as possible after the receipt of the objection statement and the audit report from the Accountant-General, Bengal, convene a special meeting of the Commissioners to consider the objections and suggestions made by the Examiner, and to decide upon the action to be taken in regard thereto. The Chairman shall recover without delay all illegal or unauthorized payments pointed out by the Examiner or Local Auditor. The Chairman shall remedy any defects or irregularities that may be pointed out by the Examiner or Local Auditor and within three months of the date of the receipt of the report he shall submit a statement giving particulars of action taken thereon to the Accountant-General, Bengal, through the District Magistrate and Commissioner of the Division. But the objection statement shall be sent by the Chairman direct to the Examiner of Local Accounts, Bengal.

Loss of money by embezzlement, theft or otherwise.

23. Whenever any loss of money by embezzlement, theft or otherwise is discovered, the fact shall be promptly reported by the Chairman to the Commissioner of the Division through the District Magistrate and to the Examiner of Local Accounts, Bengal. When the matter has been fully enquired into he shall submit to those officers a further and complete report showing the total sum of money lost, the manner in which it was lost, and the steps taken to recover the amount and punish the offenders.

No money or irrecoverable value of stores lost by theft, fraud, the negligence of individuals or other cause, shall be written off from the accounts, except with the sanction of the Commissioner of the Division, when the amount of the loss exceeds Rs. 500, or when the loss is due to any defect in the system of accounts, collection, etc., the sanction of Government is necessary.

CHAPTER II.**Preparation of Budget Estimate.**

24. The Education, Waterworks and the Sewerage and Outfall Works Standing Committees, if any, and the Dispensary Committee shall report to the Chairman or the Finance Standing Committee, as the case may be, their estimates in Forms Nos. 1(a), 1(c), 1(d) and B.C.M.D. Form No. 22 by the 1st December for incorporation in the general budget. The general budget estimate shall be laid before the Commissioners at a meeting to be held not later than the 15th of December each year.

25. The budget estimate shall be accompanied by a Schedule in Form 1 (b) for each major head, in which shall be entered full details of the estimated expenditure under that head in the budget estimate.

26. In preparing the budget estimate, what is expected to be paid during the year shall be provided for and not the liability likely to be incurred or to fall due within the year. All existing liabilities which cannot be liquidated before the commencement of the year for which the budget estimate is being prepared shall also be ascertained and provided for.

Notes.—(1) Ordinarily the average of three years' receipts and expenditure may be taken to be the required estimate under each head. A statement explaining, where necessary, the variations in the estimated receipts or expenditure compared with the actuals of the previous year and the revised estimates of the current year shall be appended to the budget.

(2) The details of the outstanding liabilities, if any, at the commencement of the current year shall also be shown in the budget.

27. (1) After the entire budget estimate of the municipality has been sanctioned by the Commissioners it shall be submitted to the Commissioner of the Division through the District Magistrate not later than the 15th of January each year.

(2) A copy of the educational budget estimate of the municipality as sanctioned by the Commissioners shall be forwarded to the Divisional Inspector of Schools. The Divisional Inspector shall, after referring, if he considers it necessary to do so, any question for advice to the Director of Public Instruction, shall forward his remarks on the budget estimate to the Commissioner of the Division on or before the 15th of February and shall at the same time send a copy of his remarks to the Chairman. The Commissioners may vary or alter the educational budget estimate in accordance with the advice of the Divisional Inspector of Schools under the provisions of sub-section (3) of section 112.

(3) Copies of the waterworks budget and sewerage works budget, if any, of the municipality as sanctioned by the Commissioners, shall be submitted in triplicate to the Chief Engineer, Public Health Department, not later than the 15th of January each year for any remarks which he may consider necessary. The Chief Engineer shall communicate his remarks to the Chairman not later than the 15th of February, and shall also send a copy of the budget with a copy of his remarks to the Commissioner of the Division for his information.

(4) In the case of an indebted municipality in respect of which an order under section 116 has been made, the Commissioner of the Division shall sanction the budget before the 15th of February.

In such indebted municipalities the Commissioners shall have power to vary or alter the budget under sub-section (3) of section 112 subject to the following condition, viz., that transfer from one major head to another shall not be made without the previous sanction of the Commissioner of the Division.

(5) Proposals for sanction of reappropriations whether submitted to the Commissioners at a meeting or, under clause 4 of this rule to the Commissioner of the Division shall be in Form 2.

28. The minimum closing balance of each municipality shall not ordinarily be less than one-sixth of the aggregate expenditure on account of the establishment and fixed monthly charges for the whole year, i.e., charges on account of establishment, scholarships, contributions, rents and other recurring charges other than loan, or the total average charges for two months.

Subsidiary accounts of special rates.

29. A separate account shall be prepared in Form 5 showing the receipt, charges and balance on account of each of the following rates, namely, the water-rate, lighting rate and conservancy rate.

In the form of budget estimate and the quarterly and annual accounts to be prepared for publication all sums received by the Commissioners shall be treated as forming one Municipal Fund. In appropriating the funds at their disposal the Commissioners shall conform to the special provisions as contained in section 111.

30. The credit balance of each of these accounts shall, except as provided in section 111, be carried forward and not appropriated for general purposes, but if there is a continuous debit balance, it may be cleared by adding the deficit to the receipts as a contribution from the general fund. The direct receipts and charges for the quarter will be transcribed from the quarterly and annual accounts. The proportionate share of the annual cost of collection and supervision and of the keeping of accounts worked out on the ratio fixed by the Commissioners at a meeting under section 111 of the Act, shall be entered in column 7 of Form 5, without disturbing the classification in the quarterly and annual accounts. For example if a proportionate share of the cost of collection is to be charged against the water-rate, it will be entered in column 7 of Form 5, but the full cost of collection shall continue to be shown in Form 90 under the head "32—Collection of taxes," and not proportionately under that head and "C1—Water-supply." The same rule applies to the proportionate distribution of receipts to the credit of the subsidiary funds.

Note 1.—For the determination of the proportionate share of the collection and supervision charges the following heads of expenditure shall be taken into account:—

- (1) office establishment, including provident fund contribution and contingencies;
- (2) establishment for collection of taxes including provident fund contribution;
- (3) other charges on account of collection of taxes;
- (4) printing charges;
- (5) law charges;
- (6) Public Works Department establishment or Sanitary Inspector's pay according as the Public Works Department staff or the Sanitary Inspector supervises the work of water-supply/lighting;

(7) charges for the Health Officers and Sanitary Inspectors for conservancy fund.

Note 2.—The term “proportionate” occurring in section 111 is interpreted to mean that the shares of the cost of collection and supervision should be based on the ratio which the income of the fund bears to the total revenue from all sources.

31. An abstract account in Form 5 showing the estimated opening and closing balances and receipts and expenditure pertaining to each rate as shown in the estimates for the ensuing year, shall be annexed to the budget. Similar figures showing the estimated balances and expenditure out of any loan granted by the Government shall also be shown in this abstract. When a proportion only of certain receipts and charges is taken into the account of any particular rate or fund, the necessary information shall be furnished in the “Remarks” column of the form.

CHAPTER III.

COLLECTION OF TAXES.

General.

32. The duties assigned to the Vice-Chairman in these rules may under the written order of the Chairman, be performed by the Executive Officer or the Secretary.

33. The municipality shall be divided by the Chairman, with the approval of the Commissioners at a meeting, into collecting circles by a calculation based on the ground to be traversed and the number of bills to be delivered. Each circle shall be numbered and to each circle shall be appointed a sarkar. The collecting circles shall be as compact as possible, and so arranged as to distribute the work of tax collecting evenly among the sarkars. No collecting circle shall contain more houses than can be visited by one sarkar during the working days of a month.

Whenever rates, rents or other dues are not received in the Municipal Office as contemplated in section 152, the Commissioners shall arrange for the verification of at least ten per cent. of the receipts granted to the payers with the duplicate copies filed in the office and for the enquiry in not less than 10 per cent. cases in which taxes have been outstanding. This verification shall, in no case, be entrusted to the Collection or Assessment Department.

34. The circles having been determined and the assessment list under section 147 having been published, the Assessment Register and the Demand and Collection Registers shall be opened, separate books being used for each circle.

35. All changes in the demands shall be entered in an Assessment Register from which the Demand and Collection Register shall be posted. The bills shall be prepared from the Demand and Collection Register in which the satisfaction of the bills by collection or remission shall be noted. The details of the totals of the bills on completion shall be compared with the entries in the Assessment Register for the quarter. For each officer entrusted with the collection of "rates" an account or ledger is to be kept in which he will be debited with the demand for the quarter as shown in the Demand and Collection Register and credited with the collections and remissions. These accounts are to be closed and balanced monthly and the totals of the several accounts are to be brought together in the form of a progress statement to show the state of the entire collections.

36. If there is a separate Assessment Department, Assessor or any other officer in charge of the Assessment Department shall keep the Assessment Register and the Mutation Register and prepare the progress statement while the Collection Department shall deal with collections, remissions and warrants and post the settlement of demands in the Demand and Collection Register. The sarkars who are employed on the actual work of collection shall not, however, be allowed to have access to the Assessment Register and the Demand and Collection Register. The Accountant or Head Clerk shall in every case check the remissions and the progress statement. The Vice-Chairman shall so apportion the duties between the Head Clerk or Accountant and the tax-collector as to provide for a cross-check over the Collection Department. Where there is no separate Assessment Department the Assessment and Mutation Registers shall be kept by the Head Clerk or Accountant.

37. No collecting sarkar should be in charge of a circle for a continued period of more than two years. When a sarkar is changed the outgoing sarkar shall prepare a list of outstandings which, after check by the tax-collector, will be made over to the relieving sarkar. Once the latter receives this list the responsibility for the collections will be entirely his.

Assessment List.

38. The assessment list shall be prepared in Form 3, and kept in bound volumes. As soon as a revision of valuations is made in a municipality columns 1 to 8, and 10 to 12 of the assessment list shall be filled in. Notices of assessment shall at the same time be issued to all concerned under section 147 (2). The dates of (i) service of the notice, (ii) receiving objections against new assessments, (iii) the disposal of the objections by the Assessment Review Committee and (iv) the correction of the Assessment Register and the final valuation fixed by the Assessment Review Committee shall be duly noted in columns 13, 14, 15, 17 and 9, respectively.

Assessment Register.

39. The Assessment Register shall be in Form 4. A separate volume shall be assigned to each collecting circle. Columns 1 to 5 shall be filled up from the assessment list. Sufficient space shall be left between each name for entering revisions and spaces may also be left at the end of each street or mahalla or other convenient interval for the insertion of new holdings brought under assessment.

40. The columns showing the annual value and quarterly demands in the Assessment and Demand and Collection Registers shall be totalled at least a month before the beginning of the first quarter of the year from which the revised assessment will take effect. The totalling may, if it be found convenient, be made by subdivisions, but these subsidiary totals must be carried forward or summed on a separate page of the Assessment Register and the Demand and Collection Register, so as to arrive at the total of the circle. When the total has been struck, the Vice-Chairman, Secretary or a Commissioner appointed for the purpose shall carefully compare the entries in columns 1 to 5 with the assessment list and with the orders of the Assessment Review Committee under section 149 and shall sign the register in token of having made the comparison.

41. Any reduction allowed after the writing up of the Assessment Register and before the totalling up of the quarterly dues shall be entered in the assessment list and the entries relating to the annual value and the quarterly instalment shall be duly corrected in the Assessment Register but all subsequent alterations decided upon by the Assessment Review Committee shall be noted in the columns for subsequent revisions.

42. The Assessment Register is the principal record of the Assessment Department and the officer-in-charge of the department shall be responsible for seeing that it is correctly prepared, and that all alterations therein are attested by the proper authority.

43. The Vice-Chairman shall see that the Assessment Register and Demand and Collection Register are free from erasures; no alterations shall be made in them except under the initials of the Vice-Chairman or other officer empowered to sign for him.

Abstract of Demand.

44. (1) The total originally struck in the Assessment Register in accordance with rule 40 shows the demand for the first quarter of

the assessment. For subsequent quarters the demand shall be arrived at and agreement effected thus:—

	Annual value.	Quarterly rates.			
		House.	Latrine.	Lighting.	Water.
	Rs.				
Demand for first quarter of—as per columns 4 and 5 of Assessment Register	..				
Add—New and enhanced assessment	..				
Total	..				
Deduct—Reduction	..				
Demand for the second quarter					
Total demand as per Demand and Collection Register	..				

and so on, from quarter to quarter, until the assessment is revised. These entries may be made in continuation of the original total struck in the Demand and Collection Register or this may be noted in an abstract on the opening page. The total of all the circles may also, if desired, be brought into one view in a separate abstract.

(2) If the percentage on the valuation at which the tax is levied is changed under section 135 during the currency of the assessment the Assessment Register shall be corrected in accordance with section 138.

Petitions.

45. Petitions for review of assessment under section 148 shall, if possible, be presented in forms of a uniform pattern and Form 6 may be used for the purpose.

46. Such petitions shall be registered in Form 7 by means of which the progress made in dealing with them shall be watched.

Note.—The Assessment Review Committee shall try to dispose of expeditiously all petitions against assessments. A report showing the number of petitions filed, the number disposed of and the number pending with reasons for the delay in their disposal, if any, shall be submitted by the tax-collector before the Commissioners at a meeting every month.

47. All applications for reduction or remission of rates under section 141, all proposals submitted by the Collection Department for remission of irrecoverable taxes under section 163 shall, after entry in Form 7, be made over for enquiry to the Chairman or to a Commissioner or to any other officer duly authorised by the Commissioners at a meeting to conduct such enquiry. The nature and results of the enquiry and the orders passed thereon by the Assessment Review Committee appointed under section 149 or by the Commissioners at a meeting, as the case may be, shall be recorded in Form 7 under the initials of the Chairman, Vice-Chairman, Executive Officer or Secretary.

Changes in the Demand.

48. All permanent alterations in the demand, whether by increases by new assessments or the enhancement of the existing assessments or as decreases by the cancellation or reduction of existing assessments, shall be recorded in the Mutation Register in Form 8.

49. This register shall be written up from the orders passed by the revising authority or from the intermediate assessment lists or orders issued under clauses (c), (d), (f) and (g) of sub-section (1) of section 138 of the Act, and shall be totalled at the close of each quarter. The total of the increases shall then be added to the previous quarter's demand and from the sum shall be deducted the total of decreases so as to work out the demand of each quarter.

Note.—When the percentage on the annual value at which any rate is to be levied is altered under section 138 (1) (c), a list showing the number of holdings, annual value and the revised quarterly tax shall be prepared and totalled. To minimise clerical labour the total amount of this list instead of each individual holding may be shown in the Mutation Register or directly in the abstract of demand referred to in rule 44(1).

50. As soon as the revising order has been passed and registered it shall be made over to the assessor or other officer in charge of the Assessment Register, who shall correct the demand and shall give a certificate on the order to the following effect:

“Certified that the corrections in the demand directed by these orders have been entered in the Assessment Register.”

The order shall then be placed in file with the other orders of the same quarter.

50A. The alteration in the demand to be entered in the Mutation Register (Form 8) will not be retrospective, except in the case of general or intermediate assessment of holdings when the alteration will take effect from the quarter from which the assessment was made.

51. If the valuation finally settled upon by the Assessment Review Committee be greater than the old valuation, the difference between the quarterly rates now fixed and the old rates realised, if any, under section 151 shall be realised from the quarter from which the assessment was given effect to. The supplementary bills for the arrear dues shall be entered in the “Demand and Collection Register” of the circle below the totals of the quarter in which these supplementary bills are issued. On the other hand, if the quarterly rates finally fixed by the Assessment Review Committee be less than the rates realised, if any, the amounts realised in excess shall be noted in the Register of rates refundable (Form 19) and set off by adjustment with the consent of the payee against his dues, if any, by debit to A5—Refund and credit to the proper receipt head or refunded to him on his presenting a bill.

Bill Forms.

52. Bills for municipal rates shall be in Form 9. The totals of the bills shall be entered both in words as well as figures. The bills shall be in duplicate and they shall be filled up in the Collection Department or in the Assessment Department by the carbon process

from the Demand and Collection Register. Before the bills are issued they shall be compared with the Assessment Register by the Secretary or Accountant who shall record a certificate in the fly-leaf of each book that the comparison has been made and that the details shown in the bills are correct.

Receipt Forms.

53. When the tax is paid the tax-collector or sarkar shall grant a receipt in Form 10. The sarkar shall fill up the form in duplicate by the carbon process and shall retain the duplicate copy. Part payment of quarterly taxes shall not be accepted. When an objection to an assessment or valuation has been made under section 148 and has not been finally determined, rate shall be paid on the previous assessment or valuation. In case of new holdings rates shall be realised on the new assessments and refunded, if necessary, under subsection (2) of section 151, after the disposal of the objection by the Assessment Review Committee.

54. The forms shall be numbered consecutively for the year and shall be bound up in books of 100 duplicate forms each. Both the original and the duplicate shall bear the same number which shall be printed. The Vice-Chairman or the Secretary shall sign on the back of each receipt book, a certificate stating the number of forms contained in it. Only one book shall be given to a sarkar at a time and until the book thus issued has been used up no new book shall be given out. Receipt forms should not generally be printed in a local firm. If in special cases they are printed in a local firm, particular care should be taken to see that extra forms may not be printed and used improperly by the collecting staff.

55. If it is considered undesirable to empower sarkars to sign receipts on behalf of the municipality the receipts shall be in triplicate, of which one would be a temporary receipt signed by the sarkar and printed with a caution that the tax-payer should complain to the Chairman or Vice-Chairman if the formal receipt signed by the proper authority did not reach the tax-payer in a reasonable time, say a week. The permanent receipt would be signed or stamped by the Chairman or Vice-Chairman after the sarkar's accounts have been checked and delivered to the tax-payer in the course of the sarkar's daily rounds. The third portion would be the counterfoil for record in the office.

Demand and Collection Register.

56. The Demand and Collection Register shall be prepared in Form 12 from the Assessment Register and shall also show any outstanding dues noted in the previous Demand and Collection Register. The total of all outstanding dues shall be agreed with the total of the old arrears and the arrears for the previous year as shown in the sarkar's ledger of the circle.

The column "Amount of quarterly tax" shall be totalled and checked with the demand for the same quarter through the abstract of demand and until these agree and their agreement has been certified to by the Vice-Chairman, Executive Officer or Secretary in both registers, the bill shall not be issued for collection.

The satisfaction of the dues current or in arrears by payment or remission shall be posted daily in the Demand and Collection Register by the tax-collector or his assistant and the Vice-Chairman shall see that the work does not fall into arrears. Collecting officers other than the tax-collector or his assistant shall not have any access to these registers. At the end of each quarter all the money columns showing the collections and remissions in the Demand and Collection Register shall be totalled, after posting all collections and remissions and the total collections, remissions and balances of each quarter shall be checked and agreed with the total collection, remission and balances in the sarkar's ledger of the circle and the agreement shall be certified by the Vice-Chairman himself on both the registers. If any differences are found they must be reconciled immediately either by tracing the error or recovering from the tax-collector or sarkar any deficiencies for which they are unable to account. If the scrutiny lead to the detection of any embezzlement the facts shall be immediately reported to the Examiner of Local Accounts in accordance with rule 20 of these rules.

Remission Register.

57. Every remission of taxes, rates, fees or tolls sanctioned under the Act shall be entered in a register in Form 21. The period for which remission is granted shall always be clearly stated. If many remissions are granted by one order, either as a legal reduction on account of vacancy, or any other cause, or to clear the account of irrecoverable demands, the amounts to be remitted shall be entered in remission orders in Form 20. The total of these lists shall be given both in words and figures when they are passed by the revising authority. The revising authority shall certify on the list in Form No. 20 the total amount remitted both in words and figures and only the total amount of each class of rates and taxes will be entered in Form No. 21. Irrecoverable taxes shall be remitted periodically, say once in every quarter of a year and not towards the close of the year when proper enquiry as to the merits of each case is rendered impossible owing to insufficiency of time.

58. All remissions or reductions of rates granted by the Commissioners at a meeting on account of excessive hardship under section 141 shall be noted in the Register of cases of excessive hardship (Form 16) to see that the remissions or reductions are not continued beyond one year without the fresh sanction of the Commissioners at a meeting.

Note.—Remissions or reductions on account of excessive hardship under section 141 shall not be granted with retrospective effect.

59. All remission orders shall be numbered serially in accordance with the serial number of Form 21 and shall be kept in a guard file and an index to the file of remission order shall be kept in the Remission Register. Copies of the Remission Register shall be supplied to each sarkar for correcting the bills.

Daily Register of Collections.

60. The sarkar shall maintain a register in Form 14 (with the counterfoil left out) in duplicate in which the details of collection of the day shall be entered by the carbon process and the total of each day's collection struck. As an alternative the chalans (Form 14) may be bound in books with blank counterfoils. Each sarkar shall maintain a separate chalan book in which the details of collection shall be entered every day by the collecting sarkar and the total of each day's collection struck. Collections made by cash and by cheques shall be separately entered and totalled.

Collection of taxes.

61. A bill shall be presented for payment as soon as possible within three months of the date on which the sum to which it relates became due. No bill will contain a sum which became due three months or more before the date of presentation. The tax-collector shall commence the service of the bills at the beginning of the quarter by making over to each of the sarkars one or more bill books of his circle for delivery to the rate-payers. The sarkar shall go round with the bill books and also with a bound book of receipt forms and shall serve the original bill, after adding the date, on the tax-payer and note on the duplicate also the date on which the bill was served. As soon as the tax is paid he shall fill in the printed receipt and make over the original copy to the tax-payer. He shall at the same time note the fact and date of payment against the demand in the duplicate copy of the bill. The sarkar shall return to the municipal office either every day or, if permitted by the Vice-Chairman, every alternate day and shall deliver to the tax-collector all the money he has collected, together with the Daily Collection Register, and the receipt book in his possession. The tax-collector or his assistant shall check the account by comparing the credits with the duplicate of receipts and after initialling the latter, he shall cursorily run through the books and see that there are no duplicates from which the original receipts are missing which have not been initialled by him or his assistant. He shall then total the register and see that it corresponds with the money given to him by the sarkar and if all is in order he shall furnish a receipt on the duplicate or the counterfoil of the chalan stating in both words and figures the amount actually received by him with his dated signature and retain the chalan which shall be filed in a guard file after the Demand and Collection Register has been posted. The duplicate chalan or the counterfoil shall be handed over to the sarkar. The tax-collector shall then post the amount received from each sarkar into his cash book.

62. Every item of collection or of remission shall be posted daily in the Demand and Collection Register from the sarkar's daily collection chalans—Form No. 14—or from the order of remission relating to the various holdings, and the Vice-Chairman shall be responsible for seeing that the postings of collection or remission of taxes in that register do not fall into arrears. The collecting sarkar shall not be allowed to have access to the Demand and Collection Register.

Stock Account of Receipt Forms.

63. The Vice-Chairman or Secretary shall keep the stock of receipt books in his personal custody and under lock and key and they shall only be issued under his orders.

64. All the receipts and issues shall be entered in a register in Form 13. When a receipt book is made over to a collecting sarkar, the Vice-Chairman or Secretary shall take his signature in the register.

65. When a receipt book has been used up the sarkar shall return it to the Vice-Chairman or Secretary who before issuing a fresh book shall see (1) that no page has been extracted, and (2) that in the case of cancelled forms the original and duplicate copies are in the book and have been cancelled. For each book returned the officer receiving it shall grant a receipt to the sarkar. The surplus forms which will be few in number if proper care is taken in making the estimate and indents, shall be destroyed under the personal supervision of the Vice-Chairman or Secretary at the end of each year. If, however, any entire books of forms are unused, they may be used in the next year.

Sarkar's Ledger.

66. The sarkar's ledger shall be kept in Form 17 and shall be posted by the tax-collector or head clerk. One such register shall be kept for each circle of collection. The entries under the heading "Collections" shall be filled up from the daily total in the Daily Collection Register under the various quarterly columns and the monthly totals of remissions posted in the appropriate columns from the Remission Register.

Progress Statement.

67. The sarkar's ledgers shall be closed and balanced at the end of each month and the totals of the collection and remission shall then be posted into the progress statement, in Form 18. If there is only one circle, however, this will not be necessary, as Form 17 may be made to serve the purpose.

68. The demand shown in this statement will be the aggregate demand up to date of the current year and the balance of demand of previous years outstanding at the end of the last year. The collections and remissions shall be taken from the sarkar's ledger and the previous months' progress statement. The collections of the month shall be verified by the accountant with the Abstract Register of Receipts and the cashier's cash-book, and the remissions with the Remission Register or file of remission orders. If any discrepancies are noticed, the accounts of the month shall be re-checked until the errors are detected and rectified. As soon as the correctness of the progress statement has been proved by the accountant he shall sign it and lay it before the Vice-Chairman and when it has been passed and signed by the Vice-Chairman, it shall be placed with the sarkar's ledgers before the next ordinary meeting of the Commissioners.

69. The progress statement represents the state of the collection accounts as a whole and sarkar's ledgers of each circle separately.

Warrants.

70. If the tax, rate, fee or toll is not paid on the presentation of a bill a Notice of Demand in Form B prescribed by Notification No. 6131 M., dated the 11th November 1933, under clause (c) of section 215, with a copy of the bill shall be served on the person liable to pay the same. If a demand is realized at this stage, a receipt in Form 10 or in Form 42 will be granted by the person serving the Notice of Demand if he be authorized to receive any money.

When 15 days shall have elapsed after the delivery of a Notice of Demand and the sum due is not paid within this period or sufficient cause is not shown to the Commissioners for not paying the same, the Commissioners should issue a warrant of distress under section 156 of the Act which will be taken to the defaulter's house by an officer charged with its execution by them and if the demand as well as the fee prescribed by law for the warrant expenses be not then satisfied, the said officer shall make an attachment of the defaulter's property in the manner laid down in section 157 preparing an inventory of all goods and chattels so attached and proclaiming a notice of sale by beat of drum. Every warrant issued for this purpose shall be recorded in a register in Form 22. The Chairman or Vice-Chairman shall initial the register when signing the warrants. One Notice of Demand may cover several bills which have been duly presented, provided a copy of each bill is attached to that notice. An item included in one Notice of Demand may not be included in any subsequent demand notice and no Notice of Demand may be presented twice.

71. All outstandings shall be regularly reviewed and systematic action taken to issue warrants within the time limit prescribed by section 156. Where, however, for special reasons it is considered that warrant should not be issued, the Vice-Chairman's written order shall be taken and serially filed in a guard file.

72. The officer charged with the execution of warrants shall put his initials in the warrant register in token of having received the warrants in question. When he credits realization or returns any warrants the tax-collector or the officer in charge of the Warrant Department shall credit him with the amount of the warrants returned or the collections credited. All warrants should be returned to the office within one month from the date of receipt by the officer charged with the execution with his remarks thereon. The Vice-Chairman or the officer in charge of the Collection Department shall consider the remarks recorded on the unexecuted warrants and direct what further action should be taken for the realization of the dues. If it be deemed necessary to file civil suits for recovery of the dues, a list of such cases with reasons for not being able to recover the same without suits should be submitted before the Commissioners at a meeting for orders.

73. Amounts realized by the seizure and sale of property shall be entered in the Register of Distraints in Form 23.

Warrant Department.

74. The procedure prescribed in the preceding rule presupposes the service of warrants by the sarkar. If there is a separate Warrant Department the arrear demands transferred to that department shall be deducted from the balance of the sarkar's ledger and be treated as a

separate circle or circles of collection. Each warrant sarkar or the officer charged with the execution of a warrant shall keep a collection register in Form 14 and the progress of his work shall be embodied in a ledger in Form 17, the monthly totals of which will be embodied in the progress statement in Form 18. The remissions and collections shall either continue to be shown in the original Demand or Collection Register or separate registers may be opened for the Warrant Department, the letter "W" being entered in the original Demand and Collection Register against the demand transferred. The latter course need be adopted only when there is a complete division between the Collection and Warrant Departments.

Taxes paid at office.

75. The tax-collector assisted by a sufficient number of clerks shall remain in the municipal office at a counter each day during the office hours fixed by the Commissioners under section 152. In the event of the taxes being paid at the municipal office, the tax-collector shall deal with the transaction precisely as the collecting sarkar does. For this purpose a separate receipt book in Form 10 shall be kept by the tax-collector from which a receipt shall be furnished for each payment. All collections thus made shall be entered in a daily collection chalan (Form 14) and credited to the cashier's cash-book on the very day of collection.

CHAPTER IV.

The progressive totals of the license fees received shall be entered at the foot of each counterfoil, as the counterfoils are filled up and the licenses issued. The total shall be entered at once and not be put off till the end of the day. The person or persons in charge of the License Department shall also enter the details of the license in the appropriate section or volume of the register of licenses (Form 27).

88. Licenses shall be granted exclusively in the name of the licensee and are not transferable.

At the expiry of the period for which a license is granted, if a license is still required, a new license may be issued in accordance with rule 85.

89. The condition, if any, under which a license is granted, shall be clearly written on the license form which is granted to the licensee.

Taxes on carriages, horses and other animals.

90. To facilitate compliance with the provisions of section 171, which requires that description of carriages, horses and other animals for which licenses are to be taken shall be forwarded to the Commissioners, printed statements in Form 28 shall be distributed to owners of such carriages, horses and other animals. Such forms shall be sent by post or hand to all persons who paid the tax during the preceding half-year.

In other respects, the procedure outlined in the previous rules in this chapter for collection of taxes by the license system shall be followed.

Fees for registration of carts.

91. Tin tickets shall be issued to owners of carts which have been registered under section 183. These tin tickets shall be of a different colour for each period of issue. They shall be of a size sufficiently large to be easily distinguishable and they shall bear consecutive numbers.

(a) Revenue leased out.

95. When the collection of revenue is leased out for fixed amounts the recoveries shall be watched by means of the Demand and Collection Register of rents in Form 38 or any modification thereof as approved by the Accountant-General to suit the requirements of the municipality.

Note.— The following sources of revenue are usually leased out :—

- (1) Market rents.
- (2) Rent of buildings and lands.
- (3) Ferry rents.
- (4) Fishery rents.
- (5) Slaughter-house fees.
- (6) Produce of lands and gardeus.
- (7) Cattle pounds.

96. A separate page or sets of pages of the register shall be set apart for each of the above kinds of revenue for which there is a fixed monthly, quarterly, half-yearly or annual demand.

97. The register shall show all demands due on account of rents arranged in serial order—

- (1) on expired leases of the previous year,
- (2) on unexpired leases of the previous year, and
- (3) on leases granted for the current year.

The entries under (1) and (2) shall be taken from the register of the previous year. In the former case the demand due will appear in columns 9 and 11 and in the latter in columns 9, 10 and 11. The Accountant shall fill up the current year's register in respect of these demands in the manner indicated above and lay it with the register for the previous year before the Vice-Chairman, the Executive Officer or the Secretary who after comparing the entries shall place his initials in column 13.

In respect of (3) when the agreement with the lessee has been signed and security deposit paid, the Accountant shall fill up columns 1 to 12 and post the amount in the deposit ledger. He shall then lay the agreements, the register, the deposit ledger and the chalans (or the cashier's cash-book) before the Vice-Chairman, the Executive Officer or the Secretary who shall—

- (a) compare the entries in columns 1 to 8 with the agreement;
- (b) see from the Register of Lands (rule 256) that all the items have been included and from the agreements and the previous register that all arrear and current demands have been correctly posted and then total and initial column 11.
- (c) see by reference to the chalans (or cashier's cash-book) that the deposits (column 12) have actually been paid and place his initials against the entries in the deposit ledger and column 13 of the register.

98. Bills shall be prepared in Form 41 from the Register of Fixed Demands as soon as rents fall due. One copy of this Bill shall be served by the collecting sarkars on the parties and the other copy kept by them for watching realisation. A receipt in Form 42 shall be granted to the parties when money is actually realised. The bills shall be compared with the Demand and Collection Register of rents (Form 38) kept by the Accountant before they are issued to the collecting sarkars for realisation.

A separate Daily Collection chalan book (Form 15) shall be kept for such collections and the Collection Register shall be posted by the Accountant from it.

Note.—A bill must precede the notice of demand and the warrant of distress prescribed in sections 155 (2) and 156.

99. Payments made in satisfaction of the demand shall be posted by the Accountant from the Daily Collection chalan or the cashier's cash-book in the column for the month in which the money is credited in the Accountant's cash-book, *e.g.*, a payment credited in June on account of May will appear in the column for June and not May.

When all the receipts of the month have been entered they shall be totalled and checked with the credit for the month in the abstract register of receipts.

100. *When the monthly posting of the receipts has been completed the register shall be laid before the Vice-Chairman, the Executive Officer or the Secretary who shall compare the total for the month with the abstract register of receipts and after a check of 5 per cent. of the credits with the daily collection chalan shall initial below the monthly total.*

He shall take necessary action for the recovery of the outstandings.

101. *The security deposit which usually amounts to one-fourth of the annual rental will ordinarily be taken in satisfaction of the demand for the last three months of the year in which the lease expires and shall be transferred by adjustment from "deposits" to "rent" and entered in the register in the column for March. Such credits in the register may be made in red ink to distinguish them from cash payments made during the same month.*

102. *If any part of the deposit is taken as a fine for non-fulfilment of contract, the balance shall be taken in part satisfaction of the demand during the last three months of the year: and if on the 31st March the deposit or balance of deposit is more than the demand the excess shall be refunded to the lessee. But in no case shall any sum be removed from the deposit and transferred to another head except under the orders of the Chairman or Vice-Chairman or Executive Officer or Secretary who shall at the time initial the debits made in the Deposit Ledger.*

(b) Miscellaneous Revenue managed departmentally.

103. *When the collection of revenue is managed departmentally, that is collected through municipal subordinates instead of being leased out to renters, it shall be collected by means of bilingual tickets in Form 39.*

Note.—The following sources of revenue are managed departmentally in some municipalities:—

- (1) Market fees.
- (2) Ferry rents.
- (3) Slaughter-house fees.

104. *The tickets shall be obtained by the Commissioners from some press outside the municipality and shall be of different colours for different values. Each kind of tickets shall be bound in books of 25, 50 or 100 as convenient and shall bear consecutive machine numbers. Before issue to the collecting officers, the tickets shall be stamped with the common seal of the Commissioners in the presence of the Vice-Chairman or the Executive Officer or the Secretary. The stock of tickets shall be kept in the custody of the Vice-Chairman or the Executive Officer or of the Secretary, and a stock account of their receipts, issues and balance shall be kept by the Accountant in Form 30 and the tax-collector shall give his receipt in the proper column for tickets made over to him periodically.*

105. The number of tickets issued to the sarkar by the tax-collector shall be counted and entered by him in the sarkar's debit and credit account of tickets (Form 31) which shall be posted whenever tickets are issued or returned or collections deposited.

The Accountant shall check this account when verifying his cash-book (*see* rule 222) and the Vice-Chairman or the Executive Officer or the Secretary shall check it fortnightly like other subsidiary registers.

The cancelled tickets, if any, after being entered in the debit and credit account shall be produced before the Vice-Chairman, or the Executive Officer, or the Secretary for destruction, who shall record a certificate to that effect in the stock register (Form 30).

106. The sarkar shall date each ticket with a rubber stamp as he issues it and shall make the collections under the supervision of the Secretary, or other responsible officer appointed for the purpose by the Commissioners at a meeting.

107. The Vice-Chairman, Executive Officer, Secretary, or other officer appointed in this behalf by the Commissioners at a meeting shall at irregular intervals inspect the tickets of the stall-holders.

The inspecting officer shall satisfy himself that only persons having a ticket of the current date are allowed to hold a stall, or shop, in the bazar, market or to kill an animal in the slaughter-house.

108. At the end of the day or at such other time as may be fixed by the Chairman or Vice-Chairman, the sarkar shall bring his collection money and the balance of tickets in hand to the municipal office, and make them over to the cashier, who shall check the cash and the balance of tickets in hand with the sarkar's debit and credit account of tickets (Form 31). After necessary check, the amount shall be entered in the cash-book in the usual way.

Miscellaneous demands.

109. For demands not otherwise provided for in these rules the Commissioners shall maintain a Miscellaneous Demand Register in Form 40.

Columns 1 to 7 of the register shall be posted when the bills are signed, and the entries regarding payment shall be made in columns 8 to 12.

The money shall then be credited into the cashier's cash-book (Form 78) in the usual way.

110. Bills shall be prepared in Form 41 and shall be entered in the appropriate columns of the register and their satisfaction noted in the proper column. A receipt in Form 42 will be granted in such cases.

111. A receipt in Form 42 shall be granted by the Vice-Chairman, Executive Officer, or Secretary, for any money received by the Commissioners under these rules or the Act for which no receipt form has been prescribed. The total amount received shall be written in words both on the receipt itself and on the counterfoil.

112. The bill and receipt forms shall be bound in counterfoil books. Each book shall contain 100 forms and no book shall be brought into use until all the forms and counterfoils have been consecutively machine numbered. The numbers shall, if possible, be printed.

A separate book in the same form shall be used for any head of revenue, the receipts on account of which are numerous and until the book thus issued has been used up, no new book shall be given out.

113. The receipt and issue of all forms shall be recorded in the stock book (Form 11) and on no account shall loose unnumbered forms be kept in the office.

Recoveries for services rendered to private individuals.

114. No work shall be undertaken by the Commissioners for a private individual other than that executed in default of compliance with notice under section 519 or in pursuance of a deposit under section 516. If a sum of money is received under section 516 it shall be credited to the service head and a special account shall be opened in a separate register in Form 72 in the name of the individual concerned. The amount received shall be entered on the debtor side and the charges incurred on account of the service rendered including the supervision charges, shall be drawn on proper bills and entered on the creditor side, as soon as the amount is paid, with a quotation of the number and date of the voucher. On the completion of the work if there is a balance at his credit, it shall be refunded to him and a note of the fact made in the register.

Subscriptions and donations.

115. Subscriptions and donations for special purposes shall be recorded in Form 43. These shall not be appropriated for any other purposes and to prevent this a separate account shall be kept in Form 72.

Note.—See rule 202.

Contributions.

116. The realisation of amounts due on account of contributions shall be watched by means of the Miscellaneous Demand Register (Form 40). As soon as the demand can be ascertained and the amount becomes due, a bill shall be prepared by the Commissioners in Form 41 and accounted for in the way laid down in rules 109 and 110.

CHAPTER VI.

Establishment.

Monthly pay bills.

117. The salary bill of the municipal establishment shall be drawn in Form 44 and the certificate at the foot of the form shall be signed by the Chairman or Vice-Chairman. When salary is drawn for a portion of a month only, the rate at which it is drawn and the number of days for which it is claimed shall be stated either against the name of the employé in the body of the bill or in a note at the foot of the page.

When an employé is absent from duty and acting arrangements are made in consequence of his absence, the absentee statement on the reverse of Form 44 shall be filled in and signed by the Chairman or Vice-Chairman.

Pay not distributed shall be refunded by short drawal in the next monthly pay bill.

118. No deduction not authorised by the Act, these rules or a competent court or authority, e.g., library fee, association fee or co-operative dues shall be shown in the pay bill.

119. If a Provident Fund has been opened, the headings of the establishment bill may conveniently be in Form 45, but the absentee, increment and other certificates prescribed in rule 117 shall not be changed.

The total of the bill will be the joint total of columns 6 and 13. The amount of column 10 (net amount payable) will be disbursed in the municipal office. The total of the Provident Fund shown in column 14 will be remitted to the Savings Bank by a cheque drawn in favour of the Post Master where accepted by him, in other cases cash should be sent, and the income-tax shown in column 9 will be paid by cheque to the Income-tax Officer of the district. If the amount be less than Rs. 20, payments may be made in cash.

120. To the first bill in which a periodical increment is drawn by any officer a certificate in Form 46 shall be appended.

121. The pay of all temporary employés who are entertained under sanction shall be billed for separately in the same form, the sanction being quoted.

122. One bill whether for establishment or other charges shall ordinarily only contain details of charges to be taken against one of the budget heads. If in any case a bill be presented which contains charges against more than one head, the Accountant shall enface in red ink on the bill itself above the payment order the details of the apportionment of the charges. These details shall be also shown in the cash-book (Form 83) in the column "Head of account in Abstract Register."

123. The last payment of an employé's salary, travelling allowance, Provident Fund deposits, gratuity or security deposits shall never be made until it has been ascertained that there are no demands outstanding against him. A certificate to this effect signed by the Chairman or Vice-Chairman shall be attached to each such bill.

Distribution of salaries.

124. Every municipal employé shall give a receipt with date in the appropriate column on the form for the sum paid to him and shall in the case of sums exceeding Rs. 20 affix a receipt stamp before signing. The cost of such receipt stamp must be borne by the person who received the money and not by the Commissioners. Employés unable to write shall give their thumb impression and shall be paid in the presence of the Vice-Chairman or some responsible officer, who shall record a certificate to that effect.

125. The head of the office is personally responsible for every salary drawn on a bill signed by him until he has paid it to the persons entitled to receive it, and has had the acquittance roll signed and, if necessary, stamped by the payee. The undisbursed amount shall not be kept in hand for over two months and shall be refunded by short drawal either in the next monthly bill or in the bill for the month next following. It can be drawn anew under rule 127 when it is required again for disbursement. Pay shall not in any circumstances be placed in deposit.

126. The head of the office shall not readjust the salaries of the establishment by giving one officer more, and another less, than the sanctioned pay of his post, nor shall he distribute the pay of an absentee otherwise than as provided by any general or special rules or orders of the Commissioners at a meeting.

Arrear bills.

127. Arrear pay shall be drawn not in the ordinary monthly bill, but in a separate bill, with a quotation of the bill from which the charge was omitted or withheld or on which it was refunded by deduction, or of any special order granting a new allowance. Such bills may be presented at any time and may include as many items as are necessary, but they shall be supported by a certificate from the head of the office that the amount was not paid before.

When the bills are paid the number and date of the voucher shall be noted on the original bill from which the charge was withheld or omitted or in which it was refunded, against the item concerned in order to prevent a second claim from being entertained.

Leave and acting allowances.

128. Leave and acting allowances may be granted to municipal employes within the limits prescribed in the Fundamental Rules or other similar rules for the time being in force as regards similar officers in Government service. No leave or allowance in excess of those admissible under these rules shall be granted without the express sanction of the Local Government.

Record of service.

129. A Service Book in Form 47 printed in English and the vernacular shall be supplied at his own cost to every subordinate employé holding a substantive appointment on the permanent establishment of a municipality.

In the case of heads of offices, e.g., Health Officer, etc., this record shall be kept in the "History of Services" in Form 48.

It shall be kept in the custody of the Chairman or the Vice-Chairman whose signature as well as that of the employé on the first page shall be attested every five year.

The Service Book shall contain a contemporary record of the employé's official life including leave of every description, every period of suspension from employment and every other interruption of service with full details of its duration. And every entry relative thereto shall be written across the page and attested by the Chairman, Vice-Chairman, or the Executive Officer or the Secretary.

130. The Chairman or Vice-Chairman is primarily responsible that every necessary entry is made, especially in regard to leave or suspension. The Service Books shall be shown once a year to the employés to enable them to see that all entries relating to their services, leave, etc., have been duly made and attested. The Service Books shall then be kept by the proper authority. Service Books shall be introduced and kept up whether rules for the grant of pension and gratuity have been framed or not.

131. A character roll in Form 49 which will be in the nature of a confidential report shall be maintained for the Executive Officer, Secretary, Engineer and Health Officer and other officers and kept in the personal custody of the Chairman. Unfavourable remarks, if any, made against any officer shall be communicated to him confidentially.

Pensions and gratuities.

132. The Accountant shall prepare the pension papers and certify the amount of pension or gratuity admissible under the rules framed by the Commissioners and approved by Government under section 69 of the Bengal Municipal Act. The grounds on which pension or gratuity is to be awarded shall always be recorded on the pension papers. The amount of pension or gratuity certified to be admissible shall be checked by the Vice-Chairman and the same shall be sanctioned by the Commissioners at a meeting. These documents together with the service books and other connected records shall be placed before the local auditor when he next visits the municipal office and he will post-audit the admissibility of the amount of pension or gratuity sanctioned and paid.

Security.

133. No person shall be appointed to be the Secretary, Accountant, tax-collector, cashier, tax and license fee collecting sarkars and other employés entrusted with the receipt, expenditure or custody of municipal money or property unless he furnishes security to an amount to be fixed by the Commissioners at a meeting, in accordance with the rules framed by them under clause (ix) of section 75 in each instance with due regard to the responsibility of the officer.

Such security must be either a deposit of cash or Government promissory notes, or Post Office Saving Banks deposits. In exceptional cases the Commissioners at a meeting may accept payment of the required security by deductions from salary. Such deductions shall be at not less than one-fourth of his pay or at not less than such sum as would make up the security in a maximum period of five years. In such cases personal securities shall be obtained until the full amounts of the cash securities required have been recovered, the solvency of the sureties being ascertained from time to time:

Provided that the Municipal Commissioners may, if they so desire, accept fidelity bonds from such employees, in lieu of security in monthly instalments, in accordance with the principle laid down in the notes appended to rule 40 of the Bengal Financial Rules.

134. In the case of every employé affected by the preceding rule, a security bond in Form 50 shall be executed. All such bonds shall be kept under lock and key in the custody of the Chairman, Vice-Chairman or Secretary.

A security bond executed in a particular capacity is not valid when the duties and responsibilities are added to or changed.

Travelling allowance.

135. Travelling allowance may be granted to municipal employés for journeys undertaken in the interests of the municipality. The travelling allowance paid to such officers shall not, without the express sanction of the Local Government, exceed what would be admissible to similar officers in Government service under Part III, Chapter V, of the Fundamental Rules.

136. Travelling allowance shall be drawn on a contingent bill (Form 52) in which the following details shall be given:—

- (a) Name of officer with designation;
- (b) Maximum pay of appointment;

Note.—The Chairman may not delegate the power of countersignature to any officer subordinate to him, except the Vice-Chairman or Executive Officer, and to the latter only if duly authorized under section 51 or 52 as the case may be.

CHAPTER VII.

Contingent expenditure.

Contingent bills.

137. All recoupments of contingent charges shall be drawn on a bill in Form 52.

Note.—Contingent expenditure includes all charges other than those for establishment or travelling allowances.

Imprest accounts.

138. A sum of money specified from time to time by the Commissioners at a meeting but not exceeding Rs. 100 without the sanction of the Commissioner of the Division may be placed as a permanent advance at the disposal of an officer whose duties cause him to incur petty expenses which require to be paid at once before money can be obtained on a contingent bill (Form 52). Similar advances may also be made to schools, dispensaries and other municipal institutions.

Payments exceeding Rs. 20 shall not ordinarily be made from the imprest.

139. The holder of the permanent advance shall make payments from his permanent advance from time to time as may be required, and for each payment he shall obtain and hold a bill receipted by the payee, or in the case of petty office expenses a written detailed statement of the sums spent.

These bills or statements shall be numbered consecutively, enfaced or stamped "paid in cash" and entered in the expenditure columns of the permanent advance account in Form 53, the classification of the charges being carefully entered in the columns provided for the purpose.

140. The permanent advance may be recouped whenever necessary, and it shall always be recouped on the last working day of the month and it shall be recouped in the following manner:—

- (i) The officer holding the advance shall compare the sub-vouchers with the entries in the permanent advance account and he shall deface them by stamping them "cancelled" so that they cannot be used again. He shall total and initial the column "amount of sub-voucher" in the permanent advance account and also the amounts in the classification columns, the cross total of which should agree with the total of the column "amount of sub-voucher" and shall rule a red ink line across the page.
- (ii) The bill for recoupment shall then be drawn out and sent to the municipal office for payment. After the bill is enfaced with the usual payment order in the form prescribed in rule 214, a cheque shall be drawn out in favour of the officer holding the advance.

The recoupment shall always be in full of expenditure from the last recoupment to date so that the balance in hand after recoupment will always be the full amount of the advance.

141. The serial number of the sub-vouchers shall always recommence with No. 1 after each recoupment.

142. Sanction of the Commissioners at a meeting shall be obtained for the purchase of books, periodicals, newspapers, official publications, for unusual contingent charges, such as typewriters, fountain pens, furniture, etc., and for all recurring contingent charges which bind the Commissioners beyond a single payment.

Stamps and Postage.

143. Stamps and postage charges shall ordinarily be met from the permanent advance. But, in order to enable a check to be kept upon the number of stamps expended by each department using stamps upon the business of the municipality, a Stamp Register shall be maintained in Form 54. The same register shall be used for receipt or other stamps, separate pages being allotted for each description, columns 5 and 6 being modified as required.

This register shall also serve as the despatch register.

144. The balance of stamps in hand shall be verified once a month by the head of the office who shall make a note of the verification in the remarks column under his signature.

Note.—See rule 258.

Stationery Accounts.

145. The stationery accounts shall be maintained in Form 55. The purchases shall be made annually or half-yearly on indents duly sanctioned by the Chairman and showing the stock in hand at the time, the actual consumption of the previous year and the quantity required. The issues shall be acknowledged in the register under the initials of the officer supplied. The balances shall be struck at the end of the half-year and verified with the actual stock by the head of the office, who shall record a certificate to this effect on the register.

CHAPTER VIII.

Public works.

146. To facilitate the preparation of estimates, a schedule of rates of each kind of work commonly executed shall be kept up. The Chairman, the Vice-Chairman, the Executive Officer, the Secretary, or the Municipal Engineer shall periodically ascertain the market rates and place them before the Commissioners at a meeting to consider whether the schedules of rates should be revised. The schedule shall be passed at least once a year by the Commissioners at a meeting in March of each year. Any change in the rates during the currency of the year shall likewise be sanctioned and the number and date of the resolution quoted against the item concerned, under the initials of the Chairman or the Vice-Chairman.

Estimates.

147. Except in cases of emergency or to prevent damage or loss, no work shall be put in hand until a properly detailed estimate in Form 98 has been prepared and sanctioned.

All estimates for new works and repairs, the amount of which is not more than Rs. 200, may be sanctioned by the Chairman or the Vice-Chairman if empowered to do so, and those which amount to more than Rs. 200 shall be sanctioned by the Commissioners at a meeting and signed by the presiding officer.

In large municipalities, this limit may be raised with the sanction of the Commissioner of the Division.

In the case of the following classes of estimates or projects the sanction of the Commissioners shall be subject to the approval of the authority indicated:—

- | | | |
|---|---|---|
| (a) All projects for new works, the estimated cost of which exceeds Rs. 10,000, but does not exceed Rs. 25,000. | } | Approval of the Commissioner of the Division. |
| (b) All projects for new works, the estimated cost of which exceeds Rs. 25,000. | } | Approval of the Local Government in the Local Self-Government Department to be obtained through the Commissioner of the Division. |

The sanction of the Commissioners to an estimate for an original work which forms part of a contemplated scheme although such estimate may in itself be within the limit up to which the Commissioners can sanction, shall be subject to the approval of the same authority as the estimate for the whole scheme would be, and no such estimate for a part of a scheme shall be sanctioned unless the nature and the approximate cost of the entire scheme is fully set forth in the report of the estimate.

A revised estimate shall be prepared when an estimate is likely to be exceeded by more than 10 per cent. of its total amount or when considerable alterations of the original estimate are desired; and it shall be submitted for the approval of the authority whose sanction would be necessary if it were an original estimate.

148. The estimates shall be filed in order of sanction and indexed.

Measurement Book.

149. The overseer or other officer deputed for the duty of periodically measuring the works shall keep up a Measurement Book in Form 56.

150. The pages of the book shall be machine-numbered, and no page shall on any account be torn out, nor shall any entry be erased or effaced so as to be illegible. If a mistake be made, it shall be corrected by crossing out the incorrect words or figures, and the correction thus made shall be initialled.

The entries in the Measurement Book should, if possible, be made in ink, but when this is not possible and the entries have to be made in pencil, the pencil entries shall not be inked over but left untouched. The contents or area shall, however, be invariably inked in.

151. (a) The Measurement Book shall be the basis of all accounts of quantities whether of work done by daily labour or by piece or by contract or of materials received which have to be counted or measured.

(b) Before the bill of a contractor is prepared the entries in the Measurement Book relating to the description and quantities of work

or supplies shall be scrutinised by the Municipal Engineer or by the officer selected by the Commissioners at a meeting and the calculation of the "contents or area" shall be checked arithmetically under his supervision. The bill shall then be prepared from the measurement entries in Form 57 or 58, as the case may be, and the rates shall be taken from the agreement or tender accepted. The pages of the Measurement Book in which the detailed measurements are recorded shall invariably be quoted on the bill. The bill shall be signed with date by the officer in charge of the work and by the contractor in token of its correctness.

(c) Before signing the bill, the Municipal Engineer or the officer selected by the Commissioners at a meeting shall compare the quantities in the bill with those recorded in the Measurement Book and see that all the rates are correctly entered and that all calculations have been checked arithmetically. When the bill is on a running account, it should be compared with the previous bill. The memorandum of payment shall be checked and any recoveries which shall be made on account of work or supply or on other accounts shall be shown therein. Every page containing the detailed measurements shall then be scored out by a diagonal red ink line.

(d) The Accountant shall then check the bill with the Measurement Book, estimate, agreement, previous payments (in case of running bills), balance of allotment available and the arithmetical calculations, and shall submit the same before the Chairman or the Vice-Chairman (*vide* rule 214). The number and date of the payment voucher shall be noted on the abstract of measurements in the Measurement Book and also on the pages containing the detailed measurements.

152. To enable the overseer or other officer in charge of works to submit his Measurement Book with the bills or accounts to the municipal office two or more books for his use shall be provided. The Measurement Books after they are completed shall be returned to the municipal office for record.

153. When note or Measurement Books are issued, the name of the subordinate to whom they are issued and the date of issue will be noted on the book and attested by the signature of the head of the office. All the Measurement Books shall be numbered serially. A list of all books issued shall be kept in the municipal office in view of their being promptly called in and filed when done with.

Works executed by contract.

Tenders.

154. In the case of all works executed by contract, tenders shall be invited in the most open and public manner possible whether by advertisement in the local newspapers or by notices in the vernacular posted in public places. Where lowest tenders are not accepted the reasons for the same shall be stated.

Agreements.

155. For every work given out on contract an agreement on stamped paper shall be taken in Form 97 and executed in accordance with section 103.

Security.

156. As a safeguard against possible loss to the Commissioners the Chairman shall as a rule take security for the due fulfilment of a contract and this shall be either in the shape of a lump sum or a deduction of 10 per cent. made from the payments due from time to time on account of work done.

The securities so taken will also serve to cover possible over-payments which may be detected on check-measurement.

Note.—See rule 187.

Contract Certificates.

157. Payments for work done or materials supplied by contractors shall be made as a rule monthly on a Contract Certificate in Form 57, showing quantities and value of work executed up to date, the quantities entered being duly attested by the overseer. Such payments shall be treated as payments on account. On the completion or cessation of the work, the final adjustment of the contractor's claim shall be made on bills printed on yellow paper and the payment shall be made on the contractor adding on the bill a certificate in his own hand-writing or attested by his thumb impression that the payment is in full settlement of all demands.

158. When contractors or suppliers are paid up at once on completion of the work or supplies, Form 58 may be used for the bill. In this form the accounts of several works and if necessary of more than one payee may be included.

Payments to contractors.

159. Payments to contractors and suppliers shall be made by means of cheques drawn in their favour. Such cheques shall be delivered to them direct and not through the overseer. When, however, the payee is a firm carrying on business outside the district the procedure laid down in rule 230 shall be followed.

Works executed through departmental agency.

Muster Roll.

160. When work is done by daily labour through departmental agency the basis of the account shall be the Muster Roll and when payments are not made daily the Muster Roll shall be a nominal one, *i.e.*, names of the labourers shall be entered in it. This shall be kept in Form 59. The nominal Muster Roll being the initial record of the labour employed each day on a work, shall be written up daily by the subordinate deputed for the purpose each morning before the labourers begin work.

161. An extract from the Measurement Book shall ordinarily be endorsed on the Muster Roll and the quantity of work turned out shall be compared with the cost of the labour employed so as to afford satisfactory evidence that the outturn of work gives a sufficient return for the money spent. Any deficiency in this respect shall be noticed by the paying officer.

162. If, however, the work is of a petty nature, and in consequence not susceptible of measurement, a certificate in lieu of the above shall

be furnished by the officer in charge of the work to the effect that the work turned out is worth the amount paid for it.

163. The Muster Roll shall be closed immediately after the close of the week or other period for which it is kept and the labourers paid as soon after as possible.

The payment shall be made in the presence of the Chairman, Vice-Chairman, Executive Officer, Secretary, an officer appointed by the Municipal Commissioners at a meeting, or a Ward Commissioner, who shall initial with date against the group of labourers paid on that date. The amount paid on each date shall be noted in words as well as figures at the foot of the Muster Roll (Form 59). The disbursement certificate at the foot of the Muster Roll shall then be signed by the officer witnessing the disbursement.

164. Wages not claimed within three months of their falling due shall not be paid without the written orders of the Chairman or the Vice-Chairman or Executive Officer. Claims preferred six months after their becoming due shall however be supported by a certificate from the head of the office that the amount was not paid before.

Completion certificates.

165. Before final payment for a work is made, a completion certificate shall be submitted by the Vice-Chairman, Executive Officer or a Commissioner appointed by the Commissioners at a meeting in this behalf, to the effect that he has examined the work, and that it has been properly carried out in accordance with the sanctioned plans and estimates. If it has not been so carried out, an explanation of the difference shall be given.

Check-measurements.

166. All important works executed under the supervision of the municipal authorities shall be check-measured by the Vice-Chairman, or other officer appointed by the Commissioners at a meeting in this behalf. The fact of check-measurement shall invariably be noted under his signature with date or dates of check-measurement both against the measurement entries in the Measurement Book and in the contract certificates on which final payment is made.

Register of Works.

167. A Register of Works shall contain a record of every original work or repair estimated to cost more than Rs. 200, showing the expenditure incurred in comparison with the estimate and the arrears due on accounts for which part payments have been made. When the work is estimated to cost under Rs. 2,500, the record of outlay need not be kept by sub-heads, and Form 56 will be used. But a record shall be kept by sub-heads and Form 61 used where the outlay is estimated to cost not less than Rs. 2,500, provided that sub-heads under Rs. 200 need not be separately detailed in the register.

For works the cost of which is estimated not to exceed Rs. 200 expenditure against the estimate shall be watched by noting on the estimate itself the number of each payment voucher and the amount thereof.

Stock and Store Accounts.

168. For stock and store accounts, registers shall be kept in Form 62 with any additional details or columns which may be found requisite.

A separate set of pages shall be assigned to each description of stock. The figures entered in column "balance" shall be certified half-yearly by the Vice-Chairman or Executive Officer or the Secretary as representing articles found by actual counting or measurement, and if any excess or deficiency be found, the register shall be corrected accordingly.

Note.—See rule 258.

169. When there is a large balance of stores for use by the Engineering Department, registers of daily receipts and issues in Form 63 with inner columns for each kind of stores may be kept instead of Form 62. This register shall be balanced monthly in a separate abstract in Form 64 and a half-yearly return in Form 65 showing the receipts and issues month by month and the balance shall be prepared for stock-taking.

Note.—See rule 261.

170. A separate account shall be kept of tools temporarily lent to contractors or in use by the municipal subordinates. When no longer required they will be received back by the store-keeper and transferred to the account of articles in store.

Indent Register of Stores.

171. All orders for supplies required for miscellaneous work to be executed shall be issued in Form 66. The Vice-Chairman shall see that the persons or firms concerned furnish bills for payment immediately after the close of the month or the completion of the work, as the case may be, supported by the order. But one bill shall ordinarily be submitted for all orders received by the same person during the month. A list of unpaid liabilities, if any, shall be prepared from this Register at the end of each quarter.

Note.—See rule 220.

Workshop.

172. The Engineer, or officer in charge of the workshop, shall keep up a stock book (Form 62) of stores, apparatus, fittings, etc., received for use in the shop. This register shall be balanced and the stock, etc., in hand verified by the officer in immediate charge of the shop at such intervals as the Commissioners at a meeting may prescribe, but not less than once a year.

Note.—See rule 258.

Work Register and Muster Roll.

173. To enable a check to be kept upon the work done in the workshop the officer in charge shall keep up a Work Register in Form 67. He shall also keep up a Muster Roll (Form 59) of the workmen.

174. The Workshop Stock Book and the Work Register shall be examined not less often than once a month by the Municipal Engineer or other officer in charge of Public Works, who shall sign the register in token of his having made this examination. This officer shall also at frequent and unexpected intervals check the Muster Rolls.

Contribution works from the Road Development Fund.

175. When any work is to be carried out from contribution from the Road Development Fund, the project will have to be first approved by the Government of India. The grant sanctioned for each project may be paid by the Local Government in instalments from time to time and the work will be subject to inspection by the Executive Engineer or the Superintending Engineer of the Public Works Department of the Government of Bengal who will report whether it complies with the approved specifications. The final instalment of the grant will not be paid by the Local Government, nor shall the final payment for the works executed be made to the contractor by the Commissioners, until the Superintending Engineer furnishes a certificate that the work has been completed according to the approved specifications.

176. All contributions received from the Central Road Development Fund through the Local Government for reconstruction of roads and all expenditure incurred therefrom or from the Municipal Fund exclusively on those works shall be entered in the Appropriation Register (Form 76) for each sanctioned estimate separately. The unspent balance of contribution for one work shall not be appropriated towards the expenditure on any other work but shall be refunded to the Local Government by debit to the head "Extraordinary and Debt—Subvention from the Road Development Fund." A progressive statement in Form 77 showing the contributions received, the amounts expended out of them, and the balance left unspent in respect of each sanctioned estimate shall be submitted quarterly to the Local Government through the Commissioner of the Division and the Superintending Engineer and a copy of the same shall be forwarded to the Accountant-General, Bengal, and the Chief Engineer, Public Works Department. The copy forwarded to the Accountant-General, Bengal, shall be duly countersigned by the Superintending Engineer before it is sent. The total unspent balance of this statement shall agree with the outstanding balance of "Deposits—Subvention from the Road Development Fund."

Note.—See rule 177.

177. As soon as the money is received by the Commissioners it shall in the first instance be credited to a separate sub-head "Subvention from the Road Development Fund" under "(F) Extraordinary and Debt—Deposits." The actual expenditure on the works shall be debited to the head "C—Public Health and convenience—14—Public Works—Reconstruction of roads from the Road Development Fund." At the same time an amount equivalent to the amount of expenditure incurred in a month on these projects, shall be adjusted month by month by debit to the deposit head "Deposits—Subvention from the Road Development Fund" and credit to a separate detailed head "Contribution from Government for Road Development" under "D—Grants and contribution for general and special purposes." The outstanding balance of the deposit head "Deposits—Subvention from the Road Development Fund" will represent the net liability of the Commissioners to the Local Government.

CHAPTER IX.

Dispensary Accounts.

General.

178. The accounts of Dispensaries included in Class III-A under rule 28 of the Dispensary Rules shall not be entered in those of the municipality, which is only concerned with them as an agency for the realization of endowments in the municipal area, and as paying a regular subscription from Municipal Funds. Dispensaries of Class III-B being a municipal asset and liability, their accounts shall be entered in those of the municipality. The following rules apply to either class.

Class III-A.

179. Class III-A Dispensaries, *i.e.*, those whose accounts are not incorporated:—

- (1) The income from the endowments and investments will be realized by the Commissioners and remitted to the Treasury for credit to the account of the Dispensary Fund, an intimation being at the same time sent to the Managing Committee.
- (2) The periodical contribution to be made out of the Municipal Fund shall be paid by cheques, to be drawn in favour of the Chairman or Secretary of the Dispensary Committee and credited to the ledger account of the Dispensary kept at the Treasury by transfer.

Class III-B.

180. All subscriptions and donations and other miscellaneous receipts collected by Managing Committees of Municipal Hospitals and Dispensaries in Class III-B shall be deposited intact in the Postal Savings Bank in the name of the Chairman or Secretary of the Managing Committee, who is authorized to withdraw therefrom such amounts as may be required for expenditure within budget limits. The Chairman of the Managing Committee shall send monthly *pro forma* account in Form 68 showing separately the charges paid from the municipal office and those paid in cash by the Chairman or Secretary. The latter amount will be brought to account in the municipal office through the Adjustment Register (Form 88) by debit to the head "4—Hospitals and Dispensaries—Charges to be met from special receipts and by credit to D—Grants, etc., 3—From other sources for medical purposes." Care shall be taken to make this adjustment for the month of March before the accounts of the year are closed. But for each institution vested in the Commissioners, a subsidiary balanced account shall be kept in Form 69 in which shall be credited (*a*) all endowments, funds and contributions received by the Commissioners on its behalf; and (*b*) all sums allotted in the budget estimates for its establishment and maintenance which are chargeable to the general revenues of the Municipal Fund and in which all expenditure incurred shall be charged. The balance of

this account which shall be struck at the close of each month shall not be appropriated to any object other than the establishment and maintenance of the institution to which it belongs.

The monthly *pro forma* accounts submitted by the Managing Committee shall be checked by the accountant with the balanced account kept in the municipal office.

181. Any hospital, dispensary, school, library, museum or such other properly constituted body vested in the Commissioners under section 97 shall submit to the Commissioners a copy of their sanctioned budget for approval.

CHAPTER X.

Debt Heads.

Advances.

Permanent Advance.

182. Whenever the Commissioners at a meeting decide that a permanent advance may be granted to any officer for payment of petty charges, the following procedure shall be adopted:—

- (1) On first receiving or taking charge of the permanent advance the holder shall sign and file an acknowledgment in these terms:—"I acknowledge to have in my possession a permanent advance of Rs. (rupees) which sum is due from me to the Commissioners, and I am personally accountable for the amount."
- (2) A similar acknowledgment shall also be given by the holder on the first working day of each year.
- (3) The permanent advance when first drawn shall be charged in the Cash-book to the head "Advances" and shall be debited to the holder's account in the Advance Ledger.

There will be no further entries in the ledger account until the advance is finally repaid. A portion of a permanent advance shall never be refunded. If the amount originally fixed for the permanent advance is subsequently increased or decreased by the Commissioners at a meeting, the original advance shall be repaid and a fresh advance drawn.

OTHER ADVANCES.

183. All moneys advanced to contractors or to the Chairman, Vice-Chairman, Commissioners or other individuals under whose personal superintendence a work is being executed, all sums paid without proper vouchers, and any other advance that may be made shall in the first instance be charged to the head "Advances" and entered in the Advance Ledger (Form 70). A separate account

shall be opened in this ledger for each person to whom an advance has been given and this account shall be credited with the amount of any repayments that may be made.

Advances for works to be carried out departmentally should not be for the full sanctioned cost of the work, but should be restricted to the amount actually necessary to meet immediate payments; and as this amount is exhausted it can be recouped by submitting detailed bills for the expenditure incurred.

184. In the case of advances made to contractors or others for the execution of works, the account shall be credited with the actual value of work done upon receipt of detailed bills and proper vouchers for the expenditure incurred out of the advance. These adjustments shall be carried through the Adjustment Register in the manner prescribed in rules 244 to 246. Before the order for adjustment is made, the bills and vouchers put forward in support of the expenditure shall be passed by the Chairman or Vice-Chairman if authorized under section 52 or both in the same manner as other bills are passed. The passing order shall run thus:—

“Passed for rupees . Adjust Rs. by credit to advance
account of , and debit to .”

185. The different accounts in the Advance Ledger shall be balanced quarterly and signed by the Vice-Chairman, Executive Officer or Secretary. The postings in the Advance Ledger shall be checked with the accounts at the end of each quarter.

The officer who signs the accounts shall at the same time satisfy himself that steps are being taken to recover or adjust advances which have been outstanding for more than three months. At the close of every quarter a list in Form 71 shall be prepared of outstanding advances.

Deposits.

186. All sums of money received by way of security deposit from contractors or others and all sums received which are not the property of the Commissioners and have been placed with the municipal authorities for a temporary purpose only shall be credited to the head “Deposits received” in the Abstract Register of Receipts (Form 86) and shall be entered on the credit side of the Deposit Ledger (Form 72). As in the Advance Ledger a separate account shall be opened for each depositor and the accounts shall be balanced quarterly and signed by the Vice-Chairman or Secretary.

187. In cases where deductions are made from the bills of contractors as security for the due performance of work the bills shall be passed by the Chairman or Vice-Chairman or both for the full amount due on the bill, but only the net amount paid shall be entered in the Cash-book (Form 83). The amount deducted as security shall be brought upon the municipal accounts and into the Ledger of Deposits (Form 72) through the medium of the Adjustment Register in the manner described in rules 244 to 246. The payment order shall run thus:—

“Passed for Rupees
Pay Rs. by cheque and adjust Rs. by debit to
and credit to deposit account of .”

188. At the close of every quarter a list of outstanding deposits shall be prepared in Form 73. The postings in the Deposit Ledger shall be checked with the accounts at the end of each quarter.

Register of Security Deposits other than Cash.

189. Security deposits in cash shall be entered at once in the Cash-book of the municipality and the Deposit Ledger and paid into the Treasury like revenue. All other forms of security such as Government paper, Post Office Savings Bank deposits and the like shall be recorded in a register in Form 74. When the security is surrendered the depositor shall give a receipt in the column provided for the purpose.

Government Security Register.

190. All Government securities which shall become, by purchase or otherwise, the sole property of the Commissioners shall be accounted for in Form 74. They shall not be written off this form unless disposed of absolutely by sale or otherwise, *e.g.*, Government securities merely made over to the Reserve Bank of India, Calcutta, for safe custody on payment of usual commission (*vide* G. O. Nos. 2055-59M., dated the 14th March 1935, to all Commissioners of Divisions) shall not be written off this account.

Annual verification of Securities.

191. The total amount of securities which are in the safe custody of the Reserve Bank of India, Calcutta, shall be verified annually by the Vice-Chairman, Executive Officer or the Secretary with the list published by the Reserve Bank of India in the *Calcutta Gazette* at the close of each calendar year and a certificate of verification given in the remarks column of the register against each entry therein.

Securities which are in the custody of the Chairman himself will be verified by the Local Auditor at the time of audit.

Loan Register.

192. The transactions in regard to any loan contracted by the Commissioners shall be recorded in Form 75.

When a loan is raised in the open market under the condition that a Sinking Fund is to be formed for its payment, the payments to the Sinking Fund as they fall due shall be made to the Commissioner of the Division and the Collector of the District, who will hold the Fund in trust for the redemption of the principal of the loan. On receipt of the money the Trustees will lodge it in the Treasury for credit to a personal ledger account to be opened in their names, and as soon as a sufficient balance is available they will invest the same in Government securities for retention in the custody of the Reserve Bank of India. When any loans or debentures fall due, the Trustees will realize the whole or a sufficient portion of the securities held in their names and apply the sale-proceeds thereof, so far as they will extend,

to satisfy such loans or debentures. The interest accruing on the investment will be added to the balance of the trust account until the Sinking Fund is complete.

The transactions of the trust account will be recorded in a cash-book in Form I of the Account Rules for the guidance of the Administrators of Trust Fund issued by the Government of Bengal. As soon as possible after the 31st March in each year the Trustees may forward to the Chairman an abstract of the account in Form II of the Trust Fund Rules and obtain from him a written acknowledgment of the correctness of the account. The Trustees may bring to the notice of Government any default in payment to the Sinking Fund which is not immediately remedied.

Depreciation Fund for Waterworks and Sewage Works.

193. When a waterworks or sewage works is maintained by the Commissioners, they shall make an annual contribution to a fund called Waterworks/Sewage Works Depreciation Fund, for defraying the cost of renewal of parts of the plant, which are liable to rapid deterioration, as detailed in rule 194.

194. For the purposes of these rules, the average life of parts of plant shall be calculated from the assumed lines of the items mentioned below:—

The average life of a plant shall be calculated in the following manner:—

Example.—Suppose the Commissioners have the plant mentioned below:—

Plant.	Cost. Rs.	Life. Yrs.
(a) Heavy oil engines ..	6,210	20 = 1,24,200
(b) Centrifugal pumps ..	3,417	25 = 85,425
(c) Filter parts (including chlorinator)	10,860	15 = 1,62,900
Total ..	20,487	3,72,525

Therefore the average life of the whole plant would be $\frac{3,72,525}{20,487} = 18 \text{ y}$

195. The amount to be deposited in the said fund shall be included in the estimate of the recurring cost for upkeep of the works.

196. The amount of annual contribution to the Depreciation Fund shall be such that the contributions together with the amount by which the fund is improved by investment shall be equal, at the end of the period the plant is expected to last, to the original cost of the plant. For the purpose of this rule the rate of improvement shall be calculated at $2\frac{1}{4}$ per cent. The annual contribution shall be calculated with reference to the following table:—

Table showing the annual sum which accumulated at compound interest will amount to 1 at the end of a period (vide Archer's Table).

Average life of the plant.	Fractional annual contribution at $2\frac{1}{4}$ per cent.	Average life of the plant.	Fractional annual contribution at $2\frac{1}{4}$ per cent.

Example.—If the value of the plant be, say, Rs. 2,000 and the assumed life be 20 years, the annual contribution to the Depreciation Fund at $2\frac{1}{4}$ per cent. rate of improvement) should be $.0401 \times 2,000$ rupees.

197. The contributions to the Waterworks Depreciation Fund shall at the end of each year be invested in Government securities or in postal cash certificates or kept in fixed deposits in the Imperial Bank of India, where a branch exists. Any small amount left over after such investment should be carried forward towards the investment to be made in the succeeding year. The Government promissory notes may be deposited for safe custody with the Treasury Officer.

198. When any expenditure is to be incurred out of this fund, the whole or such portion of the investment as may be required shall be realised for the purpose.

199. The interest accruing on the investment should be added to the corpus of the fund, the account of which shall be kept by the Commissioners in Form I of the Account Rules for the guidance of Administrators of Trust Funds.

200. Immediately after the close of each financial year, the Commissioners shall submit to Government, through the proper channel, and to the Chief Engineer, Public Health Department, an abstract of the accounts of the fund in Form II of the Trust Fund Rules.

201. The accounts of the Fund shall be audited by the local auditor along with the other accounts of the Commissioners and any default in the payment of the contributions or diversion of the Fund or any other irregularity shall be brought to the notice of Government through the audit report.

Appropriation Register.

Loans, Government Securities, Endowments and other Funds.

202. To watch the appropriation of funds raised by loan or special grants by Government or contributions intended for special purposes by individuals or local bodies an Appropriation Register shall be kept in Form 76. The expenditure shall be posted monthly from the Register of Works or other appropriate register. Without the sanction of Government previously obtained no portion of such funds shall be appropriated even temporarily to any object other than that for which it was intended. Separate pages or sets of pages shall be set apart for each endowment or fund. Any unspent balance of a Government grant made for expenditure in a particular year shall lapse and shall not be available for expenditure in the subsequent year except with the sanction of Government.

CHAPTER XI.

Municipal Office Accounts.

Cashier's Cash-book.

203. All money received at the municipal office shall immediately and without reservation be brought to account in the cashier's Cash-book to be kept in Form 78 under the direct supervision of the Vice-Chairman. The receipts shall be classified in the column provided according to the budget heads.

204. All receipts shall be entered daily in the Cash-book.

As regards receipt on account of collections for which separate registers are prescribed the totals only shall be entered against the appropriate account head, "Total arrears" and "Total current" being shown separately in the case of tax collections made by sarkars.

Other receipts shall be entered with full details of names and particulars.

As far as possible all receipts under the same head shall be grouped together for facility of accounting.

205. Any revenue paid direct into the treasury either by servants of the Commissioners who are authorised to collect or by other persons, will not be entered by the cashier in his Cash-book, as he need keep a record only of the money which passes through his hands. Each servant who collects miscellaneous sources of income and remits money to the treasury shall keep a cash account in such detail as is necessary; but if the collections he makes are recorded consecutively in one of the prescribed registers and he can prepare his challan direct from the register, no further account is required. For example, if the License Inspector appointed to collect the horse and carriage tax remits his collections direct to the treasury instead of through the cashier, he can prepare his challan from Form 24 without keeping a separate cash account.

Custody of the Municipal Fund.

206. Subject to the provisions of section 106, all sums received on account of the Municipal Fund shall be paid into a treasury

When moneys received or collected on account of the municipality cannot be immediately remitted to the treasury in which the Municipal Fund is deposited, they shall be kept in a strong iron-safe secured by two locks of different patterns. As an invariable rule, all the keys of the same lock shall be kept in the same person's custody and, as a general rule, the keys of one lock should be kept apart from the keys of the other lock and in a different person's custody. The custodian of one set of keys should be the Vice-Chairman or some other Commissioner or municipal officer who may be placed in charge of the cash-chest by the Commissioners in a meeting, and of the other, the cashier. The chest shall never be opened or closed without both custodians being present.

At the close of each day's transaction the cash shall be verified by actual count and the details of the cash balance shall be recorded in a bound book in Form 79.

The cash balance certificate should be signed by the cashier and the Vice-Chairman or other Commissioner or municipal officer in charge of the cash-chest. The latter officer shall verify the cash balance and see that it agrees with the balance of the cashier's Cash-book for the same day (Form 74).

Note.—The provisions of the rules in this Chapter shall apply *mutatis mutandis*, so far as possible, to accounts of those municipalities whose funds are kept in a Bank, which is not used as a Government treasury, with the approval of the Local Government.

Remittance into the treasury.

207. All moneys received on account of the Commissioners shall be remitted intact to the treasury as often as can be conveniently managed and shall on no account be appropriated towards expenditure. The collections up to the 30th March shall invariably be remitted to the Treasury on or before the 31st March and those of the 31st March shall be remitted on the same day, if possible, or on the following working day without fail.

208. All moneys paid into the treasury to the credit of the Municipal Fund whether by servants of the Commissioners or by others shall be accompanied by a challan in Form 80.

If the remittance to the Treasury are all made through the cashier, the challan shall be in duplicate and the forms shall be bound in books. The second part shall be removed from the book and retained by the Treasury office, and the original and counterfoil shall be receipted by the Treasury officials and brought back to the municipal office by the servant sent with the remittance. When remittances are made by more than one officer or by a person not in the employ of the Commissioners the challans shall be in triplicate. The first part shall be retained by the Treasury office, the second part shall be sent at once to the municipal office, and the third part shall be delivered to the person paying in the money. Commissioners of municipalities not banking with Government Treasuries may use loose challan forms.

209. The details of each remittance classified according to the different heads of revenue will appear in the cashier's Cash-book (Form 78). The challans for remittance by the cashier shall therefore record only the name of the municipality on account of which the money is sent to the Treasury and the detail of the notes and coins of which the remittance is composed.

210. When a remittance is to be made to the Treasury, (i) all receipts up to the time of remittance shall be entered in the Cash-book (Form 78), (ii) all money columns (columns 5 to 13 of Form 78) shall be totalled and the cross total of columns 5 to 12 shall be agreed with that of column 13, (iii) the total amount of column 13 shall be entered in column 14 and remitted to the Treasury with a challan, and (iv) the number and date of the challan shall be noted against each remittance. The Vice-Chairman shall check and initial against the total of the remittance in column 14.

A red line shall be drawn across the book below the totals after each remittance.

All amounts received after the remittance is made shall be entered below the line mentioned above, and the date in column 1 of Form 78, shall be the actual date of receipt and not of remittance.

Pass-book.

211. The Pass-book will be supplied gratis by the treasury. It is not a municipal account book, but is simply a copy of the account kept in the Treasury of the money paid in and taken out by the Commissioners. It shall therefore always be written up only by the Treasury establishment by whom the original account is kept.

No entries or marks shall under any circumstances be made in the Pass-book by any one connected with or working in the municipal office.

With the remittance shall be sent the Pass-book of the Commissioners.

Upon receipt of the money by the Treasury both sides of the Pass-book will be written up to date by the Treasury Accountant, the entries initialled by the Treasury Officer and the book returned at once to the municipal office.

At the close of each month the balance in the Pass-book will be struck by the Treasury Accountant with the amount written in words and shall be signed by the Treasury Officer.

The total of the balance and the amount of outstanding cheques shall be checked against the corresponding balance shown in the Cash-book (see rule 224). The Vice-Chairman shall not sign the Cash-book until such agreement has been effected.

Note.—If municipalities bank with the Imperial Bank instead of with the Treasury, the said bank shall furnish a statement of accounts instead of a Pass-book. The bank should be requested to furnish such statements as soon as a remittance is received and always for the last working day of each month. These statements shall be serially and chronologically filed and serve the purpose of the Pass-book. This rule, with the exception of sub-paragraph 3, shall apply *mutatis mutandis* to municipalities banking with a branch of the Imperial Bank of India.

212. The Vice-Chairman, Executive Officer or Secretary, shall once at least in every fortnight examine the cashier's Cash-book together with the Pass-book, so as to satisfy himself that all money received has duly been remitted to the treasury without delay and that the cashier does not retain in hand sums of money in excess of the security which he may have given, and that he always remits to the Treasury the whole and not part of the day's receipts and he shall initial the Cash-book in token of having made this examination. He shall further once at least in every fortnight examine the cashier's and the accountant's Cash-books with all the subsidiary forms (other than rate bill forms) and registers in which receipts are given or collections recorded with the view of testing whether all sums received are actually brought to account promptly. (See rule 230 below).

213. The Chairman, the Vice-Chairman, the Executive Officer, the Secretary or any other disbursing officer shall exercise the same vigilance in respect of all expenditure out of the Municipal Fund as a person of ordinary prudence would exercise in spending his own money. If there be any loss to the Municipal Fund, the officer who incurred the expenditure shall be liable for the same.

Payment orders and payment of claims.

214. Every bill or other claim for payment shall be presented in the first instance to the Accountant who shall check and examine it as regards arithmetical accuracy, propriety of the claim, and its admissibility with reference to sanction, order book, measurement book or other documents, and if it be found to be correct and in order, initial it and submit it for orders to the Chairman or Vice-Chairman. Wherever permissible pies involved in the total of the passed bill shall be rounded off to the nearest anna—items below 6 pies being omitted and 6 pies and above treated as one anna. If payment of the bill so presented is to be made a payment order shall be endorsed on the documents, that is to say, on the bill presented by the person who prefers the claim. The payment order shall, except as otherwise provided in rule 187, run as follows:—

“Pay (Rs.) rupee only,” the amount being written in words as well as in figures and the order shall be signed by the Chairman or Vice-Chairman, if the amount to be paid does not exceed Rs. 500. If both the Chairman and Vice-Chairman be absent or be

unable to sign, no order for payment shall be made on the bill. Orders for the payment of a sum of money in excess of Rs. 500 shall be signed both by the Chairman and Vice-Chairman or by the Chairman or Vice-Chairman and another Commissioner.

Before passing a cheque the Chairman or Vice-Chairman shall satisfy himself that the amount is available against the balance of the Municipal Fund or a loan or other special fund, as the case may be, to which the amount is debitable. A reference to the appropriation register maintained under account rule 202 will show the amount of the unspent balance of the loan or other special funds. Deducting this sum from the balance of the general cash-book on any day (the receipts and expenditure being roughly totalled for the purpose of working out the figure), the available balance of the Municipal Fund proper will be obtained.

*"Note.—*The 'Special Funds' referred to above are 'grants from Government' or 'contributions by Local Bodies or individuals' for earmarked objects."

215. If the bill is to be paid out of the imprest, the Chairman or the Vice-Chairman shall sign the pay order on the bill and make it over to the cashier for payment. The accountant or cashier shall after payment stamp the voucher with the words "Paid in cash" in conspicuous type. This shall be attached as a sub-voucher to the next contingent bill (Form 52). If the bill is to be paid by cheque, it shall be made over to the accountant. The cheque shall be written out by the accountant and the bill stamped "Paid by cheque No. , dated " in conspicuous type. Both the bill and the cheque shall then be placed before the Chairman or the Vice-Chairman, or the Executive Officer, or the Secretary, authorized by the Commissioners at a meeting to sign the cheque. He shall then sign the cheque and initial (with date) the "Paid" endorsement on the bill in token of having signed the cheque for the bill.

The amount of the cheque shall be entered in the Cash-book as soon as the cheque is signed.

216. Every payment made either in cash or by cheque shall be covered by a receipt, stamped, if necessary, and signed by the person to whom the money is due. If payment is made to another person duly authorised by the payee to receive payment on his behalf, the signatures of both are necessary.

A receipt signed by any other person or by a municipal employee is invalid.

217. For payment to illiterate persons their thumb impressions shall be taken and attested by a witness in addition to the paying officer.

When the payee signs in vernacular, the paying officer shall require the payee to acknowledge the amount in the same vernacular.

218. All bills that have been paid shall be numbered consecutively for the year in order of payment, and shall be pasted in a guard book.

Sub-vouchers for payments made out of the imprest shall be filed in a separate guard book and shall be attached to the imprest bill for recoupment, a memorandum being kept in its place in the general guard book.

Unpaid Bill Register.

219. All claims which are preferred and accepted shall ordinarily be paid at the earliest possible date. If a bill is presented and payment is not made within a month of its presentation or if the claim is contested it shall be entered in the Unpaid Bill Register in Form 81.

220. The Unpaid Bill Register and the Register of Works (Form 60) being required for ascertaining the unpaid demands for which provision is to be made in the next year's budget (see rule 26), at the close of the year the unpaid amounts shall be shown in the column "Balance" and be carried forward to the register of the next year. To ensure a complete record of the liabilities in cases where bills may not have been presented, all orders for supplies or works other than those for which formal agreements have been taken and particulars of which are entered in the Register of Works shall be entered in an Indent Register (Form 66).

Where a large number of petty orders are given on any particular account, such as fodder, kerosine oil, etc., for which periodical bills are received, a separate register shall be kept for it.

The unpaid Bill Register and the Register of Works shall be reviewed by the Vice-Chairman, the Executive Officer or the Secretary at least once a month along with the relevant records, etc., to ensure their correctness at all times.

Note.—See rule 171.

Cash-book.

221. The Cash-book shall be kept in English in Form 83 by the accountant. It shall be a substantially bound volume, containing a sufficient number of pages to contain at least one year's transactions. It shall be carefully paged before being brought into use.

222. As soon as the Pass-book is received back from the Treasury (see rule 211), the accountant shall compare and verify the entries in the Pass-book with the duplicate challans and the cashier's Cash-book to ensure that all remittances have been duly brought to account in the Treasury and the accountant will then write up the receipt side of his Cash-book (Form 83) from the challans and the cashier's Cash-book.

In writing up his Cash-book the accountant shall transcribe the totals only under the various account headings in the cashier's book into his Cash-book, but at the same time he shall prove the compilation of the account and test the accuracy of the amount and the classification of the items forming the totals by referring to all the forms and registers in which receipts are given or collections recorded. All miscellaneous receipts and license book counterfoils shall thus be checked daily by the accountant, but the collections of municipal taxes should be compared only with the sarkar's collection registers after they have been duly checked without scrutinising the counterfoils of the bills.

The date of receipt to be shown in the accountant's Cash-book shall be the date on which the challan is received by the Treasury Officer as shown by his stamp and initials on the counterfoil.

Note.—Both the "arrear" and "current" collection of taxes of the 31st March, if remitted to the Treasury in April, shall be classified as "arrear" in the Accountant's Cash-book.

223. The payment side of the Cash-book shall be posted from the details of the vouchers and of the cheques drawn. The amount of each cheque shall be entered as soon as the cheque is signed.

Note.—See rule 229.

Closing of the Cash-book.

224. The Cash-book shall be balanced on the last working day of every month and signed by the Chairman or Vice-Chairman in token of the correctness of every entry made therein. The balance brought out shall be stated both in words and figures, and shall within three days of the close of the month be agreed with the balance shown in the Treasury Pass-book, thus:—

	Rs.	A.	P.
Balance as per Cash-book	...		
Add cheques drawn but not yet cashed	...		

	Rs.	A.	P.
No.			
Nc.			
Deduct value of chalans credited in the Cash-book but not appearing in the Pass-book	..		
Balance as per Pass-book	..		

When a cheque has been cancelled (*see* rule 245), it will not be entered in the list of cheques drawn but not cashed.

Where the Commissioners have transactions with a bank and a treasury or two banks the details of cheques, chalans and pass-books relating to each should be shown separately.

Vice-Chairman's Quarterly Review.

225. The Vice-Chairman shall at least once a quarter review the Register of Works (*see* rule 167), the Stores Registers (*see* rules 168 and 169), the Indent Register (*see* rule 171), the Register of Unpaid Bills (*see* rule 219) and the Register of Lands (*see* rule 256) and shall submit to the Commissioners at a meeting, a consolidated balance sheet in Form 84 showing their assets and liabilities.

The Chairman shall submit a copy of the balance sheet to the District Magistrate not later than the 20th day after the close of the quarter to which the statement relates.

Cheques.

226. Cheques drawn on a treasury shall be in Form 85. The drawing officer shall notify to the treasury upon which he draws the number of the cheque book which he from time to time brings into use.

Cheque books containing 100 cheques each will be provided by the officer in charge of the treasury. Each book will bear a number which shall be repeated upon each cheque contained in it, together

with the consecutive number of each cheque form. The drawing officer shall keep the cheque book under lock and key in his personal custody and when relieved, shall take a receipt for the correct number of cheques made over to the relieving officer, a specimen of whose signature shall at the same time be forwarded to the treasury concerned.

227. On receipt of a cheque book from the treasury, the officer to whom the duty of signing cheques is allotted shall count the cheques and shall record on the back of the cheque book: "This cheque book contains forms." The cheque book shall remain in the custody of the officer who usually signs the cheques.

228. The cheque book in use may be made over to the accountant or cashier whenever required, but it shall be returned before the office is closed for the day and shall on no account be left in the entire charge of any subordinate.

The officer in whose custody it is to remain shall satisfy himself periodically that all unused cheques are in the book and that none have been surreptitiously extracted.

229. No cheques shall ordinarily be signed unless required for immediate delivery to the person to whom the money is to be paid. The practice of retaining signed cheques in the office shall not be permitted.

230. Every cheque shall be drawn in English in favour of the person to whom the money is actually to be paid and no cheque shall be drawn in favour of one person for payment to another.

The sole exceptions permitted to this rule are in the case of a cheque issued (a) for a sum of money distributable as pay or wages among a number of municipal employees, and (b) for a sum of money due to a person residing outside the district where the treasury with which the municipality banks is situated. In the former case the cheque shall be drawn in favour of the Chairman, Vice-Chairman, Executive Officer or Secretary who will endorse the cheque by name to the person by whom the actual distribution is to be carried out, and in the latter case, the cheque shall be drawn in favour of the postmaster, if it is accepted by him, and shall be sent to him with the money-orders included in the cheque. If the cheque be not accepted by the postmaster, it shall be drawn in favour of the Chairman, Vice-Chairman, Executive Officer or Secretary who will have it cashed and the money sent to the postmaster by money-order. He shall check the money-order carbon receipts with the bills on the same day or on the following day.

The postmaster will accept the cheque and give separate receipts for each money-order in the usual way. In the case of payment of sums due to Government, the cheque shall be made payable to the officer in charge of the department concerned, when the money to be remitted is accounted for by a special department of Government apart from the treasury, such as the Income-tax or the Land Acquisition Department. In other cases the cheque shall be drawn in favour of the Treasury Officer and forwarded to him for credit to Government.

Note.—When payments are frequently to be made to firms outside the district, a second banking account may be opened with a branch of the Imperial Bank with the approval of the Local Government. Crossed cheques shall be drawn on the Imperial Bank for such payments and sent to the payee by registered post.

231. The amount of every cheque drawn shall be written in words as well as in figures both on the cheque itself and on the counterfoil which shall be initialled by the person who signs the cheque. The amount of the cheque should be so recorded as to render any alterations, interpolations or insertion quite easily noticeable; this word "only" shall be added after the amount written in words where the amount does not contain annas or annas and pies.

232. Cheques shall be signed either by the Chairman or Vice-Chairman and they may also be signed by the Executive Officer or the Secretary if the Commissioners at a meeting so direct; but in that case a copy of the resolution empowering the Secretary to sign cheques shall be sent to the Accountant-General, Bengal, and also to the treasury where the account is kept.

233. All cheques drawn in favour of the Chairman or the Vice-Chairman for payment of (1) establishment, (2) wages of sweepers, etc., (3) and others in which cases it is not possible to make direct payments by cheques in favour of the payees shall be entered by the cashier in the Register of Disbursement of cash drawn in cheques in favour of the Chairman or the Vice-Chairman (Form 82). The amounts actually disbursed shall be entered in the register daily and the closing cash balance shall be written in words across the pages at the close of every day's transaction and signed by the cashier, by the Chairman or the Executive Officer or the Secretary.

234. If the Commissioners of a municipality situated in a subdivision and banking at a sub-treasury require money to be paid at the District Treasury, a cheque may be drawn for the amount upon the sub-treasury with a request that an order may be issued for the payment of the amount from the District Treasury, and *vice versa*.

Cancellation of Cheques.

235. When a signed cheque is cancelled it shall be stamped or enfaced "Cancelled" by the drawer of the cheque.

The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil and also across the endorsement which has been enfaced upon the voucher.

Note.—The cancelled cheque will be destroyed by the Government Auditor as soon as the accounts for the month in which the cheque was drawn have been audited.

Correction of the Cash-book and Abstract Register when Cheques are cancelled.

236. If the cheque is cancelled before the cash transactions of the month in which it was issued have been totalled, the entry in the Cash-book and also in the Abstract Register shall be struck out in red ink under the initials of the Chairman or Vice-Chairman.

If, however, the Abstract Register has been totalled the amount of the cheque shall be credited in the Cash-book as a miscellaneous receipt, and if the correction is made in the year in which the cheque was issued, the amount shall be noted against the head "deduct entries" in the Adjustment Register under that head and the head of expenditure to which it was originally charged.

237. No fresh cheque shall be issued, in place of the lapsed cheque, the lapsed cheque shall simply be re-dated and the alteration initialled by the Chairman or official whose duty it would be to sign the cheques. A note of the fact of re-dating shall be entered in the Cash-book against the original transaction and upon the counterfoil of the cheque itself as the alteration will in no way affect the accounts and no further entries shall be made.

Note.—Cheques are current for three months only. After the expiration of that period payment will be refused at the treasury, and the person in whose favour the cheque was drawn will therefore have to bring it back to be re-dated.

238. When a cheque is reported as lost during the period of its currency, the Chairman shall forward to the Treasury Officer concerned a certificate in the following form for signature:—

Certified that cheque No....., dated.....
for Rs....., reported by the disbursing officer to
have been drawn by him on this treasury in favour of
.....has not been paid and will not be paid if pre-
sented hereafter.

Treasury Officer.

Treasury,
The.....19...

239. On receipt from the Treasury Officer of the certificate signed by him a new cheque can be drawn in lieu of it and the fact of the loss and the number and date of the new cheque will be recorded on the counterfoil of the lost cheque and the number and date of the old cheque that is lost will be recorded on the counterfoil of the new one. The fact of the new cheque having been issued will be entered on the date of issue in red ink parenthetically in the Cash-book but not in the column for payment. A note will also be made against the original entry in the Cash-book.

Abstract Registers of Receipts and Expenditure.

240. All the entries on the receipt side of the Cash-book (Form 83), shall be posted by the accountant one by one direct from the Cash-book into the Abstract Register of receipts (Form 86), and all the entries on the payment side of the Cash-book shall be similarly posted into the Abstract Register of expenditure (Form 87).

When transactions under any head are very numerous it will be best to open two or more columns with the same headings, and the headings under which there can be no transactions may be omitted.

241. The Abstract Registers shall be kept in English and shall be posted as often as may be convenient, but in no case later than 10 days after the close of the month to which the account relates.

242. The cash transactions in the Abstract Registers shall be totalled every month and the grand totals of the different heads of receipts and expenditure must necessarily be equal to and shall be compared by the Vice-Chairman, Executive Officer or Secretary with the total receipts and payments in the Cash-book. He shall initial the Abstract Registers in token of having made this comparison.

Adjustments.

243. The adjustments in the Abstract Registers shall represent the totals in the Register of Adjustments described below.

For the record of transactions other than cash a Register of Adjustments shall be opened in Form 88.

244. The chief adjustments are—

- (1) Rectifications of errors in classification.
- (2) The adjustment of a bill against an advance.
- (3) The charge to a head of expenditure by credit to deposits of a sum due on a contractor's bill which sum is retained as security deposit.
- (4) Adjustment due to refunds of income or recoveries of expenditure.

These transactions shall be entered item by item in the Register of Adjustments whence the total shall pass into the Abstract Registers of receipts and expenditure, but before the postings are made in the Abstract Registers, the net total of the receipt heads shall be agreed with the net total of the payment heads.

245. The methods of entry in the Register of Adjustments shall be as follows:—

In case (1) the adjustment shall be made by entering the amount in the space for "add entries" in the column for the head to which the amount is to be added, and again in red ink in the space for "deduct entries" in the column for the head from which the amount is to be deducted. Both entries will be made on the receipt side, if the amount is to be transferred from one head of receipt to another; and both will be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

In case (2) the adjustment shall be made by entering the amount in the space for "add entries" in the column of the expenditure side for the head to which charges on account of the particular expenditure incurred are to be taken and on the receipt side in the space for "add entries" under the head "advances recovered." A corresponding entry shall be made on receipt or credit side of the Advance Ledger (Form 70) of the person by whom the expenditure was incurred and to whom the amount adjusted was originally advanced.

In case (3) the adjustment shall be made by entering the amount on the expenditure side in the space for "add entries" in the column for the head to which the balance of the charges of the bill from which the deduction has been made has been taken, and on the receipt side in the space for "add entries" under "deposits received."

In case (4) an adjustment shall be made only when the income was originally received or the expenditure incurred in the same year in which the refund or recovery is made. When income is refunded the refund shall be charged to the major head of expenditure corresponding to the major head of receipt to which it was originally credited, or if there be no such head to "Miscellaneous." The amount shall then be deducted in the Adjustment Register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund is charged. When expenditure is recovered the amount shall be credited to the major head of receipt corresponding to the major head of expenditure to which it was originally charged or if there be no such head to "Miscellaneous." The amount shall then be deducted in

the Adjustment Register from both the heads of expenditure to which it was originally charged and the head of receipt to which the recovery is credited.

Note.—Adjustments affecting the advance and deposit heads shall be made even after the close of the year.

246. Adjustments made by deduction in the Abstract Registers shall always be written in red ink.

Quarterly and Annual Account.

247. At the close of every month the totals under the various heads of account recorded in the Abstract Registers (Forms 86 and 87) shall be entered in English by the accountant in the separate registers in Forms 89 and 90 against the corresponding heads under the appropriate month.

If it is desired to show the expenditure in greater detail than according to the prescribed budget heads additional detailed heads may be inserted in the Register of Expenditure.

The particulars of the charges to be posted under those heads can be obtained from the Cash-book or vouchers. An account showing the receipts and expenditure during the year in Form 91 and duly balanced shall be prepared immediately, after the close of each year and published at the municipal office.

248. As soon as possible after the close of the year and not later than the 15th April following the totals of the receipts and expenditure of the year as worked out in the last columns of the registers (Forms 89 and 90) shall be posted in English by the accountant into the annual account in Form 91.

249. A copy of this account shall be sent not later than the 30th April following to the Commissioner of the Division through the District Magistrate.

250. To enable the Commissioner of the Division to effect a comparison between the estimate and the actual receipts and expenditure of the municipality, the amounts by which the actual figures fall short of or exceed the estimated figure shall be shown in the two separate columns provided for the purpose within the body of Form 91.

Office Order Book.

251. An Office Order Book shall be kept by the Commissioners in which all appointments, promotions, leave, suspensions, fines and office arrangements and orders generally shall be noted. The Vice-Chairman or the Executive Officer shall see that this Order Book is kept in a correct and complete manner.

Establishment Check Register.

252. The whole establishment of the Commissioners shall be recorded in the Establishment Check Register (Form 92) in which every appointment as made shall be entered. When any revision of the establishment is made the details of the revision shall be noted in the register, the number and date of the resolution or order being quoted in column 1 thereof. The original scale as well as all subsequent changes shall be authenticated by the Chairman or Vice-Chairman or Executive Officer with a quotation of the number and date of the sanction in support.

253. Details of every establishment bill after it is checked by the Accountant shall be posted into the Establishment Check Register (Form 92). Pay shall be recorded under the month for which it is due and not under that in which it is disbursed.

Temporary Establishment.

254. Temporary establishment shall be entered in the Establishment Check Register (Form 92) at the end of the space allotted for the permanent establishment and shall not be mixed up with it. The period for which the temporary establishment is sanctioned shall be distinctly specified in the second column below the details of appointments sanctioned, and lines shall be drawn across the columns of the months previous and subsequent to such period, so as to prevent admission by oversight of pay for a period in excess of sanction.

Other Recurring Charges.

255. When the Commissioners incur recurring charges (other than loans) on account of scholarships, contributions, rents, etc., payments on account thereof shall be recorded and checked in the same manner as establishment charges. The Establishment Check Register (Form 92) shall be used for the purpose, separate pages being opened therein for these charges.

Register of Lands.

256. A proper record of all lands including roads, lands on road sides, sites of buildings, tanks, etc., in the possession of the Commissioners shall be kept in Form 93.

If any plot of land shown in the register is sold or is otherwise transferred from the possession of the Commissioners, the entry for it shall be struck off and the facts in connection with the transfer stated in the column for remarks under the initials of the Chairman or the Vice-Chairman. This register shall be annually examined by the Chairman and attested with his signature and date.

Register of Tools and Plant.

257. All property which is not recorded in the municipal stock books (Form 62) or in the Register of Lands (Form 93), *e.g.*, tools and plant, conservancy or watering carts, road rollers, lamps, lamp-posts, ladders, scales, weights, etc., shall be recorded in a Register of Tools and Plant in Form 94. When any such property is subsequently disposed of by sale or in any other manner, the details of disposal shall be entered in column 7 by the officer in charge. This officer shall be responsible that the register is a complete record of the municipal tools and plants which should be shown therein.

Annual verification of Property.

258. The Chairman, or one or more representatives of the Commissioners appointed by him in this behalf, shall verify such percentage of the municipal property referred to in these rules as the Chairman may decide, provided that not less than 10 per cent. of the property entered in each of the registers of stock books prescribed by the rules abovementioned shall be verified each year.

259. The verifying officer shall initial each entry which he has verified and shall sign a certificate that he has personally verified the existence of whatever percentage he may have checked of the articles entered in the register of stock book.

260. The verification of the entries in each separate register or stock book shall be so far as possible be completed in one day.

It is not necessary that all the registers and stock books should be verified on the same day or at one time of the year. It will in fact ordinarily be safer if the various checks are carried out at irregular times.

261. The date on which each item of stores was actually counted shall be entered in the Stock Register or the half-yearly balance return.

Destruction of Vouchers and other Records.

262. Vouchers, registers and other accounts and forms prescribed for the use of Commissioners shall not be weeded or destroyed otherwise than in accordance with the Appendix to these rules.

The Chairman or the Vice-Chairman shall give the necessary orders for destruction after personal inspection.

The registers, vouchers and other documents which have been ordered to be destroyed shall be entered in detail in a register and attested by the Chairman, Vice-Chairman, Executive Officer or Secretary after verification.

CHAPTER XII.

Legal Proceedings.

263. The municipal rates, taxes, license fees, rents, etc., shall ordinarily be realised by the collecting sarkars or by issue of distraint warrants, as provided in the Act. In exceptional cases, where civil suits are to be filed for the recovery of the municipal dues, sanction of the Commissioners at a meeting shall be obtained for filing them.

264. All suits filed on behalf of or against the Commissioners, shall be entered in the Register of Civil Suits (Form 95) and costs incurred in conducting the suits and in execution of decrees shall be noted in the register against each suit to work out the total dues. The pleader entrusted with the case on behalf of the municipality shall be requested to send a report every month showing the action taken by him, progress of the case, the Court's order, if any, and the amount deposited in Court, if any. The amounts recovered and credited in the Municipal Fund shall be noted in the register with the number and date of the chalan by which they were credited. The register shall be examined by the Chairman or the Vice-Chairman every month.

265. No suit shall be compromised without the sanction of the Commissioners at a meeting.

266. All prosecutions filed under the Bengal Municipal Act, 1932, the Bengal Food Adulteration Act, 1919, or any other Act, shall be entered in the Prosecution Register (Form 96). The order of the court, the amount of fine imposed and the number and date of the chalan in which the fine is credited shall be noted against each.

3. In the case of delay, bad work or materials the Chairman may remove the same and have them replaced, deducting the value of the work rejected or materials removed, or the cost of replacing the same as he may think proper, from any amount due or that may become due to the party making this tender.
4. The designs, drawings and instructions in writing relating to the work signed by the Chairman and lodged in his office for inspection during office hours shall be strictly conformed to.
5. The Chairman shall have power to make any alterations in the original designs or instructions that may appear to him to be necessary during the progress of the work which shall be carried out on the same condition as agreed to in respect of the main work within such times as the Chairman by writing specifying the alterations may direct. If there should be no rate agreed on for the extra work then the work

shall be done at the rates mentioned in the Schedule of rates maintained by the Commissioners. Such alterations shall not invalidate the contract but the time for the completion of the work will be extended in the proportion that the extra work bears to the original contract work.

6. If it shall appear to the Chairman that any work has been executed with unsound, imperfect or unskilful workmanship or with materials of an inferior description, the Contractor shall on demand in writing forthwith rectify, remove, or reconstruct in whole or in part, as the case may require, without any additional charge; and in the event of his refusing to do so within a period specified by the Chairman or in the case of failure to remove from the site of the work within a specified period any materials or articles which are considered of unsound or inferior quality, and are not in accordance with the terms of the contract and to provide immediately suitable materials or articles in lieu of those condemned, then damages shall be paid at the rate of one per cent. on the amount of the estimate for every day not exceeding 10 days for failure to comply with the written demand of the Chairman.

7. Should the Chairman consider that work, although not executed in strict accordance with the specification, may be allowed to stand, he is empowered to pay for the same at such reduced rates as he may fix, but this proceeding is quite optional on his part.

8. A deduction of 10 per cent. of the value of work done to be made from the Contractor's bill in case the work is not completed within the time noted below.

(5) Every sanitary convenience in a factory shall be under cover and so partitioned off as to secure privacy, and if for the use of females shall have a proper door and fastenings.

(6) Where workers of both sexes are employed, separate conveniences shall be provided for each sex and outside each latrine, at the entrance, there shall be displayed in a conspicuous position, an approved sign or a notice in the vernacular, clearly indicating the sex for which the latrine is provided. All latrines intended for females shall be so placed or so screened that the interior shall not be visible even when the door of any convenience is open, from any place where persons of the other sex have to work or pass, and, if the conveniences for one sex adjoin those for the other sex, the approaches shall be separate.

(7) Every sanitary convenience and urinal in a factory shall be kept in a clean and sanitary state, and shall be maintained in a manner approved by the Inspector.

24. In any factory in which the number of workers employed exceeds 500, hand-service latrines of the dry-bucket type shall not be permitted except with the previous permission of the Local Government. This rule shall take effect on and from the 1st January 1937.

25. Where septic tank latrines are installed :—

- (1) A notice-board showing the maximum number of persons for whom the tank is designed shall be fixed in a prominent position on each latrine.
- (2) An efficient automatic recording turnstile or turnstiles shall be provided for ensuring that the total number of users admitted on any day does not exceed the number of persons for whom the tank is designed and a register shall be maintained showing the number of users daily.
- (3) The effluent therefrom shall conform to such standards as the Local Government may prescribe by notification in the local official Gazette.
- (4) For the satisfactory disposal of the sludge or other solid matters, a pit of cubical capacity equal to the total flow of not less than an hour shall be provided to receive the solid matter. When the pit becomes full, the valves shall be closed and the solid matter and sludge shall be allowed time to settle. The effluent shall then be drawn off and sterilised, and the solid matter and sludge shall be trenched or burnt.

Provided that where the Chief Inspector is satisfied that, in respect of any septic tank, the requirements of sub-clause (2) of this rule are not necessary, he may, by order in writing, grant exemption from that sub-clause on such conditions, if any, as he may impose.

Explanation.—In this rule “septic tank latrine” means a sanitary convenience of the septic tank type together with its filter beds, and also activated sludge latrines and aëro-bacterial latrines.

26. An Inspector of Septic Tanks appointed by the Local Government may inspect any septic tank latrine or any part of it, and may collect samples of any effluent or effluents required by him.

CHAPTER V.

Ventilation.

27. In every factory, there shall be provided for each worker employed at one time in any room a breathing space of at least 500 cubic feet. For the purpose of this calculation, no height above 15 feet from the floor of such room shall be taken into consideration.

28. The manager of every factory shall maintain a register in Form No. 5 in the schedule annexed to these rules showing the measurements and cubic capacity of each room in the factory, the cubic space in each room occupied by the machinery or other fixtures and the area provided for ventilating openings.

29. Every part of every factory where workers are employed shall be adequately ventilated to the approval of the Inspector.

30. If in a factory engaged in the manufacture of tea the discharge into the drying room of exhaust air from a drying machine would raise the temperature of the drying room above that which would otherwise obtain therein, such exhaust air shall not be discharged into any room of the factory other than a withering room but shall be conducted directly to a withering room or to the outer air:

Provided that the Chief Inspector may, on such conditions, if any, as he thinks fit, by an order in writing grant exemption from the provisions of this rule to any factory in respect of which he is satisfied that the temperature of the drying room is, notwithstanding the discharge therein of exhaust air, ordinarily such as to make the provisions of this rule unnecessary.

CHAPTER VI.

Artificial Humidification.

[The rules in this chapter apply to cotton mills in which the humidity of the air is artificially increased.]

31. There shall be no artificial humidification in any room of a cotton mill whenever the wet bulb reading of the hygrometer is higher than that specified in the following schedule in relation to the dry bulb reading of the hygrometer at that time; or as regards a dry bulb reading intermediate between any two

dry bulb readings indicated consecutively in the schedule, when the dry bulb reading does not exceed the wet bulb reading to the extent indicated in relation to the lower of those two dry bulb readings :—

90·0	84·5		

Provided however that this rule shall not apply when the difference between the wet bulb temperature as indicated by the hygrometer in the room concerned, and the wet bulb temperature taken with a hygrometer outside in the shade is less than 3·5 degrees.

32. No steam shall be used for the purpose of producing artificial humidification in any room of a cotton mill the dry bulb temperature of which exceeds 85 degrees.

33. The pipes used for the introduction of steam into the atmosphere of any room of a cotton mill shall, so far as they are within the room, be as small, both in diameter and length, as is reasonably practicable and shall be effectively covered with non-conducting material to the satisfaction of the Inspector so as to minimise the amount of heat thrown off by them into the room.

34. (1) In all rooms of a cotton mill wherein artificial humidification is adopted, hygrometers shall be provided and maintained in such positions as are approved by the Inspector. The number of hygrometers shall be regulated according to the following scale :—

(a) *Weaving Department*.—One hygrometer for rooms with less than 500 looms, and one additional hygrometer for every 500 or part of 500 looms in excess of 500.

(b) *Other Departments*.—One hygrometer for each room of less than 300,000 cubic feet capacity, and one extra hygrometer for each 200,000 cubic feet, or part thereof, in excess of this.

(2) One hygrometer shall be provided and maintained outside each cotton spinning and weaving factory wherein artificial humidification is adopted, in a position approved by the Inspector, for taking hygrometer shade readings.

35. When satisfied that the limits of humidity allowed by the schedule to rule 31 are never exceeded, the Inspector may, by order in writing, grant exemption from the provisions of rule 34 in respect of any room other than a room in the Weaving Department.

36. A legible copy of the schedule to rule 31 shall be affixed near each hygrometer.

37. At each hygrometer maintained in accordance with rule 34 correct wet and dry bulb temperatures shall be recorded thrice daily during each working day by competent persons nominated by the manager and approved by the Inspector. The temperatures shall be taken between 7 a.m. and 9 a.m., between 11 a.m. and 2 p.m. (but not in the rest interval), and between 4 p.m. and 5.30 p.m. In exceptional circumstances, such additional readings and between such hours as the Inspector may specify, shall be taken. The temperatures shall be entered in a Humidity Register in Form No. 6 in the schedule annexed to these rules. At the end of each month the persons who have taken the readings shall sign the register and certify the correctness of the entries. The register shall always be available for inspection by the Inspector.

38. (1) Each hygrometer shall comprise two mercurial thermometers, one wet bulb and one dry bulb, of similar construction, and equal in dimensions, scale and divisions of scale. They shall be mounted on a frame with a suitable reservoir containing water.

(2) The wet bulb shall be closely covered with a single layer of muslin, kept wet by means of wick attached to it and dipping into the water in the reservoir.

The muslin covering and the wick shall be suitable for the purpose, clean and free from size or grease.

(3) No part of the wet bulb shall be within 3 inches of the dry bulb or less than 1 inch from the surface of the water in the reservoir and the water reservoir shall be below it, on the side of it away from the dry bulb.

(4) The bulbs shall be spherical and of suitable dimensions and shall be freely exposed on all sides to the air.

(5) The bores of stems shall be such that the position of the top of the mercury column shall be readily distinguishable from a distance of 2 feet.

(6) Each thermometer shall be graduated so that accurate readings may be taken between 50 and 120 degrees.

(7) Every degree from 50 degrees up to 120 degrees shall be clearly marked by horizontal lines on the stem; each fifth and tenth degree shall be marked by longer marks than the intermediate degrees and the temperature marked opposite each tenth degree, *i.e.*, 50, 60, 70, 80, 90, 100, 110 and 120.

(8) The markings as above shall be accurate, that is to say at no temperature between 50 and 120 degrees shall the indicated reading be in error by more than two-tenths of a degree.

(9) A distinctive number shall be indelibly marked upon each thermometer.

(10) The accuracy of each thermometer shall be certified by the National Physical Laboratory, London, the Mathematical Instruments Office, Calcutta, or such other authority as may be appointed by the Local Government, and such certificate shall be attached to the Humidity Register.

39. Each thermometer shall be maintained at all times during the period of employment in efficient working order, so as to give accurate indications and in particular :—

- (a) The wick and the muslin covering of the wet bulb shall be renewed once a week.
- (b) The reservoir shall be filled with water which shall be completely renewed once a day. The Chief Inspector may prescribe the use of distilled water or pure rainwater in any particular mill or mills in certain localities; and
- (c) No water shall be applied directly to the wick or covering during the period of employment.

40. If an Inspector gives notice in writing that a thermometer is inaccurate, it shall be replaced by another of certified accuracy within one month of the date of such notice, unless after examination by the competent authority specified under sub-rule (10) of rule 38, a fresh certificate of accuracy has been obtained within that time, in which case the new certificate shall be attached to the Humidity Register.

41. (1) No hygrometer shall be affixed to a wall, pillar or other surface unless protected therefrom by wood or other non-conducting material at least half an inch in thickness and distant at least one inch from the bulb of each thermometer.

(2) Each hygrometer shall be so mounted that the accuracy of the dry bulb temperature shall not be affected by the proximity of water in the reservoir.

42. No readings shall be taken for record on any hygrometer within 15 minutes of the renewal of water in the reservoir.

CHAPTER VII.

Safety.

43. In every factory, all buildings, walls, chimneys, bridges, tunnels, roads, galleries, stairways, ramps, floors, platforms, stagings, and other structures, whether of a permanent or temporary character, shall be so designed, constructed and maintained as to involve no danger to human life or safety.

44. (1) No machinery, plant or equipment in any factory shall be constructed installed, operated or maintained in a manner that is likely to involve danger to human life or safety.

(2) No materials or equipment shall be stacked or stored in any factory in a manner that is likely to involve danger to human life or safety.

(3) All belts, shaft-bearings, valves, cocks, appliances or other parts of the ways, works, machinery or plant which require attention and which, in the opinion of the Inspector, cannot be attended to without danger to human life or safety, shall be provided with a safe means of access.

45. Every opening in the ground or in a floor which by reason of its depth, situation, construction or contents, is likely to involve danger to human life or safety, shall be securely fenced.

46. (1) In every factory all moving parts of machinery shall be securely fenced or guarded, unless they are so situated that they are in the opinion of the Inspector incapable of causing injury to workers.

(2) All fencing and guards shall be strong and rigid and constructed to the approval of the Inspector.

(3) All fencing shall be so placed that it is impossible for any person to pass between the fencing and the moving part and shall also prevent contact of any person or his clothing with the moving machinery :

Provided that where a dangerous part of machinery is fitted with a safety device which effectively provides against injury to workers, such part of machinery shall, if the device is properly constructed and is maintained in efficient working order, be deemed to be securely fenced.

47. If in any case it is represented to the Inspector and agreed to by him in writing that fencing would unduly obstruct or interfere with a manufacturing process, or would otherwise be impracticable, such other protection or other measure as the Inspector may direct, shall be provided instead of fencing.

48. Suitable striking gear or other efficient mechanical appliances shall be provided and used to move driving belts on fast and loose pulleys and any such gear or appliances shall be so constructed as to prevent accidental restarting of the machinery :

Provided that where the Chief Inspector is satisfied that such striking gear or appliances are not necessary or are impracticable for any class of machines, he may by order in writing exempt such class of machines from this requirement.

49. In every factory all electrical equipment shall be sufficient in size and power for the work it is called upon to do and so constructed, installed, protected, worked, and maintained as to involve no danger to human life or safety :

Provided that where automatic mechanism is installed which renders "dead" any electrical equipment on the occurrence of danger, such mechanism shall be taken into account by the Inspector when considering the adequacy or otherwise of the protection furnished :

Provided also that in no case shall the Inspector accept as adequate any conditions or combination of conditions which are subject to objection under any other Act.

50. In every factory, where, within the precincts, there are railways, or other electrical or mechanical means of transport, such railways or means of transport shall be so constructed, installed, protected, worked and maintained as to involve no danger to human life or safety.

Provided that the Inspector shall not accept any such railways or means of transport if they are so designed, maintained and operated as to contravene the provisions of any other Act.

51. When any plant, machinery, apparatus, or fittings in a factory do not comply with the provisions of rules 45, 46, 47, 48 and 49, such plant, machinery, apparatus or fittings shall be deemed not to be adequately fenced within the meaning of sub-section (1) of section 24 of the Act.

52. The following provisions shall apply to all factories, :—

(1) All important pulleys shall be provided with belt hangers or perches.

(2) Every person who goes to replace a driving belt or to oil bearings or shafts, or to work at a height near moving parts of machinery not normally dangerous by reason of that height, shall wear tight trousers, and shall not wear any loose clothing. A dhoti wrapped round the body in any manner shall be deemed to be loose clothing within the meaning of this rule.

(3) Removing, replacing or adjusting of fast running driving belts shall be done by specially trained workers only.

(4) When a main belt of any machinery has to be adjusted, the machinery shall be stopped and shall not be set in motion again until such belt has been completely adjusted.

(5) All ladders used in removing, replacing, or adjusting driving belts, and in the oiling and attending to overhead shafting, shall be provided with hooks or an effective non-skid device.

53. In every factory where the process of manufacture necessitates the use of inflammable material, efficient means of subduing outbreaks of fire shall be installed, maintained and kept ready for immediate use.

54. The manager of every factory shall cause to be exhibited, in English and in the language of the majority of the workers, a notice prohibiting smoking or the use of naked lights, or both, in all places where they would be dangerous, or where the Inspector may require, and shall take all other reasonable precautions against fire.

55. When in any factory there occurs any explosion, fire, collapse of buildings or serious accident to the machinery or plant, which might have caused or might cause injury to persons, such occurrence shall be reported by the manager of the factory within five hours of its occurrence to the authorities mentioned in clauses (1) and (2) of rule 56.

CHAPTER VIII.

Accidents.

56. *Fatal and Serious.*—When there occurs in any factory an accident to any person which results in (a) death, or (b) such injury that there is no reasonable prospect that he will be able to resume his employment in the factory within 20 days, such accidents shall be called in all prescribed communications “Fatal” or “Serious” as the case may be, and the manager of the factory shall give notice of the occurrence forthwith by telephone, telegram or special messenger to—

- (1) the Inspector notified for this purpose,
- (2) the District Magistrate, or if he by general order so directs, the Subdivisional Officer, and
- (3) in the case of fatal accidents only, the Officer-in-charge of the Police Station within the local limits of which the factory is located.

Reports sent by special messenger shall be in Form No. 7 in the schedule annexed to these rules and those sent by telephone or telegram shall be confirmed by a written report in that form.

57. *Slight.*—When there occurs in any factory an accident to any person less serious than those described in rule 56, but which prevents or is likely to prevent him from resuming his employment in the factory within 48 hours after the accident occurred, such accident shall be recorded by the

manager of the factory and reported by him in Form No. 7 in the schedule annexed to these rules as soon as practicable, but in any case within 60 hours of its occurrence, to the authorities mentioned in clauses (1) and (2) of rule 56. Such accidents shall be called in prescribed communications "Slight accidents".

58. (1) When an accident which has been reported to the Inspector as either "Serious" or "Slight" afterwards proves to be "Fatal", the manager of the factory shall make the necessary correction in a supplementary report which shall be sent forthwith to the authorities mentioned in clauses (1), (2) and (3) of rule 56.

(2) When an accident which has been reported to the Inspector as "Slight" afterwards proves to be "Serious", or when one reported as "Serious" afterwards proves to be "Slight", the manager of the factory shall make the necessary correction in a supplementary report which shall be sent forthwith to the authorities mentioned in clauses (1) and (2) of rule 56.

59. Where loss of life has immediately resulted from an accident, the place where the accident occurred shall be left as it was immediately after the accident until the expiration of at least three days after the time when the notice required under rule 56 was given, or until the visit to the place by an Inspector, whichever first happens, unless compliance with this rule would tend to increase or continue the danger or would seriously interfere with the manufacturing process:

60. In every factory the following requirements shall have effect:—

- (1) There shall be provided and maintained so as to be readily accessible a first-aid box or cupboard of the standard laid down in rule 61, and where more than one hundred and fifty workers are employed, an additional box or cupboard for every additional one hundred and fifty workers.

The number of first-aid boxes or cupboards required under this rule shall be calculated on the largest number of workers employed at any one time, and fractions of one hundred and fifty shall be reckoned as one hundred and fifty. Where workers are employed in shifts, the calculation of the number employed shall be according to the largest number at work at any one time.

- (2) Nothing except appliances or requisites for first-aid shall be kept in a first-aid box or cupboard.
- (3) Each first-aid box or cupboard shall be distinctively marked with a white cross on a red ground.

A notice shall be affixed in every work-room stating the name of the person in charge of the first-aid box or cupboard provided in respect of that room:

Provided that if a hospital, ambulance room or dispensary is provided at the factory and such arrangements are made as to ensure the immediate treatment there of all injuries occurring in the factory, the Chief Inspector may by certificate exempt the factory from the requirements of this rule to such extent and subject to such conditions as he may specify in the certificate.

61. Each first-aid box or cupboard required under rule 60 shall contain at least :—

65. The registers of adult and child workers employed in a factory shall be maintained in accordance with the following provisions :—

- (1) For each group of workers classified under section 39, a separate part of the register shall be maintained.
- (2) Where a worker is transferred from one group to another, or from one relay to another, the following particulars of his transfer shall be entered against his name in the register in the column provided therefor :—

TREATMENT OF MINOR INJURIES.

A SCRATCH OR SLIGHT WOUND.

Treat every scratch or slight wound *immediately*.

Apply the Iodine Solution* over the broken surface *once* and allow to dry.

Do not attempt to wash the wound at all.

Apply a "Sterilised Dressing."† A bandage can be applied over this dressing if necessary. Do not touch the part of the sterilised dressing which is put next to the wound.

Blood poisoning or septic infection of a wound is caused by introducing germs into it. A sterilised dressing should, therefore, always be used as it is free from germs.

Iodine sterilises the wound and makes any dirt harmless.

Hands are never free from germs, and should never touch the wound or the part of the dressing to be applied to the wound.

A BURN OR SCALD.

Cover the injured part with a dry "Sterilised Burn Dressing."‡ *Note*—Ointment or oil, such as carron oil, should not be used for a First Aid Dressing. Carron oil is not sterile. Its use may also interfere with any subsequent treatment by a doctor or in the ambulance room.

Do not prick a blister, except under medical advice ; it is no part of the First Aid Treatment.

AN ACID BURN.

Flood the burn with cold water.

Sprinkle it (after flooding) with powdered Bicarbonate of Soda.

Apply a "Sterilised Dressing" of suitable size.

Iodine should never be used for Burns or Dermatitis.

* A 2 per cent. solution of Iodine in Rectified Spirit B.P.

† "Sterilised Dressing." A dressing put up in a separate packet and rendered free from germs by a special process.

‡ "Sterilised Burn Dressing." A similar dressing as above prepared specially for burns.

EYE INJURIES.*Prevention is better than cure.*

Therefore, if your work entails danger to the eyes, wear goggles. Goggles have saved hundreds of eyes; thousands have been lost for want of them.

A Foreign Body in the Eye.

Apply two or three eye drops* to the affected eye-ball.

Cover with an eye-shade.

Go to a doctor at once.

Do not try to remove any particle which cannot be brushed away.

Note.—The treatment recommended should be carried out *immediately*. The longer the delay the greater the risk of Blood Poisoning.

It is First Aid treatment and is not intended to replace any subsequent treatment which may be necessary by a doctor or in the ambulance room.

*** Eye Drops—**

Cocaine †	..	0.5 per cent.
Hyd. Perchlor. in castor oil	..	1 in 3,000.

Instructions to chemist for making eye drops:—Weigh 95 grammes of castor oil into a flask capable of holding twice the quantity. Add 0.5 gramme of powdered cocaine. Warm on a water bath till dissolved. While the solution is still warm (but not hot) add one cubic centimetre of a solution containing 3.3 grammes of mercuric chloride in 100 cubic centimetres of absolute alcohol. Mix the solutions by rotating the flask.

About half an ounce, or 15 c.c., of this solution should be supplied in a bottle from the cork of which a camel-hair brush is pendent in the fluid.

†First Aid boxes as obtained from the suppliers will not contain the eye drops, as a cocaine preparation can only be dispensed under prescription from a registered medical practitioner. It will be necessary, therefore, for the factory manager to obtain a prescription from the Civil Surgeon or other registered medical practitioner, and to purchase the eye drops separately.

ORDER.

(a) on the notice of periods for work required under section 39 of the said Act, the Manager shall enter against the group of workers working in accordance with this order, the words "Working under Government of Bengal Order No. 10946Com., dated the 22nd November 1935;

(c) (i) in factories employing less than 50 workers, the number of workers comprising the "special service group" shall not exceed 10;

NOTIFICATION.

No. 22468.R.—15th November 1935.—The following extracts from the Report on the Administration of the Stamp Department in Bengal during the three years ending the 31st March 1935, are published for general information.

Report on the Administration of the Stamp Department in Bengal, for the triennium ending the 31st March 1935.

I am directed to submit for the information of the Government of India the following report on the administration of the Stamp Department in Bengal for the three years ending the 31st March 1935.

3. *Financial results.*—The receipts during the last year of the preceding triennium, viz., the year 1931-32, were Rs. 2,78,52,961. The receipts rose to Rs. 3,20,15,466 in 1932-33 but fell to Rs. 2,93,54,114 in 1933-34. During 1934-35, the last year of the period under review, the receipts amounted to Rs. 2,93,97,106, including Rs. 5,63,159 paid to the Calcutta Improvement Trust, being the collection of the increased stamp duty leviable under section 82 of the Calcutta Improvement Trust Act, 1911. This was an increase of Rs. 42,992 or .15 per cent. as compared with receipts in 1933-34 and a decrease of Rs. 26,18,360 or 8.18 per cent. as compared with those of 1932-33. The increase as compared with 1933-34 was wholly on account of non-judicial stamps and the decrease as compared with 1932-33 was wholly on account of judicial stamps.

5. *A.—Judicial Stamps.*—As during the previous triennium the sale proceeds of Court-fee stamps (excluding stamps for copies) were the highest during the first year of the triennium; the receipts during 1934-35 were Rs. 2,07,86,977 against Rs. 2,09,56,904 in 1933-34 and Rs. 2,41,88,510 in 1932-33. Compared with 1933-34 there was a decrease in 1934-35 of Rs. 1,69,927, which was shared by all the Divisions except two, viz., Burdwan and Rajshahi, which yielded a net increase of Rs. 1,47,511 and Rs. 46,797, respectively. Amongst the districts in the other three Divisions which were responsible for this decrease, a heavy fall amounting to Rs. 4,41,987 occurred in Calcutta, which was chiefly due to a decrease in receipts on account of probate duties as compared with the preceding year and also to a certain extent to a fall in litigation. The decline in general, was attributed to a large drop in the number and value of money suits owing to the continuance of the general economic depression.

The receipts from the sale of stamps for copies fell from Rs. 6,62,042 in 1932-33 to Rs. 6,26,462 in 1933-34, but rose to Rs. 6,50,711 in 1934-35.

6. *B.—Non-judicial stamps.*—The revenue derived from the sale of non-judicial stamps during 1934-35 amounted to Rs. 79,62,833. This showed an increase of Rs. 2,12,201 or 2.8 per cent. as compared with 1933-34 and of Rs. 8,30,175 or 11.7 per cent. as compared with that of the first year of the triennium. The increase occurred under almost all kinds of stamps.

7. *Impressed stamps.*—The receipts from the sale of impressed stamps (the most important item among non-judicial stamps) fell from Rs. 32,58,990 in 1932-33 to Rs. 32,34,632 in 1933-34, but in 1934-35 rose to Rs. 34,32,579. The increase in revenue during the last year of the triennium was shared by all the divisions.

8. *Hundies or inland bills of exchange.*—The revenue derived from the sale of hundi or bill-of-exchange stamps continuously increased during the three years under review. It amounted to Rs. 40,552 in 1934-35 against Rs. 37,209 and Rs. 35,985 in 1933-34 and 1932-33, respectively.

9. *Impressed labels or special adhesive stamps.*—The receipts from the sale of these stamps rose from Rs. 16,42,575 in 1932-33 to Rs. 19,03,200 in 1933-34 and to Rs. 20,68,768 in 1934-35. The sale of these stamps is almost confined to Calcutta which contributed 99·9 per cent. of the total revenue from this source.

10. *Foreign bill stamps.*—The receipts from these stamps, which are sold mainly in Calcutta, amounted to Rs. 1,49,642 in 1934-35 against Rs. 1,46,984 in 1933-34 and Rs. 1,61,173 in 1932-33.

11. *Half anna, one anna, two annas and four annas revenue stamps.*—The sale proceeds of these stamps amounted to Rs. 8,79,995 in 1934-35, whereas the assignment previously made to Bengal on account of unified stamps estimated to be used for revenue purposes was Rs. 11,30,000 per annum.

12. *Share transfer stamps.*—The sale of these stamps, which are used for payment of stamp duty on the transfer of shares of public limited companies, is practically confined to Calcutta. The receipts showed a continuous increase during the triennium. The revenue which amounted to Rs. 3,09,394 in 1932-33 rose to Rs. 4,80,272 in 1933-34 and to Rs. 6,93,077 in 1934-35.

13. *Stamps for legal practitioners' licenses.*—The receipts from the sale of these stamps rose from Rs. 2,43,886 in 1932-33 to Rs. 2,55,350 in 1933-34 and to Rs. 2,65,014 in the last year of the triennium.

14. *Notarial stamps.*—These stamps were sold only in Calcutta and Chittagong during the triennium. The sale in the year 1934-35 amounted to Rs. 4,756 as compared with Rs. 4,314 and Rs. 5,497 in the two preceding years.

15. *Forms for agreements and contracts chargeable with two-anna coloured impressions.*—The revenue from this source, which is confined to Calcutta only, fell from Rs. 8,364 in 1932-33 to Rs. 7,685 in 1933-34, but in 1934-35 rose to Rs. 9,185.

16. *Forms for cheques and receipts.*—The revenue derived from the sale of these forms, which are stamped with one-anna coloured impressions, fell from Rs. 47,474 in 1932-33 to Rs. 45,674 in 1933-34, but it rose to Rs. 47,969 in the last year of the triennium.

17. *Miscellaneous receipts.*—The receipts under this head were mainly derived from the duty and penalty realised under sections 32, 35, 37, 40 and 41 of the Stamp Act, 1899. The income from these sources rose from Rs. 2,89,320 in the first year of the triennium to Rs. 4,75,125 in 1933-34 but fell to Rs. 3,71,296 in 1934-35. The bulk of the revenue under this head is contributed by Calcutta.

18. *Arrangement for the sale of stamps.*— * * * * *
 * * * * * The total number of vendors engaged in the sale of judicial and non-judicial stamps during the year 1934-35 was 4,259 against 4,608 and 4,905 in the previous two years. The expenditure on discount allowed to stamp vendors during 1934-35 was Rs. 2,78,573; this was an increase of Rs. 12,945 and Rs. 10,471, respectively, compared with the two previous years. The increase was due to the increased sale of non-judicial stamps. The average discount per vendor during the triennium under report was Rs. 59 against Rs. 56 in the preceding period.

19. *Punitive action of the Courts and revenue offices.*—* * * * *
 * * * * * The total number of cases dealt with by the Civil Courts increased from 1,356 in 1932-33 to 1,508 in 1933-34 and to 2,268 in the last year of the triennium. The duty and penalty realised by the Civil Courts also rose from Rs. 12,853 in 1932-33 to Rs. 13,018 in 1933-34 and to Rs. 21,724 in 1934-35. The number of cases dealt with by revenue offices rose from 1,789 in 1932-33 to 1,890 in 1933-34 and to 2,974 in the last year of the triennium. The amount of duty and penalty realised in these cases amounted to Rs. 51,234 in 1934-35 as compared with Rs. 2,04,468 and Rs. 52,502 in 1933-34 and 1932-33 respectively.

20. * * * * *
 * * * * * The number of cases instituted, as well as that of persons brought to trial during the triennium was as follows: four hundred and thirty cases involving 444 persons in 1932-33, 462 cases with 470 persons in 1933-34 and 383 cases with 424 persons in 1934-35. The fines imposed during the last year of the triennium amounted to Rs. 3,955 against Rs. 3,956 in 1933-34 and Rs. 4,712 in 1932-33. The amount paid in rewards in 1934-35 was Rs. 3,200, as compared with Rs. 2,392 and Rs. 2,747 in the two previous years, and it was almost confined to Calcutta to the exclusion of Rs. 5 only which was paid in the district of Bogra.

21. *Working of section 19H added to the Court-fees Act, VII of 1870, by Act XI of 1899.*— * * * * *

tion.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill, as the following notes will show, is to amend the Howrah Bridge Act, 1926, so as to clear certain ambiguities, to empower the Government of Bengal to cause to be levied for the purposes of that Act a tax on the annual rateable value of holdings within the Garden Reach Municipality, a tax on season tickets held by passengers travelling by the ferry service, to exempt the Howrah Bridge from municipal taxation in certain circumstances and to make certain alterations in the Act so as to conform to the provisions of the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah.

K. G. M. FAROQUI,

Member-in-charge.

The 30th June, 1935.

NOTES ON CLAUSES.

Clauses 2, 3, 6(a) and 8 of the Bill.—These amendments are designed to make it clear that the Commissioners can raise more than one loan for carrying out the works specified in clauses (a) and (b) of section 5 or for repaying any loan previously taken under the Act.

Clause 4 (3) of the Bill.—Section 8 of the Howrah Bridge Act, 1926, empowers the Local Government to cause to be levied a tax of not more than one half *per cent.* on the annual valuation of all lands and buildings within the Calcutta municipal area. The passing of the Garden Reach Municipality Act, 1932, makes it necessary to provide specifically for the area which has been excluded from the Calcutta municipal area and constituted a separate municipality under that Act. This clause proposes to give Government the power to cause to be levied a tax of not more than one quarter *per cent.* on the annual valuation of lands and buildings within the Garden Reach Municipality, as in the case of the other separate municipalities concerned.

Clauses 4 (4) and 4 (5) of the Bill.—Under section 8(v) of the Howrah Bridge Act, 1926, Government are empowered to cause to be levied a tax on single journey tickets held by passengers travelling by the ferry service, but there is no provision in the Act for the levy of a tax on season tickets. Clause 4(5) of the Bill proposes to make good the omission. Clause 4(4) is consequential on the abandonment by the Port Commissioners of their management of the ferry service.

Clause 9 of the Bill.—Government have been advised that the Howrah Bridge would be liable for assessment of municipal taxes under section 124 of the Calcutta Municipal Act, 1923, and also under the same section extended to the municipality of Howrah. The assets of the Howrah Bridge will not suffice for the payment of municipal taxes, which might amount to as much as Rs. 1½ lakhs per annum. Proposed section 18A is therefore intended to exempt the Bridge and its adjuncts from such taxation if no income is derived either by letting out to tenants or otherwise.

Other Clauses of the Bill.—The provision of the Calcutta Municipal Act, 1923, have been extended to the municipality of Howrah, and in consequence the corresponding provisions of the Bengal Municipal Act of 1884, which were in force in the municipality before, stand repealed. This necessitates the amendment of those clauses of the Howrah Bridge Act which refer to the Bengal Municipal Act as applicable to the Howrah municipality.
